Roslyn Wallach Bologh

Mysticism And The Experience Of Love:

Mysticism and the Experience of Love Howard Thurman, 1979 **Mysticism and the Experience of Love** Howard Thurman, 1961 **Howard Thurman's Philosophical Mysticism** Anthony Sean Neal, 2019-01-02 African American Philosophy and African American Philosophers have played a central role in understanding and also shaping what it means to be black in America Some of their conclusions were reactions to the mistreatment they received from the majority population but other of their conclusions were extensions and or novel positions taken with a view through past perceptual lenses Yet with the mass exodus of black students from HBCU s after the civil rights era many of the important figures and their inquiries have been little or poorly studied The significance of this work is found in its attempt to grapple with one such seminal figure his memory of his ancestors and the education he received from Morehouse College in the Atlanta University Center all of which formed the roots of the ideas he later produced Howard Thurman former Dean of Marsh Chapel at Boston University and mentor to figures such as Martin Luther King Jr left quite a large ideological footprint however just as others of his milieu his ideas have been largely overlooked Thurman s deep rooted knowledge of black culture particularly black religious ideas as they existed during the period of African enslavement in the United States and as they were exhibited in the Negro Spirituals shaped his thinking and allowed him to produce a body of work grounded in the musings and traditions of his ancestors This volume investigates forms an analysis and even critiques Thurman s work such that others can benefit from the profundity of his thoughts while also taking note of their relevance for today s philosophers concerned with humanity **The Mysticism of Ordinary and Extraordinary Experience** Harry L. Serio, 2021-04-12 We are so much more than we appear to be The why of our existence is far more complex than the how of our being Mysticism probes the hidden nature of who we are why we are and our relationship to our Creator We catch glimpses of this not only in the ordinary experiences of life but also through extraordinary and unusual encounters with mystery Mysticism is the awareness of our reality **Love Or Greatness (Routledge Revivals)** Roslyn Wallach Bologh, 2009-12-15 This work first published in 1990 reissues the first thorough examination of the essentially masculine nature of Max Weber s social and political thinking Through a detailed examination of his central texts the author demonstrates Weber s masculine reading of social life and shows how his work advocates a masculine form of life that poses a challenge to contemporary women and to feminism In particular she addresses the patriarchal implications of Weber s belief in the need to relegate the ethic of brotherly love to a private sphere in order to make possible rational action and the achievement of greatness in the public sphere **Philosophy and Theistic Mysticism of the Ālvārs** S. M. Srinivasa Chari, 1997-01-01 The Buddhist monk Upagupta who preached and taught meditative practices in Northwest India over two thousand years ago is venerated today by the laity in parts of Burma Thailand and Laos as a protective figure endowed with magical powers The author demonstrates a remarkable continuity among traditions focused on Upagupta in ancient Sarvastivadin Sanskrit materials key Pali texts

medieval Thai and Burmese texts and rituals in Southeast Asia In so doing he reflects the orientation of popular Sanskrit Hinayana Buddhism which allows for new perspectives on such classic questions as the nature of enlightenment the evil the worship of the Buddha image the veneration of saints master disciple relationships the treatment of heterodoxy and the relation of myth and ritual

108 Mystics Carl McColman, 2017-01-03 This is a user friendly and potentially life changing introduction to the wisdom teachings of 108 of the greatest mystics in the Western tradition McColman's premise is that we all need teachers and companions to assist us in developing rich interior lives It celebrates the universal power and wisdom of the teachings of the mystics highlighting the ways in which their words can help anyone find greater love purpose and a deeper sense of God's presence McColman organizes the mystics into nine categories visionaries confessors lovers poets saints heretics wisdom keepers soul friends and unitives and he covers a wide range of mystics including Martin Luther King Hildegard of Bingen Julian of Norwich Dag Hammarskjöld and C S Lewis plus Evelyn Underhill Simone Weil Thomas Merton and Bede Griffiths

Process Mysticism Daniel A. Dombrowski, 2023-01-01 Process Mysticism uses the process philosophies of Charles Hartshorne Alfred North Whitehead and Henri Bergson to explore mystical religious experiences The aim is not so much to demonstrate that such experiences are true or veridical as it is to understand in a William Jamesian fashion how they could be possible and not contradict the concept of God held by philosophers and theologians Divine world inclusiveness ideal power and tragedy the ontological argument asceticism and the via negativa divine visions and voices and the aesthetics and ethics of mysticism are all treated in detail The book is ecumenical in that it is meant to illuminate mystical experiences as they occur around the world in different religious traditions but the author is especially familiar with those in the Abrahamic religions Mysticism can refer to either direct experience of God or the claim that such experience is ineffable and both senses of the term are carefully analyzed in the book

Western Mysticism Cuthbert Butler, 1924

The Journal of Philosophy, Psychology and Scientific Methods, 1920
