Mystic Mind:

The Mystic Mind Jerome Kroll, Bernard Bachrach, 2006-06-01 A fascinating collaboration between a medieval historian and a professor of psychiatry this enthralling book applies modern biological and psychological research findings to the lives of medieval mystics and ascetics Drawing upon a database of over 1 400 medieval holy persons and in depth studies of individual saints this illuminating study examines the relationship between medieval mystical experiences the religious practices of mortification laceration of the flesh sleep deprivation and extreme starvation and how these actions produced altered states of consciousness and brain function in the heroic ascetics Examining and disputing much contemporary writing about the political and gender motivations in the medieval quest for a closeness with God this is essential reading for anyone with an interest in medieval religion or the effects of self injurious behaviour on the mind The Mystic Mind: Exploring Consciousness Beyond the Physical Pasquale De Marco, 2025-07-16 In this groundbreaking exploration of consciousness we journey into the depths of the human mind to unravel the mysteries of our subjective experience From the enigma of self awareness to the interconnectedness of all things we embark on a quest to understand the nature of reality itself Drawing on the latest scientific research ancient wisdom traditions and personal narratives this book offers a comprehensive exploration of consciousness from multiple perspectives We delve into altered states of consciousness explore the healing power of mindfulness and investigate the possibility of a collective consciousness Moving beyond the individual we explore the relationship between consciousness and the cosmos pondering the nature of consciousness in the universe and the potential for a cosmic consciousness We also consider the ethical and philosophical implications of consciousness research as we navigate the uncharted territories of this new frontier With profound insights and thought provoking questions this book challenges our conventional understanding of reality It reveals that consciousness is not merely a product of the brain but rather a fundamental aspect of the universe itself This book is an essential read for anyone seeking to understand the nature of consciousness explore the depths of their own mind and discover the interconnectedness of all things It is a journey of self discovery a quest for meaning and an invitation to expand our understanding of the universe we inhabit If you like this book write a review **Mind**, 1900 A Modern Mystic's Guide to Creating a Better Future. Life is a Story - Story.one Klara Foldys, 2023-08-30 **The Mystic Mind** Crystal Love, 2004 Drawing on previously unpublished as well as newly discovered scientific data this crucial work provides proof that the supernatural exists in everyday life Arguing that mainstream scientists have imposed parameters on the human mind this revolutionary book presents a case for why unexplained mystical and supernatural events need to be seriously examined Providing parallels between modern science religion and a variety of healing modalities it provides evidence for the truths of telepathy out of body and near death experiences reincarnation hypnosis astrology and hands on healing Appealing to both believers and the skeptics the evidence forces a rethinking of supernatural phenomena and offers research the mainstream scientific community cannot deny **The Magic Mystics**
