Mysticism In World Religion:

Mysticism in World Religion Sidney Spencer, 1966 **Mystical Experience and Religious Doctrine** Philip C. Almond, 2015-02-06 No detailed description available for Mystical Experience and Religious Doctrine **Mysticism in the World's Religions** Geoffrey Parrinder, 1976 **World Religions & Cults Volume 2** Bodie Hodge, Roger Patterson, 2016-05-02 Religions of the Far East like Hinduism Buddhism and New Age have been gaining a foothold in the Western world We even see witchcraft on the rise and paganism infiltrating the minds of the next generation even in Christian homes Why is that How can a Christian respond We already know how the one true God has responded and in this title you will learn How a Christian can effectively witness for Christ How to refute these false religions What it truly is that these religions teach and why The Christ follower should be set at ease knowing that all other gods are false as the all knowing God of Scripture has revealed that He is the only God Therefore this volume dives into these styles of religions and looks at their origins and their basic tenets as well as why they fall so short Understanding the basic tenets of these religions helps the Bible believer see the flaws in these philosophies In this way one can better discern how to be an effective witness for Jesus Christ while standing on the authority of the Bible *Mysticism in the World's Religions* Edward Geoffrey Parrinder, 1976 *God Has One Eye* John Mabry, 2006-12-01 Mystics are not popular amongst the orthodox of any religion In fact almost every one of the religious leaders who founded world religions began their careers as mystics who spoke about what they had seen and were promptly declared heretics Just think of the Buddha of Jesus or of Muhammad All of them were heretics all of them were mystics and all of them changed the way we view reality Once the mystical vision hits you you realize that everything you thought you were is a lie that the universe you thought you were living in is gone and that all the rules and structures by which you ordered your life are meaningless It is disorienting and painful There is no lazy man's path to enlightenment because once enlightenment hits the lazy man no longer exists and the luminous being which has taken his place is beyond recognition even to himself **Pagan Mysticism** Michael York, 2018-12-10 As a non dogmatic religion paganism is a spirituality that is variously interpreted in terms of nature worship this worldliness the valuing of the physical and multiple understandings of the sacred Like most religions pagan spirituality also entertains the experience of mystical ecstasy as an intense state of psycho spiritual consciousness that radically diverges from ordinary waking awareness This volume addresses two fundamental questions namely how do the world's religions understand the mystical and its pursuit and how and why does paganism offer something different Proverbially the mystical quest is an ultimate human endeavour The re emergence of pagan thought in contemporary times challenges the obsolete and unlocks both innovation and available forms of transpersonal emancipation **Mysticism and the Spiritual Quest** Phyllis Zagano, 2013 A crosscultural exploration of the meanings definitions practices and common themes of mysticism via a study of original texts in translation from different parts of the world It brings together the writings of the mystics from Christianity Judaism Islam Buddhism

Hinduism Taoism and Confucianism in one volume

Mysticism in World Religion (Classic Reprint) Sidney

Spencer, 2016-10-05 Excerpt from *Mysticism in World Religion* Among primitive peoples the greatest significance is attached to the experience of ecstasy and trance as a means of contact with the unseen The utterance of a man in trance is commonly held to emanate from the spirits of the dead the primitive seer or prophet stands midway between the mystic and the The phase Of religion which centres in the work of the inspired prophet or seer is known as shamanism from the word shaman used among the Tunguses Of Central and Eastern Siberia the same type Of religion is found among the Eskimo the Australians and many tribes Of North and South America The shaman has to undergo a lengthy training he prepares him self for his work by fasting and solitude He receives instruction from an Old shaman who teaches him the lore of spirits He is Often a man of psychic abnormality but it is significant that his trouble is cured by the exercise Of his arts He acts as healer rain maker diviner and exorcist purifying a house where death has occurred by driving away the ghost He is not a mere medium he sees the spirits and enters into communication with them but he is not their passive instrument Rather is he their master he controls the powers through which he works Yet he is not typically proud or overbearing Among the Yakuts Of Siberia it is said that While the shaman must be possessed of inner strength he must not be presumptuous In his Study of Shamanism Eliade has shown that its characteristic feature is ecstasy and that in this experience the belief in Spirit possession is in reality secondary and derivative and not primary From ancient times he says the religion of Central Asia was marked by the worship of a supreme sky god but in course of time this belief became progressively less significant it was replaced by the cult Of ancestral spirits and other beings As a result the belief in spirit possession was introduced The primary and fundamental aspect of mstasy is the ascent of the soul of the shaman to Heaven Where it enters into communion with the divine Even when the notion of spirit possession was introduced it did not entirely displace the earlier symbolism the ascent to Heaven remained About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
