A Muse and a Maze Peter Turchi,2014-11-11 With his characteristic talent for finding the connections between writing and the stuff of our lives most notably in his earlier hit *Maps of the Imagination* The Writer as Cartographer Peter Turchi ventures into new and even more surprising territory In *A Muse and a Maze* Turchi draws out the similarities between writing and puzzle making and its flip side puzzle solving He teases out how mystery lies at the heart of all storytelling And he uncovers the magic the creation of credible illusion that writers share with the likes of Houdini and master magicians In Turchi s associative narrative we learn about the history of puzzles their obsessive quality and that Benjamin Franklin was a devotee of an ancient precursor of sudoku called Magic Squares Applying this rich backdrop to the requirements of writing Turchi reveals as much about the human psyche as he does about the literary imagination and the creative process With the goal of giving writers new ways to think about their work and readers new ways to consider the books they encounter *A Muse and a Maze* suggests ways in which every piece of writing is a kind of puzzle The work argues that literary writing is defined at least in part by its embrace of mystery offers tangrams as a model for the presentation of complex characters compares a writer s relationship to his or her narrator to magicians and wizards offers the maze and the labyrinth as alternatives to the more common notion of the narrative line and concludes with a discussion of how readers and writers like puzzle solvers not only tolerate but find pleasure in difficulty While always balancing erudition with accessibility Turchi

examines the work of writers as various as A A Milne Dashiell Hammett Truman Capote Anton Chekhov Alison Bechdel F Scott Fitzgerald Antonya Nelson Vladimir Nabokov Charles D Ambrosio Michael Ondaatje Alice Munro Thomas Bernhard and Mark Twain elaborating and illuminating ways in which their works expand and deliver on the title s double entendre A Muse and a Maze With 100 images that range from movie stills from Citizen Kane and Butch Cassidy and the Sundance Kid to examples of sudokus crosswords and other puzzles from Norman Rockwell s famous triple self portrait to artwork by Charles Richie and from historical arcana to today s latest magic A Muse and a Maze offers prose exposition images text quotations and every available form of wisdom leading the reader step by step through passages from stories and novels to demonstrate with remarkable clarity how writers evolve their eventual creations
