*Land of Beautiful Vision* Sally McAra,2007-04-30 Land of Beautiful Vision is the first book length ethnography to address the role of material culture in contemporary adaptations of Buddhism and the first to focus on convert Buddhists in New Zealand Sally McAra takes as her subject a fascinating instance of an ongoing creative process whereby a global religion is made locally meaningful through the construction of a Buddhist sacred place She uses an in depth case study of a small religious structure a stupa in rural New Zealand to explore larger issues related to the contemporary surge in interest in Buddhism and religious globalization Her research extends beyond the level of public discourse on Buddhism to investigate narratives of members of the Friends of the Western Buddhist Order FWBO about their relationship with the land analyzing these and the FWBO s transformative project through a thematic focus on key symbolic landmarks at their site Sudarshanaloka In considering cross cultural interactions resulting in syncretism or indigenization of alien religions many anthropological studies concentrate on the unequal power relations between colonizing and colonized peoples McAra extrapolates from this literature to look at a situation where the underlying power relations are quite different She focuses on individuals in an organization whose members seek to appropriate knowledge from an Eastern tradition to remake their own society one shaped by its unresolved colonizing past **Goddess Mystery Cults and the Miracle of Minyan Prehistoric Greece** Dionysios Psilopoulos,2023-01-03 As this book demonstrates the cradle of the Mystery Cults of the Goddess and of

Western civilization is the Aegean region an area extending from the Balkans to Crete and from the Ionian Sea to Asia Minor The Eleusinian Mysteries do not originate from Old Europe or Egypt but from the worship of the Pelasgian goddess Daeira Mother Earth who preceded Demeter and whose cult was indigenous to Eleusis As shown here in the Mysteries of the Goddess the initiates descend into the depths of their psyche perceive the midnight sun transcend duality and achieve cosmic consciousness symbolized by the unity and harmony of the Great Goddess The Pelasgians Minyans and Minoans the Aegean region s prehistoric tribes and ancestors of the Mycenaeans and modern Greeks share the same cultural heritage continuity and autochthony with the region s Proto Greek pre Deukalion Flood inhabitants The book also argues that religious and scientific traces of pre Flood knowledge can be discerned in the Mysteries and the technical achievements of prehistoric Minyan and Minoan Greeks Even from the third millennium the Minyans and Minoans with their advanced nautical geographic and astronomical knowledge sailed not only the Mediterranean but using the Atlantic currents had reached the copper mines of northern Europe and America

**Creases in Culture** Dennis Patrick Slattery, 2014-01-15 This collection of essays written over a period of years entertains the shared place of psyche and poetics Dr Slattery has explored the manner in which the psyche is poetic and how poetry is deeply psycho mythical Influenced in part by the archetypal psychologist James Hillman s idea of the poetic basis of mind that comprises the soul s foundation Slattery s writing moves into the interactive field in which myth is the ground for both psyche and poetry The essays develop a further understanding of what has been called mythopoiesis the fundamental myth making and shaping capacity of the soul

**Entertaining Judgment** Greg Garrett, 2015 Nowadays references to the afterlife angels strumming harps demons brandishing pitchforks God enthroned on heavenly clouds are more often encountered in New Yorker cartoons than in serious Christian theological reflection Speculation about death and its sequel seems to embarrass many theologians however as Greg Garrett shows in Entertaining Judgment popular culture in the U S has found rich ground for creative expression in the search for answers to the question What lies in store for us after we die The lyrics of Madonna Los Lonely Boys and Sean Combs the plotlines of TV s Lost South Park and The Walking Dead the implied theology in films such as The Dark Knight Ghost and Field of Dreams the heavenly half light of Thomas Kinkade s popular paintings the ghosts shades and after life way stations in Harry Potter and the characters situations and locations in the Hunger Games saga all speak to our hopes and fears about what comes next In a rich survey of literature and popular media Garrett compares cultural accounts of death and the afterlife with those found in scripture Denizens of the imagined afterlife whether in heaven hell on earth or in purgatory speak to what awaits us at once shaping and reflecting our deeply held if often somewhat nebulous beliefs They show us what rewards and punishments we might expect offer us divine assistance and even diabolically attack us Ultimately we are drawn to these stories of heaven hell and purgatory and to stories about death and the undead not only because they entertain us but because they help us to create meaning and to learn about ourselves our world and perhaps the next world Garrett s deft

analysis sheds new light on what popular culture can tell us about the startlingly sharp divide between what modern people profess to believe and what they truly hope and expect to find after death and how they use those stories to help them understand this life
