Mysticism and Alchemy through the Ages Gary Edson, 2012-09-14 An in depth look into the foundations of mysticism and alchemy this book describes both physical and spiritual aspects of the various theories and practices of transformation with attention to the beliefs of Buddhism Christianity Hinduism Islam Judaism Sufism Tantrism Taoism and Yoga The connection between early mystical pursuits and the development of alchemy from ancient China India and Egypt through Moorish Spain and into Latin Europe are illuminated along with the activities of early alchemists The book which is heavily illustrated describes the beliefs experiments and secret messages that drew the believers and dreamers of the world together in search of wealth and immortality

The Influence of Mysticism on 20th Century British and American Literature David Garrett Izzo, 2014-11-01 This volume discusses the relationships between the philosophy of Mysticism which traces its lineage back into prehistory with that of the world of more traditional philosophy and literature The author argues for the centrality of mysticism's role in the philosophical and artistic development of western culture The connections between these worlds are underscored as the author examines the works of Heraclitus Schopenhauer Nietzsche Iris Murdoch Yeats George Russell T S Eliot Joyce Woolf Auden Huxley Lessing Gabriel Garcia Marquez and Tony Kushner among others

Mystical Symbolism and the Posthuman in the 20th and 21st Century Poetic Voice of Ana Rossetti Robert Simon, 2023-05-15 This study spanning c 1980 to 2016 offers an alternative critical perspective of the poetic works of the acclaimed Spanish poet Ana Rossetti At its core it explores the presence of Posthumanism and the mystical in late 20th and early 21st Century Iberian poetics and more specifically how Rossetti's more recent poetry expresses the same tendency toward a transcultural and posthuman model that is simultaneously essentialist and deconstructive The book examines modern Iberian mysticism as found in the works of such authors as Blanca Andreu Clara Jan s and Joaquim Pessoa Verg lio Alberto Vieira among others Such poetic works establish themselves within a unique framework of mystical illumination which itself incorporates elements of late postmodern deconstruction and more recently a criticism of the posthuman condition as analyzed in critical works on the subject

Elliot R. Wolfson: Poetic Thinking Hava Tirosh-Samuelson, Aaron W. Hughes, 2015-03-20 Elliot R. Wolfson is Professor of Religious Studies and the Marsha and Jay Glazer Chair of Jewish Studies at the University of California Santa Barbara A scholar of Jewish mysticism and philosophy he uses the textual sources of Judaism to examine universal philosophical topics such as the function and processes of the imagination the paradoxes of temporality and the mystery of poetic language Working at the intersection of disciplines and refusing to reduce texts to their simple historical contexts Wolfson puts texts spanning diverse temporal cultural and religious periods in creative counterpoint His sensitivity to language reveals its fragility as it simultaneously points to the uncertainty of meaning The result is a creative reading of both Judaism and philosophy that informs and is informed by poetic sensibility and philosophical hermeneutics

Collins, 2008-12-01 A Shamanic Pneumatology in a Mystical Age of Sacred Sustainability Jojo M. Fung, 2017-07-17 This book represents a germinal effort that urges all religious and world leaders to savor the mystical spirituality especially the cosmology and spirituality of sacred sustainability of the indigenous peoples The power of indigenous spirit world is harnessed for the common good of the indigenous communities and the regenerative power of mother earth This everyday mysticism of the world as spirited and sacred serves to re enchant a world disillusioned by the unsustainability of destructive economic systems that have spawned the current ecological crises Author Jojo Fung offers insight from his lived experience and this book represents his effort to correlate the indigenous spirit world with Catholic Pneumatology and articulate the activity of God's Spirit as the Spirit of Sacred Sustainability **Ritual, Myth, and Mysticism in the Work of Mary Butts** Foy Roslyn, Roslyn Reso Foy, 2000-01-01 Mary Butts wrote and lived among notable modernist writers such as T S Eliot Ford Madox Ford Jean Cocteau H D and Ezra Pound and was on her way to becoming one of the most respected British female writers of the twentieth century Yet after her death in 1937 at the age of forty six her

reputation suffered a decline Butt s idiosyncratic spirituality did not lend itself to easy critical examination modernism was generally considered a masculine endeavor and her papers were not made public for over fifty years The recent acquisition of those papers by the Beinecke Library at Yale University however has brought about a resurgence of interest in her unique writings Mary Butts confronts and reinterprets reality in extraordinary ways and her modernist vision recalls the natural origins and powers of the female divine Her intense dedication to ancient rites and myth and her dabbling in the occult became embedded in her fiction and led to her own brand of mysticism Indeed the Butts heroine is at once healer sacred priestess earth goddess lover and daimon demon In presenting her characters this way Butts valorizes what she calls the soul living at its fullest capacity Roslyn Reso Foy gives us the first sustained critical study of Butts exploring the significance of feminism mysticism and magic in her life and writings Foy s thoughtful analysis combining scholarship with straightforward discussion will serve as an introduction to and foundation for further critical studies of this remarkable female modernist whose work coincides with contemporary concerns and who can no longer be ignored
