Myth Taken Identity:

Myth-Taken Identity Robert Asprin, Jody Lynn Nye, 2004 Their latest outing Myth Taken Identity allows Asprin and his co author Jody Lynn Nye to turn their satirical pens on malls credit cards and identity theft **Everything Mythology** Blake Hoena, Adrienne Mayor, 2014 Battle mysterious monsters join a quest with a courageous hero and feast and frolic with the gods in this introduction to mythology around the world Page 4 of cover *Myth, Identity, and Conflict* Anamaria Dutceac Segesten, 2011-09-16 Myth Identity and Conflict A Comparative Analysis of Romanian and Serbian Textbooks by Anamaria Dutceac Segesten is an examination of how history and politics became entangled in Romania and Serbia In it Segesten asks questions like Is myth present in the history textbooks of Romania and Serbia If so are there differences in the ways these myths define the in group and the relationship with the Other between a country that experienced interethnic conflict Serbia and a country that did not Romania Do textbooks affect the odds that conflict will occur Segesten s findings confirm the presence of mythologized versions of the past in the history textbooks of both countries over the entire fifteen year period studied 1992 2007 despite claims for professionalization of textbook making Myths of noble origins of heroism and victimhood appear in both cases Segesten finds the language to be ideological and in favor of the ethnic majority even if over time there is a slow tendency towards moderation especially in Romania probably due to the influence of the European Union Ultimately Myth Identity and Conflict by Anamaria Dutceac Segesten questions the alleged power of history textbooks to make a difference in ethnically divided societies prone to conflicts Resenting the Hero Moira J. Moore, 2006-02-28 In a realm beset by natural disasters only the magical abilities of the bonded Pairs Source and Shield make the land habitable and keep the citizenry safe The ties that bind them are far beyond the relationships between lovers or kin and last their entire lives Whether they like it or not Since she was a child Dunleavy Mallorrough has been nurturing her talents as a Shield preparing for her day of bonding Unfortunately fate decrees Lee s partner to be the legendary handsome and unbearably self assured Lord Shintaro Karish Sure he cuts a fine figure with his aristocratic airs and undeniable courage But Karish s popularity and notoriety in bed and out make him the last Source Lee ever wanted to be stuck with The duo is assigned to High Scape a city so besieged by disaster that seven bonded pairs are needed to combat it But when an inexplicable force strikes down every other Source and Shield Lee and Karish must put aside their differences in order to defeat something even more unnatural than their reluctant affections for each other *Myth, Telos, Identity* Iván Nyusztay, 2021-09-20 Iván Nyusztay s Myth Telos Identity The Tragic Schema in Greek and Shakespearean Drama for the first time presents a systematic comparison of Greek and Shakespearean tragedy By thematizing the common modes of the tragic it measures their structural regularities against corresponding philosophical and ethical reflections The comparative theory of tragedy evolves through a constant debate with the traditional views of Aristotle Hegel Schelling Paul Ricoeur and others An architectonic survey of plays leads to a generic distinction between pure tragedy and melodrama and proposes a possible

description of Christian tragedy This generic differentiation is considered by means of a teleological approach to tragedy as well as from a formal perspective The criticism of traditional notions of character stresses the relevance of dividedness and internal collision tragic phenomena which are explored as necessary stages of self in the constitution and formation of tragic or internal alterity This form of alterity is underpinned by a discussion of action theory and speech act theory This book will be of interest for readers of Greek and Shakespearean drama as well as for students of comparative literature and genre theory classicists and philosophers and for everyone interested in the relation between literature and philosophy

Myth and Identity in the Martial Arts Alexis McLeod, 2024-12-24 Myth and Identity in the Martial Arts Creating the Dragon is a study of the role of myth and ideology in the formation of social identity focusing on a variety of communities of practice involving the martial arts in East Asian and Western history Alexis McLeod argues that myths of the martial arts should not be understood as falsehoods created as means of legitimizing modern practices but should instead be understood as narratives that enable individuals and communities to formulate social identities and to accord meaning to their practices This book covers six influential sources of myth and identity formation in the history of martial arts early Chinese and Indian philosophy the formation bushido thought in the Edo period of Japan Republican era Chinese conceptions of nationhood and physical culture Western contributions and the innovations of Bruce Lee African American conceptions of martial arts as a response to oppression in the twentieth century and the contemporary ideologies of mixed martial arts

Myth and National Identity in Nineteenth-Century Britain Stephanie Barczewski, 2000-03-02 Scholars have become increasingly interested in how modern national consciousness comes into being through fictional narratives Literature is of particular importance to this process for it is responsible for tracing the nation's evolution through glorious tales of its history In nineteenth century Britain the legends of King Arthur and Robin Hood played an important role in construction of contemporary national identity These two legends provide excellent windows through which to view British culture because they provide very different perspectives King Arthur and Robin Hood have traditionally been diametrically opposed in terms of their ideological orientation The former is a king a man at the pinnacle of the social and political hierarchy whereas the latter is an outlaw and is therefore completely outside conventional hierarchical structures The fact that two such different figures could simultaneously function as British national heroes suggests that nineteenth century British nationalism did not represent a single set of values and ideas but rather that it was forced to assimilate a variety of competing points of view

Mysticism, Myth and Celtic Identity Marion Gibson, Shelley Trower, Garry Tregidga, 2013 *Mysticism, Myth and Celtic Identity* explores how the mythical and mystical past informs national imaginations Building on notions of invented tradition and myths of the nation it looks at the power of narrative and fiction to shape identity with particular reference to the British and Celtic contexts The authors consider how aspects of the

past are reinterpreted or reimagined in a variety of ways to give coherence to desired national groupings or groups aspiring to nationhood and its defence The coverage is unusually broad in its historical sweep dealing with work from prehistory to the contemporary with a particular emphasis on the period from the eighteenth century to the present The subject matter includes notions of ancient deities Druids Celticity the archaeological remains of pagan religions traditional folk tales racial and religious myths and ethnic politics and the different types of returns and hauntings that can recycle these ideas in culture Innovative and interdisciplinary the scholarship in Mysticism Myth and Celtic Identity is mainly literary but also geographical and historical and draws on religious studies politics and the social sciences Thus the collection offers a stimulatingly broad number of new viewpoints on a matter of great topical relevance national identity and the politicization of its myths
