The Mystical Theology of St. Bernard ... Translated by A.H.C. Downes** Étienne Henry GILSON, Alfred Howard Campbell DOWNES, 1940 *The Mystical Theology of Saint Bernard, by Etienne Gilson,...* Translated by A. H. C. Downes Étienne Gilson, 1955 Movements of the Love of God in Saint Bernard's Mystical Theology Thomas Philip Faase, 1971 The Cistercian Fathers and Their Monastic Theology Thomas Merton, 2016 These conferences presented by Thomas Merton to the novices at the Abbey of Gethsemani in 1963 1964 focus mainly on the life and writings of his great Cistercian predecessor St Bernard of Clairvaux 1090 1153 Guiding his students through Bernard's Marian sermons his treatise *On the Love of God* his controversy with Peter Abelard and above all his great series of sermons on the Song of Songs Merton reveals why Bernard was the major religious and cultural figure in Europe during the first half of the twelfth century and why he has remained one of the most influential spiritual theologians of Western Christianity from his own day until the present As James Finley writes in his preface to this volume Merton is teaching us in these notes how to be grateful and amazed that the ancient wisdom that shimmers and shines in the eloquent and beautiful things that mystics say is now flowing in our sincere desire to learn from God how to find our way to God *Western Mysticism* Dom Cuthbert Butler, 2012-04-19 Extracts from the writings of three of Western Christianity's most revered teachers of mystical theology express what they themselves wrote and thought about their mysticism **The Concept of Freedom in the Writings of St. Francis de Sales** Eunan McDonnell, 2009 Through the examination of the concept of freedom in the writings of St Francis de Sales the author concludes that in contradistinction to a contemporary understanding of freedom perceived as self-determination a Salesian understanding privileges freedom's relationship to the good This situates St Francis de Sales in the classical Thomistic tradition of freedom's necessary relationship to the good but involves a methodological shift as he employs the Renaissance starting point of the turn to the subject This study demonstrates how St Francis arrives inductively at what St Thomas demonstrated deductively namely the essential relationship of freedom to the good Along with this Thomistic influence the author analyses the Salesian indebtedness to Augustinian anthropology which explains the primacy

St Francis gives to the will and consequently to love Love understood as the heart's movement towards the good allows the Salesian approach to move beyond the confines of a traditional faculty psychology to embrace a more biblical understanding of the human person This examination of love's relationship to freedom reveals their teleological and archaeological natures coming back to our origins wherein we discover the source of our freedom bestowed on us as a gift from God Alone of All Her Sex Marina Warner, 2016 This unique study of the cult of the Virgin Mary offers a way of thinking about the interrelations of Catholicism and ideas of ideal femininity over the longue durée **Western Mysticism** Butler, 2012-10-12 A renewed interest in the spiritual with an increasing number of people today wishing to incorporate the contemplative in their active lives prompts the reissue of this classic work a doctrine that is at once elevated and practical The writings are meant to be studied from three distinct points of view religious philosophy material for the study of those states between mind and body such as ecstasy and trance and for the sake of their mysticism Drawn from the writings and teachings of Saint Augustine Saint Gregory and Saint Bernard the writings form a coordinated body of doctrine with what three great teachers of mystical theology in the Western Church have written concerning their own religious experience and the theories they based on it In addition the book discusses such important topics as speculative contemplation what mysticism is the characteristics of Western mysticism the practical and the contrasts between the contemplative and active lives No student of mysticism can possibly afford to neglect a volume so full of valuable suggestions and real insight into spiritual conditions The Way of Divine Union Arthur Edward Waite, 1915 The American Ecclesiastical Review Herman Joseph Heuser, 1940 **Honey and Salt** St. Bernard, 2007-05-01 Bernard of Clairvaux the twelfth century monk who wrote that Jesus is honey in the mouth melody in the ear a cry of joy in the heart was both a mystic and a reformer His writings reveal a mystical theology that Thomas Merton a monastic heir to Bernard's Cistercian reform says explains what it means to be united to God in Christ but also shows the meaning of the whole economy of our redemption in Christ Critical of the monastic opulence of his times Bernard exhorted his monks to consider that Salt with hunger is seasoning enough for a man living soberly and wisely Martin Luther believed that Bernard was the best monk that ever lived whom I admire beyond all the rest put together Bernard's zeal and charisma led to the reform of Christian life in medieval Europe Today it is reported that Pope Benedict XVI keeps Bernard's treatise Advice to a Pope close at hand for spiritual support Honey and Salt is an original selection for the general reader of Bernard's sermons treatises and letters *A Legacy of Preaching: Two-Volume Set---Apostles to the Present Day* Zondervan, 2018-12-11 A Legacy of Preaching Two Volume Set Apostles to the Present Day explores the history and development of preaching through a biographical and theological examination of its most important preachers Instead of teaching the history of preaching from the perspective of movements and eras each contributor tells the story of a particular preacher in history allowing these preachers from the past to come alive and instruct us through their lives theologies and methods of preaching Each chapter introduces readers to a key figure in the history of preaching

