Ancient Technology in Peru and Bolivia David Hatcher Childress, 2012-10-31 David Hatcher Childress popular Lost Cities author and star of the History Channel's long running show Ancient Aliens takes us to the mysterious ruins in the mountains of Peru and Bolivia in search of ancient technology and the secrets of megalith building In his new book packed with photos and diagrams Childress examines the amazing stonecutting at Puma Punku a site neighboring the ancient ruins of Tiwanaku near Lake Titicaca in Bolivia He looks at whether the so called Inca walls found in Cuzco and at other sites such as Sacsayhuaman Ollantaytambo and Machu Picchu were really made by the Incas The evidence seems to support the idea that they were actually constructed by a far older

culture Childress examines the megalithic construction and underground chambers of Chavin in the Cordillera Blanca of Peru possibly the oldest megalithic site in South America He also speculates on the existence of a sunken city in Lake Titicaca and reveals new evidence that the Sumerians may have arrived in South America over 4 000 years ago Childress demonstrates that the use of keystone cuts with metal clamps poured into them to secure megalithic construction was an advanced technology used all over the world from the Andes to Egypt Greece and Southeast Asia He maintains that only power tools could have made the intricate articulation and drill holes found in extremely hard granite and basalt blocks in Bolivia and Peru and that the megalith builders had to have had advanced methods for moving and stacking gigantic blocks of stone some weighing over 100 tons The incredible high tech world of South America is illuminated in the informative and breezy style for which Childress has always been known Chapters in the book include The Lost World of South America The Enigma of Ancient Technology Ancient Technology at Tiwanaku and Puma Punku The Sumerian Mining Complex at Tiwanaku Mysteries of Lake Titicaca and the Towers Ancient Technology in Cuzco The Megaliths of Ollantaytambo Did the Incas Build Machu Picchu and more
