Myth Of The Renaissance In Nineteenth Century Writing

Adam Lee

Myth Of The Renaissance In Nineteenth Century Writing:

The Myth of the Renaissance in Nineteenth-century Writing J. B. Bullen, 1994 Discussing a range of authors from Arnold Browning and George Eliot to Ruskin and Voltaire this innovative study traces the genesis and development of the concept of Renaissance in the literary political religious and critical writing of the late 18th and 19th centuries *The Myth of the Renaissance in Nineteenth-century Writing* J. B. Bullen, 1994 This work traces the genesis and development of the concept of the Renaissance in the literary religious political and critical writing of the late 18th and 19th centuries Among the authors discussed in this book are Voltaire Ruskin Browning George Eliot Swinburne Arnold and Pater **The Platonism of Walter Pater** Adam Lee, 2020 As a teacher of Plato in Oxford's Literae Humaniores Walter Pater was informed by philosophy from his earliest essays to his last book *The Platonism of Walter Pater* examines Pater's deep engagement with Platonism throughout his career It overturns his reputation as a superficial aesthete known mainly for his *Conclusion to The Renaissance* to reposition his contribution to literature and the history of ideas In his criticism and fiction including his studies on myth Pater was influenced by several of Plato's dialogues *Phaedrus* *Symposium* *Theaetetus* *Cratylus* and *The Republic* informed his philosophy of beauty history myth knowledge ethics language and style As a philosopher critic and artist Plato embodied what it meant to be an author to Pater who imitated his creative practice from vision to expression For Pater Platonism was also a point of contact with his contemporaries including Matthew Arnold and Oscar Wilde offering a means to take new measure of their literary relationships Using the interdisciplinary critical tools of Pater's own educational milieu which combined literature philosophy and classics *The Platonism of Walter Pater* repositions the importance Pater's contribution to literature and the history of ideas **Writing and Victorianism** J.B. Bullen, 2014-06-06 *Writing and Victorianism* asks the fundamental question what is Victorianism and offers a number of answers taken from methods and approaches which have been developed over the last ten years This collection of essays written by both new and established scholars from Britain and the U S A develops many of the themes of nineteenth century studies which have lately come to the fore touching upon issues such as class power and gender Some essays reflect the interaction of word and image in the nineteenth century and the notion of the city as spectacle others look at Victorian science finding a connection between writing and the growth of psychology and psychiatry on the one hand and with the power of scientific materialism on the other As well as key figures such as Dickens Tennyson and Wilde a host of new names are introduced including working class writers attempting to define themselves and writers in the Periodical press who once anonymous exercised a great influence over Victorian politics taste and social ideals From these observations there emerges a need for self definition in Victorian writing History ancestry and the past all play their part in figuring the present in the nineteenth century and many of these studies foreground the problem of literary social and psychological identity **Walter Pater and Persons** Stephen Cheeke, 2024-07-12 *Walter Pater and Persons* investigates the vital concept of the Person in the work of Walter Pater a major

influence on late nineteenth and early twentieth century literature Stephen Cheeke explores the intersections of the person persona and personality in Pater's work re-examines arguments about his famously personal prose style traces Pater's ambivalent fascination with impersonality and asceticism considers the poetics of personification in his writings about Greek myth and religion in the divine logos of early Christianity and in the theory of Platonic Universals and explores his fascination with metempsychosis the many persons through whom the individual soul transmigrates Cheeke also explores the networks in which Pater was interpreted and misinterpreted by different persons and personalities such as Oscar Wilde Arthur Symonds and W B Yeats Their misreadings of Pater and rebellions against his work from Decadent antinomian and mystical perspectives reveal the ways in which Pater's writing had always been in a critical dialogue with its own thinking as well as a prescient one in relation to his reception The philosophical question of what is a person a crucial one for the nineteenth century and with an increasing urgency in our own times is illuminated throughout this work

A Cultural History of Ideas in the Renaissance Jill Kraye, 2025-05-15 PRAISE FOR A CULTURAL HISTORY OF IDEAS VOLUMES 1-6 A 2024 CHOICE OUTSTANDING ACADEMIC TITLE 2023 AAP PROSE AWARDS WINNER BEST HUMANITIES REFERENCE WORK

