Gender and Power in Indonesian Islam Bianca J. Smith,Mark Woodward,2013-09-23 The traditional Islamic boarding schools known as pesantren are crucial centres of Muslim learning and culture within Indonesia but their cultural significance has been underexplored This book is the first to explore understandings of gender and Islam in pesantren and Sufi orders in Indonesia By considering these distinct but related Muslim gender cultures in Java Lombok and Aceh the book examines the broader function of pesantren as a force for both redefining existing modes of Muslim subjectivity and cultivating new ones It demonstrates how as Muslim women rise to positions of power and authority in this patriarchal domain they challenge and negotiate normative Muslim patriarchy while establishing their own Muslim authenticity The book goes on to question the comparison of Indonesian Islam with the Arab Middle East challenging the adoption of expatriate and diasporic Middle Eastern Muslim feminist discourses and secular western feminist analyses in Indonesian contexts Based on extensive fieldwork the book explores configurations of female leadership power feminisms and sexuality to reveal multiple Muslim selves in pesantren and Sufi orders not only as centres of learning but also as social spaces in which the interplay of gender politics status power and piety shape the course of life [Javanese Culture and the Meanings of Locality](#) Bagoes Wiryomartono,2016-07-13 Javanese Culture and the Meanings of Locality Studies on the Arts Urbanism Polity and Society is an examination of the social and cultural geography of Java This book penetrates and surveys the Javanese world and examines the traditions customs arts urban habitation polity history and belief systems of people who speak the Javanese language and live on Java Island in the Indonesian archipelago A primary focus in these essays is to analyze the meanings of
