Mystery Of Manna The Psychedelic Sacrament Of The Bible:

The Mystery of Manna Dan Merkur, 2000 Moses told the Israelites that after eating manna they would see the glory of God And indeed they did Dan Merkur posits that this event was an initiation into a psychedelic mystery cult that induced spiritual visions through eating bread containing psychoactive fungus This practice he reveals was a continuation of an ancient tradition of visionary mysticism **The Psychedelic Sacrament** Dan Merkur, 2001-08 In this companion work to *The Mystery of Manna* Dan Merkur sheds new light on the use of psychedelics in the Western mystery tradition He discusses certain teachings of Philo of Alexandria Rabbi Moses Maimonides and St Bernard of Clairvaux which refer to special meditations to be performed while partaking of the psychedelic sacrament **Alchemically Stoned - The Psychedelic Secret of Freemasonry** P.D. Newman, 2017-06-21 P D Newman's bold and daring theory provides a radical interpretation of Masonic symbolism In the tradition of Wasson Hofmann and Ruck in *The Road to Eleusis Unveiling the Secret of the Mysteries* 1978 and Heinrich's *Strange Fruit Alchemy Religion and Magical Foods* 1995 Newman suggests that practical psychoactive pharmacology rather than philosophy lies concealed in the root of some of our allegories and mysteries Admitting to being more than a mere theoretician Newman draws from his own personal experiences and a wide range of sources in presenting his theory in a logical manner which merits consideration Arturo De Hoyos 33 Grand Archivist and Grand Historian Ancient and Accepted Scottish Rite Southern Jurisdiction **High Culture** Christopher Partridge, 2018-06-01 Humans have always been fascinated by drugs and altered states Despite the risk of addiction many have used drugs as technologies to induce moments of meaning making transcendence Beginning at the close of the eighteenth century this book traces the quest for transcendence and meaning through drugs in the West through the modern period *Embodiment of Divine Knowledge in Early Judaism* Andrei A. Orlov, 2021-11-11 This book explores the early Jewish understanding of divine knowledge as divine presence which is embodied in major biblical exemplars such as Adam Enoch Jacob and Moses The study treats the concept of divine knowledge as the embodied divine presence in its full historical and interpretive complexity by tracing the theme through a broad variety of ancient Near Eastern and Jewish sources including Mesopotamian traditions of cultic statues creational narratives of the Hebrew Bible and later Jewish mystical testimonies Orlov demonstrates that some biblical and pseudepigraphical accounts postulate that the theophany expresses the unique corporeal nature of the deity that cannot be fully grasped or conveyed in some other non corporeal symbolism medium or language The divine presence requires another presence in order to be transmitted To be communicated properly and in its full measure the divine iconic knowledge must be written on a new living body which can hold the ineffable presence of God through a newly acquired ontology *Embodiment of Divine Knowledge in Early Judaism* will provide an invaluable research to students and scholars in a wide range of areas within Jewish Near Eastern and Biblical Studies as well as those studying religious elements of anthropology philosophy sociology psychology and gender studies Through the study of Jewish

mediatorial figures this book also elucidates the roots of early Christological developments making it attractive to Christian audiences *Blake. Wordsworth. Religion.* Jonathan Roberts,2011-01-13 A reassessment of Romantic religion and the structure of modern religious debate argued through the history of interpretation of Blake s and Wordsworth s religious visions *Seeking the Sacred with Psychoactive Substances* J. Harold Ellens,2014-10-28 Can drugs be used intelligently and responsibly to expand human consciousness and heighten spirituality This two volume work presents objective scientific information and personal stories aiming to answer the question The first of its kind this intriguing two volume set objectively reports on and assesses this modern psycho social movement in world culture the constructive medical use of entheogens and related mind altering substances Covering the use of substances such as ayahuasca cannabis LSD peyote and psilocybin the work seeks to illuminate the topic in a scholarly and scientific fashion so as to lift the typical division between those who are supporters of research and exploration of entheogens and those who are strongly opposed to any such experimentation altogether The volumes address the history and use of mind altering drugs in medical research and religious practice in the endeavor to expand and heighten spirituality and the sense of the divine providing unbiased coverage of the relevant arguments and controversies regarding the subject matter Chapters include examinations of how psychoactive agents are used to achieve altered states in Judaism Christianity Islam and Buddhism as well as in the rituals of shamanism and other less widely known faiths This highly readable work will appeal to everyone from high school students to seasoned professors in both the secular world and in devoted church groups and religious colleges *Divine Scapegoats* Andrei A. Orlov,2015-02-10 Divine Scapegoats is a wide ranging exploration of the parallels between the heavenly and the demonic in early Jewish apocalyptic accounts In these materials antagonists often mirror features of angelic figures and even those of the Deity himself an inverse correspondence that implies a belief that the demonic realm is maintained by imitating divine reality Andrei A Orlov examines the sacerdotal messianic and creational aspects of this mimetic imagery focusing primarily on two texts from the Slavonic pseudepigrapha 2 Enoch and the Apocalypse of Abraham These two works are part of a very special cluster of Jewish apocalyptic texts that exhibit features not only of the apocalyptic worldview but also of the symbolic universe of early Jewish mysticism The Yom Kippur ritual in the Apocalypse of Abraham the divine light and darkness of 2 Enoch and the similarity of mimetic motifs to later developments in the Zohar are of particular importance in Orlov s consideration **Yahoel and Metatron** Andrei A. Orlov,2017-08-17 In this work Andrei A Orlov examines the apocalyptic profile of the angel Yahoel as the mediator of the divine Name demonstrating its formative influence not only on rabbinic and Hekhalot beliefs concerning the supreme angel Metatron but also on the unique aural ideology of early Jewish mystical accounts Back of dust jacket *Spiritual Tattoo* John A. Rush,2005-03-17 Say body modifications and most people think of tattoos and piercings They associate these mainly with the urban primitives of the 1980s to today and with primitive tribes In fact as this fascinating book shows body mods have been on the scene since ancient times traceable as far back as 1.5 million

years and they also encompass sacrifice branding and implants Professor John Rush outlines the processes and procedures of these radical physical alterations showing their function as rites of passage group identifiers and mechanisms of social control He explores the use of pain for spiritual purposes such as purging sin and guilt and examines the phenomenon of accidental cuts and punctures as individual events with sometimes profound implications for group survival Spiritual Tattoo finds a remarkable consistency in body modifications from prehistory to the present suggesting the importance of the body as a sacred geography from both social and psychological points of view
