F. O'Connor, 1969 **Mystery and manners** Flannery O'Connor, 1979 *Mystery and manners* Flannery O'Connor, 1972 *Mystery and Manners* Flannery O'Connor, 2014 At her death in 1964 O'Connor left behind a body of unpublished essays and lectures as well as a number of critical articles that had appeared in scattered publications during her too short lifetime The keen writings comprising *Mystery and Manners* selected and edited by O'Connor's lifelong friends Sally and Robert Fitzgerald are characterized by the directness and simplicity of the author's style a fine-tuned wit understated perspicacity and profound faith The book opens with *The King of the Birds* her famous account of raising peacocks at her home in Milledgeville Georgia *Flannery O'Connor* Harold Bloom, Sterling Professor of Humanities Harold Bloom, 2009 Presents a collection of critical essays on the works of Flannery O'Connor Approaches to Teaching the Works of Flannery O'Connor Robert Donahoo, Marshall Bruce Gentry, 2019-09-01 Offers pedagogical techniques for teaching the works of Flannery O'Connor including considerations of race whiteness class religion disability gender technology the environment and the post World War II period Gives syllabus suggestions for undergraduate and graduate courses in American literature Southern literature creative writing and women's studies Struggles Over the Word Timothy Paul Caron, 2000 This literary critical study counters the usual tendency to segregate Southern literature from African American literary studies Noting that William Faulkner and Flannery O'Connor are classified as Southern writers whereas Zora Neale Hurston and Richard Wright are considered black authors Timothy P. Caron argues for an integrated study of the South's literary culture He shows that the interaction of Southern religion and race binds these four writers together Caron broadens our understanding of Southern literature to include both white and African American voices Analyzing O'Connor's *Wise Blood* Faulkner's *Light in August* Hurston's *Moses, Man of the Mountain* and Wright's *Uncle Tom's Children* Caron shows that these writers share an intertwined concern for issues of race and religion These two significant components of Southern culture form the intertextual network that binds together such seemingly disparate texts These authors not only interact among themselves in acknowledged and unacknowledged ways but also with the South's discursive practices Most particularly Caron sees common struggles over the Word as he investigates how these writers use the Bible in their understandings of race and religion in the American South While all four authors argue for the centrality of the Bible in both the black and white Southern experience each offers a different view of how this iconic text has shaped Southern culture and its literature Three Catholic Writers of the Modern South, 1985
