

What was the first challenge King Eurystheus started with his cousin Hercules? Seize the skin of the Nemean Lion, a fearsome monster that terrorizes the region. But how can you win when the beast has the reputation of having an impenetrable skin?

Born of the terrible Medusa and of the god Poseidon, Pegasus is a marvel! Fast as the wind and sparkling like the sun, the flying horse dazzles those who meet it... including Bellerophon, whose mission is to kill the monstrous Chimera. What if Pegasus was the perfect ally to accomplish such a feat?

I. CARMICHAEL, 1869 **Lectures on the Religion of the Semites - First Series** W. Robertson Smith, 2023-04-20 Scottish Semiticist and Arabist William Robertson Smith was a celebrated biblical critic theorist of religion and theorist of myth His accomplishments were multiple Smith's German mentors reconstructed the history of Israelite religion from the Bible itself Smith ventured outside the Bible to Semitic religion and thereby pioneered the comparative study of religion Where others viewed religion from the standpoint of the individual Smith approached religion at least ancient religion from the standpoint of the group He asserted that ancient religion was centrally a matter of practice not creed and singlehandedly created the ritualist theory of myth Since Smith's time the ritualist theory of myth has found adherents not only in biblical studies but in classics anthropology and literature as well Smith's accomplishments are seen most fully in *Religion of the Semites* adapted from a number of public lectures he gave at Aberdeen and first published in 1889 *Religion of the Semites* combines extraordinary philological erudition with brilliant theorizing Among the fundamental emphases of the book are the foci on sacrifice as the key ritual and non ancient sacrifice as communion with God rather than as penance for sin Most important is Smith's use of the comparative method he uses cross cultural examples from other primitive peoples to confirm his reconstruction from Semitic sources Smith combines pioneering sociology and anthropology with a staunchly Christian faith For him Christianity is an expression of divine

revelation For Smith only continuing revelation can account for the leap from the collective ritualistic and materialistic nature of ancient Semitic religion to the individualistic creedal and spiritualized nature of Christianity Lectures on the Religion of the Semites manages to meld social science with theology and remains a classic work in the social scientific study of religion Print ed **A Short History of Myth (Myths series)** Karen Armstrong,2010-10-29 What are myths How have they evolved And why do we still so desperately need them A history of myth is a history of humanity Karen Armstrong argues in this insightful and eloquent book our stories and beliefs our curiosity and attempts to understand the world link us to our ancestors and each other This is a brilliant and thought provoking introduction to myth in the broadest sense from Palaeolithic times to the Great Western Transformation of the last 500 years and why we dismiss it only at our peril