The Renaissance is famous as a period of intellectual and cultural flourishing associated with the rebirth of antiquity It is now recognized however that there was considerable continuity with the preceding medieval centuries While much that was new about the Renaissance derived from the recovery restoration and revival of ancient ideas and culture the process of renewal took place against the backdrop of intellectual and cultural structures inherited from the Middle Ages This volume of A Cultural History of Ideas explores the ways in which distinctively Renaissance ideas and a distinctively Renaissance culture emerged from the complex interaction of ancient and medieval influences The emphasis is on the interplay between culture and ideas observed at close quarters through studies of scholars physicians botanists and scientists popes cardinals and bishops Catholics Lutherans Calvinists Anabaptists and heretics missionaries and Mughal administrators artists craftsmen merchants and butchers Contributors to the volume look not only at philosophical scientific medical pharmacological astronomical astrological and cosmological treatises but also at gardens botanical collections and drawings woodcuts broadsides frontispieces peace treaties and commercial contracts The 6 volume set A Cultural History of Ideas is part of The Cultural Histories Series Titles are available in print for individuals or for libraries needing just one subject or preferring a tangible reference for their shelves or as part of a fully searchable digital library The digital product is available to institutions by annual subscription or on perpetual access via www.bloomsburyculturalhistory.com Individual volumes for academics and researchers interested in specific historical periods are also available in print or digitally via www.bloomsburycollections.com

Democratising Beauty in Nineteenth-Century Britain Lucy Hartley, 2017-08-03 Could the self-interested pursuit of beauty actually help to establish the moral and political norms that enable democratic society to flourish In this book Lucy Hartley identifies a new language for speaking about beauty which begins to be articulated from the 1830s

in a climate of political reform and becomes linked to emerging ideals of equality liberty and individuality Examining British art and art writing by Charles Lock Eastlake John Ruskin Walter Pater Edward Poynter William Morris and John Addington Symonds Hartley traces a debate about what it means to be interested in beauty and whether this preoccupation is necessary to public political life Drawing together political history art history and theories of society and supplemented by numerous illustrations Democratising Beauty in Nineteenth Century Britain offers a fresh interdisciplinary understanding of the relation of art to its publics

Representing Realists in Victorian Literature and Criticism Daniel Brown, 2016-12-15 This book is about the historical moment when writers and critics first used the term realism to describe representation in literature and painting While scholarship on realism tends to proceed from an assumption that the term has a long established meaning and history this book reveals that mid nineteenth century critics and writers first used the term reluctantly with much confusion over what it might actually mean It did not acquire the ready meaning we now take for granted until the end of the nineteenth century In fact its first definitions came primarily by way of example and analogy through descriptions of current practitioners or through fictionalized representations of artists By investigating original debates over the term realism this book shows how writers simultaneously engaged with broader concerns about the changing meanings of what was real and who had the authority to decide this

The Historical Present Walter Kudrycz, 2011-01-13 Medievalism has become a central concern for those studying and teaching medieval history It can be distinguished from traditional medieval history because it is not directly concerned with the study of the Middle Ages themselves but rather it looks at how ideas about the medieval era operate in modern culture This volume breaks new ground by moving beyond the arena of contemporary popular culture by interpreting modern academic attitudes towards the Middle Ages as themselves forms of medievalism What is presented as refined historical truth is no more than a construction of truth derived from the larger philosophical and cultural trends of our own day This volume argues that modernity s sense of the medieval past is the product of the dominant intellectual movements of the nineteenth century Romanticism and Idealism and that nineteenth century attitudes have continued to inform current understandings of the Middle Ages This is a narrative that combines the main themes of modern scholarship on the medieval age with a subtly portrayed picture of the philosophical culture which produced them

Nineteenth-century Literature ,1995

If you ally need such a referred **Myth Of The Renaissance In Nineteenth Century Writing** books that will manage to pay for you worth, get the extremely best seller from us currently from several preferred authors. If you desire to comical books, lots of novels, tale, jokes, and more fictions collections are with launched, from best seller to one of the most current released.