followed by an analysis of the theological views that shaped their preaching their methodology of sermon preparation and delivery and an appraisal of the significant contributions they have made to the history of preaching This diverse collection of familiar and lesser known individuals provides a detailed and fascinating look at what it has meant to communicate the gospel over the past two thousand years By looking at how the gospel has been communicated over time and across different cultures pastors scholars and homiletics students can enrich their own understanding and practice of preaching for application today Volume One covers the period from the apostles to the Puritans and profiles thirty preachers including Origen of Alexandria by Stephen O Presley John Chrysostom by Paul A Hartog Augustine of Hippo by Edward L Smither Gregory the Great by W Brian Shelton Bernard of Clairvaux by Elizabeth Hoare Francis of Assisi by Timothy D Holder Saint Bonaventure by G R Evans Meister Eckhart by Daniel Farca John Huss by Mark A Howell Martin Luther by Robert Kolb John Calvin by Anthony N S Lane Jonathan Edwards by Gerald R McDermott John Wesley by Michael Pasquarello III George Whitefield by Bill Curtis and Timothy McKnight and many more Volume Two covers the period from the Enlightenment to the present day and profiles thirty one preachers including Catherine Booth by Roger J Green Charles Haddon Spurgeon by Thomas J Nettles Henry Ward Beecher by Michael Duduit John Albert Broadus by Hershael W York D L Moody by Gregg L Quiggle Billy Sunday by Kristopher K Barnett Karl Barth by William H Willimon Dietrich Bonhoeffer by Keith W Clements D Martyn Lloyd Jones by Carl Trueman John Stott by Greg R Scharf Harry Emerson Fosdick by Dwayne Milioni Aimee Semple McPherson by Aaron Friesen Gardner C Taylor by Alfonza W Fulwood and Robert Smith Jr Billy Graham by John N Akers Martin Luther King Jr by Alfonza W Fulwood Dennis R McDonald and Anil Sook Deo J I Packer by Leland Ryken and Benjamin Hernandez and many more

Atonement, Christology and the Trinity Vincent Brummer, 2020-10-07 For many believers today the doctrines of Atonement Christology and the Trinity seem like puzzling constructions produced by academic theologians They are cast in unintelligible forms of thought derived from Platonism or from feudal society and for many their existential relevance for life today remains unclear This book introduces these doctrines and proposes a reinterpretation in the light of the claim of many Christian mystics that ultimate happiness is to be found in enjoying the loving fellowship of God This claim is a matrix of faith in terms of which these doctrines are shown to be relevant for the life of faith of believers today Furthermore since this matrix can be defended within all three Abrahamic traditions Judaism Christianity and Islam the proposed understanding of these doctrines can also contribute usefully to the necessary dialogue between these traditions in a globalised world
