Olson, 1980 **The Middle Voice in Gadamer's Hermeneutics** Philippe Eberhard, 2004 Revised thesis Ph D University of Chicago Divinity School Chicago 2002 **Paul Ricoeur** Frans D. Vansina, 2000 Already more than sixty years Paul Ricoeur enriches the international philosophical patrimony with an astonishing number of highly technical books and enlightening reflections on actual problems and situations To serve the community of researchers in philosophy I have already published two systematic bibliographies of and on Ricoeur in 1985 and 1995 Encouraged by friends and colleagues I present now another updated bibliography as exhaustive as possible

Hermeneutics and Method Ivo Coelho, 2001-01-01 Using the Thomist notion of wisdom as a key for interpretation Coelho traces the flowering of the universal viewpoint into a mature theological method one that holds out the hope of an effective transcultural mediation of meanings and values **Leo Strauss and Judaism** David Novak, 1996 This collection of original essays by prominent scholars of political philosophy analyzes Leo Strauss's thoughts concerning the relationship between revelation and reason within the context of Jewish religion and thought Unlike other edited collections about Strauss the contributors to *Leo Strauss and Judaism* Jerusalem and Athens Critically Revisited examine their subject using a wide range of ideological and methodological approaches arriving at a variety of conclusions many of which are controversial This book will be of interest to students and scholars of Leo Strauss Jewish philosophy and political theory **Spiritual Formation as the Hero's Journey in John of Ruusbroec** Robert Pelfrey, 2022-04-07 This book examines the theology of spiritual formation developed by fourteenth century Flemish mystic John of Ruusbroec arguing that his formational path clearly and consistently displays the characteristics of the archetypal narrative structure of the hero's journey To start with a hermeneutical dialogue between scholars of the hero's journey and Ruusbroec is established employing the work of Hans Georg Gadamer The author then examines the stages and tropes of the hero's journey according to Vladimir Propp Joseph Campbell Northrop Frye Ren Girard Dean Miller and others exploring the parallels in Ruusbroec's writing and theology of spiritual formation The book follows Ruusbroec's story of answering the divine call journeying inward and experiencing the trials of spiritual transformation attaining the treasure of divine union and returning in loving service to others Finally the ramifications of the argument for the interpretation and application of other mystical and heroic narratives are considered Offering a new perspective on John of Ruusbroec mystical theology and the hero's journey as a spiritual quest this volume will be of interest to scholars of mysticism theology formative spirituality narrative theory and religious literature of the Low Countries **Speculative Fictions** Herb Wylie, 2002-02-18 Herb Wylie provides a comparative analysis of the historical concerns and textual strategies of twenty novels published since the appearance of Rudy Wiebe's groundbreaking *The Temptations of Big Bear* in 1973 Drawing on the work of theorists and critics such as Hayden White Mikhail Bakhtin Fredric Jameson Linda Hutcheon and Michel De Certeau *Speculative Fictions* examines the nature of these novels engagement with

Canadian history historiography and the writing of historical fiction In the 1970s and early 1980s writers such as Wiebe Joy Kogawa and Timothy Findley set the stage for a predominantly postcolonial and postmodern interrogation of traditional conceptions of Canadian history the writing of history and fiction and the idea of nation Through his comparative approach Wylie emphasizes the ways in which this spirit has been sustained in more recent historical novels by Jane Urquhart Guy Vanderhaeghe Tom Wharton Margaret Atwood and others He concludes that the writing of history in English Canadian fiction over the last thirty years makes a substantial contribution to a revisioning of history and to a postcolonial renegotiation of Canada and Canadian society as we enter into a new century Philosophical and Theological Papers, 1965-1980 Bernard Lonergan, 2004-06-02 A companion to Philosophical and Theological Papers 1958 1964 Volume 6 in the Collected Works of Bernard Lonergan series this anthology contains Lonergan's lectures on philosophy and theology given during the later period of his life 1965 1980 These papers document his development in the discipline during the years leading up to the publication of *Method in Theology* and beyond to 1980 when he was more engaged in his writings and seminars on macroeconomics Philosophical and Theological Papers 1965 1980 is divided into five sections forming units on the basis of dates The three central sections are each a set of lectures respectively given at the Massachusetts Institute of Technology Gonzaga University in Spokane and Trinity College University of Toronto Although there is some repetition amongst the lecture sets and in relation to other more familiar works this repetition displays occasional new turns of phrase that the careful reader will note In at least one instance familiar material suddenly opens out onto expressions not to be found anywhere else in Lonergan's work Other very interesting developments regard the movement from speaking of the immutability of dogmas to their permanence of meaning and the permutations among real self transcendence performative self transcendence and moral self transcendence **Constructing Paul** Luke Timothy Johnson, 2020-03-05 First of a two volume work providing a framework for understanding the life and thought of the apostle Paul In this methodological tour de force Luke Timothy Johnson offers an articulate clear and thought provoking portrait of the life and thought of the apostle Paul Drawing upon recent developments in the study of Paul Johnson offers readers an invitation to the Apostle Paul Rather than focusing on a few of Paul's letters Johnson lays out the materials necessary to envision the apostle from the thirteen canonical letters of Paul and the Acts of the Apostles Constructing Paul thus provides a framework within which an engagement with Paul's letters can take place Johnson demonstrates the possibility of doing responsible and creative work across the canonical collection without sacrificing literary or historical integrity By bringing out the facets of the apostle from the canonical evidence Johnson shows the possibilities for further and better inquiry into the life and thought of Paul This first volume imagines a plausible biography for Paul and serves as an introduction to the studies in the second volume Constructing Paul addresses all the pertinent questions related to the study of Paul Johnson uses the canonical material as building blocks to make a case for why Paul ought to be heard today as a liberating rather than oppressing voice

Philosophical and Theological Papers, 1965-1980 Bernard J. F. Lonergan, 2004-01-01 This anthology contains Lonergan's lectures on philosophy and theology given during the later period of his life 1965-1980 and document his development in the discipline during the years leading up to the publication of *Method in Theology* and beyond to 1980
