Myth Of The Bad Mother:

The Myth of the Bad Mother Jane Swigart, 1992-05 The New Don't Blame Mother Paula Caplan, 2002-06 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company Jet, 1986-05-19 The weekly source of African American political and entertainment news **Bad Mothers: Regulations, Represetatives and Resistance** Hughes Michelle Miller, 2017-03-01 While the image or construct of the good mother has been the focus of many research projects the bad mother as a discursive construct and also mothers who do bad things as complicated agentic social actors have been quite neglected despite the prevalence of the image of the bad mother across late modern societies The few researchers who address this powerful social image point out that bad mothers are culturally identified by what they do yet they are also socially recognized by who they are Mothers become potentially bad when they behave or express opinions that diverge from or challenge social or gender norms or when they deviate from mainstream white middle class heterosexual nondisabled normativity When suspected of being bad mothers women are surveilled and may be disciplined punished or otherwise excluded by various official agents i e legal medical and welfare institutions as well as by their relatives friends and communities Too often women are judged and punished without clear evidence that they are neglecting or abusing their children Frequently they are blamed for the marginal sociocultural context in which they are mothering This anthology presents empirical theoretical and creative works that address the construct of the bad mother and the lived realities of mothers labeled as bad Throughout the volume the editors consider voices and acts of resistance to bad mother constructions demonstrating that mothers across time and across domains have individually and collectively taken a stand against this destructive label The Mother Blame Game Vanessa Reimer, 2015-11-01 The Mother Blame Game is an interdisciplinary and intersectional examination of the phenomenon of mother blame in the twenty first century As the socioeconomic and cultural expectations of what constitutes good motherhood grow continually narrow and exclusionary mothers are demonized and stigmatized perhaps now more than ever for all that is perceived to go wrong in their children s lives This anthology brings together creative and scholarly contributions from feminist academics and activists alike to provide a dynamic study of the many varied ways in which mothers are blamed and shamed for their maternal practice Importantly it also considers how mothers resist these ideologies by engaging in empowered and feminist mothering practices as well as by publicly challenging patriarchal discourses of good motherhood **Women and Creativity** Frances Thomson-Salo, Laura Tognoli Pasquali, 2018-05-08 This book addresses aspects of how creativity is viewed in psychoanalytic theory and worked with in the consulting room with particular reference to human generativity and the life cycle within the arts in the broadest sense and its workings in society and culture in the widest sense **The Monstrous Mother: Unexpected Evil in Myth, Literature, and Popular Culture** Anna Chiara Corradino, Alessandro Grilli, 2025-09-30 This edited volume delves into the unexpected intriguing depictions of monstrous mothers in different cultures literatures and the arts This wide ranging topic is explored

through a variety of methodological approaches spanning disciplines from sociology to film studies and from comparative literature to cultural studies The scope of this collection is global highlighting the presence of maternal monstrosity not only in Western cultures but also in a number of other cultural contexts worldwide The book's international and interdisciplinary perspective makes it relevant to a broad and diverse readership focusing on literary criticism as well as cultural and gender studies

The Myth of the Perfect Mother Jane Swigart, 1998 The Myth of the Perfect Mother explodes today's popular good mother/bad mother myth and helps the reader both rethink the cultural roles of motherhood and understand the deeper issues that underlie the experience of child rearing Dr Swigart's discussions of what it means to nurture include the complexities of parental guilt, maternal clinging and maintaining one's individuality She is honest, sometimes painfully so, but provides the strength for every mother to revel in her unique, ever-changing role

Mothers and Daughters Andrea O'Reilly, Sharon Abbey, 2000 In 1976 Adrienne Rich wrote in *Of Woman Born: Motherhood as Experience and Institution* that "the cathexis between mother and daughter, essential, distorted, misused, is the great unwritten story." In the quarter century since Rich wrote those words, the topic of mothers and daughters has emerged as a salient issue in feminist scholarship Using women's writing, film, feminist theory and personal experience, contributors to *Mothers and Daughters* explore how the mother-daughter relationship is represented and experienced as a site of empowerment This volume will offer readers an important and welcome chapter in the story of the complex relationship that is a part of nearly every woman's life

Seers, Witches and Psychics on Screen Karin Beeler, 2014-01-10 This book addresses the pervasive representation of women with unique visionary abilities in postfeminist television series and films from the 1990s to the present These women mediate between the living and the dead or between different worlds of experience, redefining what it means to be normal and challenging the traditional boundary between science and the inner world of visionary, mystical experience Part 1 includes a discussion of modern-day Cassandra figures including the witches and other seers of the television series *Buffy the Vampire Slayer*, *Angel*, *Firefly*, *Charmed*, *Hex* and *True Calling* Part 2 discusses modern television shows whose main characters represent a contemporary spin on Joan of Arc, including *Joan of Arcadia* and the short-lived *Wonderfalls* Finally, Part 3 investigates female mediums and other psychic detectives in reality television series such as *Psychic Investigators* and *Rescue Mediums*, the popular television dramas *Medium*, *Ghost Whisperer* and *Afterlife*, and contemporary films such as *Ghost*, *The Gift* and *Premonition*
