The Danger Imperative Michael Sierra-Arévalo, 2024-02-13 Winner 2024 Distinguished Book Award Sociology of Law Section American Sociological Association Winner 2024 Outstanding Book Award Division of Policing American Society of Criminology Policing is violent And its violence is not distributed equally stark racial disparities persist despite decades of efforts to address them Amid public outcry and an

ongoing crisis of police legitimacy there is pressing need to understand not only how police perceive and use violence but also why With unprecedented access to three police departments and drawing on more than 100 interviews and 1 000 hours on patrol The Danger Imperative provides vital insight into how police culture shapes officers perception and practice of violence From the front seat of a patrol car it shows how the institution of policing reinforces a cultural preoccupation with violence through academy training departmental routines powerful symbols and officers street level behavior This violence centric culture makes no explicit mention of race relying on the colorblind language of threat and officer safety Nonetheless existing patterns of systemic disadvantage funnel police hyperfocused on survival into poor minority neighborhoods Without requiring individual bigotry this combination of social structure culture and behavior perpetuates enduring inequalities in police violence A trailblazing on the ground account of modern policing this book shows that violence is the logical consequence of an institutional culture that privileges officer survival over public safety
