

Myth On The Modern Stage

Eric Bentley

Myth On The Modern Stage:

Myth on the Modern Stage Hugh Dickinson, 1969 **Myth on the Modern Stage** Hugh Dickinson, 1969 *The Theory of the Modern Stage* Eric Bentley, 1997 Applause Books Including Antoin Artaud Bertolt Brecht E Gordon Craig Luigi Pirandello Konstantin Stanislavsky W B Yeats and Emile Zolaing **Global Theatre Anthologies: Ancient, Indigenous and Modern Plays from Africa and the Diaspora** H.W. Fairman, Duro Ladipo, Tekle Hawariat, Elvania Namukwaya Zirimu, Wole Soyinka, Ama Ata Aidoo, Athol Fugard, Derek Walcott, Michael Gilkes, a Yoruba Masquerade, 2023-11-02 The power of theatrical performance is universal but the style and concerns of theatre are specific to individual cultures This volume in the Global Theatre Perspectives series presents a reconstructed ancient performance text four one act indigenous African plays and five modern dramas from various regions of Africa and the Caribbean Diaspora Because these plays span centuries and are the work of artists from diverse cultures readers can see elements that occur across time and space Physicalized ritual direct interaction with spectators improvisation music drumming and metaphorical animal characters help create the theatrical forms in multiple plays Recurring themes include the establishment or challenging of political authority the oppression or corruption of government societal expectations based on gender the complex and transformational nature of identity and the power of dreams Though each play is its own unique entity reading them together allows readers to explore what theatrical elements and cultural concerns are perhaps essentially African The Caribbean plays add further perspective to the questions of what values theatrical and societal are part of African drama how these have influenced the Caribbean aesthetic and what the relationships are between the old and new world Among the creators of the pieces are two Nobel Laureates those who have been exiled or jailed for the political nature of their work and the author of his country's first constitution The volume can serve as the primary text for an intensive semester long investigation of African drama and culture But it is also possible to use this volume along with others in the series as texts for a single course on drama from around the world The global perspectives approach letting works from ancient indigenous and modern times resonate with each other encourages thinking across boundaries and connective human understanding **Ariadne's Lives** Nina daVinci Nichols, 1995 Indeed relatively little work has been done on the Cretan myth cycle as a whole a mixture of heroic Greek legend and savage pre Greek elements generally considered to be antithetical to evolved literary languages As a result although Ariadne has been extremely important in Western art from the time of ancient Greece through the nineteenth century she is rarely included in studies of Greek myth *Musings on Indian Writing in English: Drama* Natesan Sharda Iyer, 2007 *Dramatic Revisions of Myths, Fairy Tales and Legends* Verna A. Foster, 2012-10-10 These new essays explore the ways in which contemporary dramatists have retold or otherwise made use of myths fairy tales and legends from a variety of cultures including Greek West African North American Japanese and various parts of Europe The dramatists discussed range from well established playwrights such as Tony Kushner Caryl Churchill and Timberlake Wertenbaker to

new theatrical stars such as Sarah Ruhl and Tarell Alvin McCraney The book contributes to the current discussion of adaptation theory by examining the different ways and for what purposes plays revise mythic stories and characters The essays contribute to studies of literary uses of myth by focusing on how recent dramatists have used myths fairy tales and legends to address contemporary concerns especially changing representations of women and the politics of gender relations but also topics such as damage to the environment and political violence

Cassirer and Langer on Myth William Schultz, 2013-09-13 This book provides a detailed overview of the approach by two of the leading philosophical theorists of myth

The Search for Modern Tragedy Mary Ann Frese Witt, 2001 The attempt to apply an aesthetic or literary approach to fascism remains controversial In *The Search for Modern Tragedy* Mary Ann Frese Witt explores the work of a group of European writers and artists who came to fascism by way of aesthetics In Italy and France she maintains an ideological aesthetic of Mediterranean fascism developed to a large extent independently of German Nazism Witt's study of the relationship between fascism and modern tragedy encompasses theoretical writing on tragedy and tragedies by key authors including Luigi Pirandello Henry de Montherlant and Jean Anouilh She looks at these tragedies in the context of their reception under fascism in Italy and in Vichy France Fascism in the minds of many of its supporters was an aesthetic or spiritual movement although its aesthetic and political elements were often intertwined *The Search for Modern Tragedy* is not concerned primarily with drama written as a means of conveying fascist propaganda Rather Witt is concerned with the influence of aesthetic fascism on the theory and practice of modern tragedy

Music, Myth and Story in Medieval and Early Modern Culture Katherine Butler, Samantha Bassler, 2019 The complex relationship between myths and music is here investigated Myths and stories offer a window onto medieval and early modern musical culture Far from merely offering material for musical settings authoritative tales from classical mythology ancient history and the Bible were treated as foundations for musical knowledge Such myths were cited in support of arguments about the uses effects morality and preferred styles of music in sources as diverse as theoretical treatises defences or critiques of music art sermons educational literature and books of moral conduct Newly written literary stories too were believed capable of moral instruction and influence and were a medium through which ideas about music could be both explored and transmitted How authors interpreted and weaved together these traditional stories or created their own reveals much about changing attitudes across the period Looking beyond the well known figure of Orpheus this collection explores the myriad stories that shaped not only musical thought but also its styles techniques and practices The essays show that music itself performed and created knowledge in ways parallel to myth and worked in tandem with old and new tales to construct social political and philosophical views This relationship was not static however as the Enlightenment dawned the once authoritative gods became comic characters and myth became a medium for ridicule Overall the book provides a foundation for exploring myth and story throughout medieval and early modern culture and facilitating further study into the Enlightenment and beyond
