Origins of Rhodesia Stanlake John Thompson Samkange, 1968

A History of Rhodesia Robert Blake, 1977

A History of Rhodesia Robert Blake, 2024-12-06 First published in 1977

A History of Rhodesia is a history of the origins and course of modern European occupation of Southern Rhodesia Rhodesia as it has been termed since the old Northern Rhodesia became independent under the name Zambia in 1963 Robert Blake describes the years of the Monomotapa the Portuguese occupation in the sixteenth and seventeenth centuries the Ndebele kingdom of the nineteenth century the advent of Cecil Rhodes and the establishment of the Chartered Company which ruled Rhodesia until 1922 the period Southern Rhodesia enjoyed a self governing colony from 1923 to 1951 the years of the Central African Federation from 1953 to its dissolution in 1963 and finally the dramatic course of events which led to Ian Smith's government making a unilateral declaration of independence in 1965 The years since UDI are covered by a long epilogue that takes the story forward to the early months of 1977 Rhodesian history is a strange and intriguing compound of romance idealism courage arrogance avarice and accident Rhodesia's story is not only that of economic political ideological and external forces which have shaped it it is also that of the individuals who made or failed to make decisions Rhodes Lobengula Jameson Lord Malvern Roy Welensky Garfield Todd Joshua Nkomo Ian Smith Written with access to many collections of papers not normally available to historians Robert Blake's book is a major contribution to the history of colonial and post colonial Africa

HISTORY OF RHODESIA HOWARD. HENSMAN, 2018

Southern Rhodesia-South Africa

Relations, 1923-1953 Abraham Mlombo, 2020-09-07 This book provides the first comprehensive study of the special relationship between Southern Rhodesia and South Africa While most studies approach this from the history of British and South African relations or the history of South African territorial expansion this book offers new insights by examining Southern Rhodesia's relations with South Africa from the former's perspective Exploring relations through the lens of settler colonialism the book argues that settler colonialism in the region was marked by a competitive and antagonistic relationship between settler communities particularly Afrikaner and English communities The book explores the connections between these countries by examining high politics economic links and social and cultural ties highlighting both instances of competition and cooperation Above all it argues that economic ties were the cornerstone of the relationship and that these shaped the rest of the ties between the two countries Drawing on archival records from Britain South Africa and Zimbabwe as well as a number of secondary sources it offers a much more nuanced perspective of this relationship than has been previously offered

A Bibliography of British History, 1914-1989 Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index

Southern Rhodesia: an Account of Its Past

History, Present Development, Natural Riches, and Future Prospects Fergus W. Ferguson, 1907 *The Origins of War in Mozambique* Funada-Classen Sayaka, 2012-04 The book focuses on an area called Ma a not because I believe Ma a represents the whole of Mozambique as such but because highlighting a specific area and people helps to understand the Mozambican history more deeply and comprehensively In any case it would be impossible to study the experience of all Mozambicans I am not attempting to write a history textbook of Mozambique or a glorious history of the liberation struggle but rather trying to fill a gap in the descriptions of contemporary Mozambican history by delving into matters that have not been written about before

History of Rhodesia H. Hensman, 1880 *Rhodesian History*, 1977 *A History of Africa: African nationalism and the de-colonisation process* Assa Okoth, 2006 *A History of Zimbabwe, 1890-2000 and Postscript, Zimbabwe, 2001-2008* Chengetai J. M. Zvobgo, 2009-10-02 This study combines in one volume the history of Zimbabwe from the advent of British settlers in 1890 to 2000 including women s rights and human rights in Zimbabwe It is a political social and economic history The Postscript examines the major developments in Zimbabwe from 2001 to 2008 The two previous major studies on the history of Zimbabwe *The Past Is Another Country* by Martin Meredith London Andre Deutsch 1979 and *The Road to Zimbabwe 1890 1980* by Anthony Verrier London Jonathan Cape 1986 are now out of date This volume brings the historical study of Zimbabwe almost up to the present day

A History of Zimbabwe Alois S. Mlambo, 2014-04-07 The first single volume history of Zimbabwe with detailed coverage from pre colonial times to the present this book examines Zimbabwe s pre colonial colonial and postcolonial social economic and political history and relates historical factors and trends to recent developments in the country Zimbabwe is a country with a rich history dating from the early San hunter gatherer societies The arrival of British imperial rule in 1890 impacted the country tremendously as the European rulers exploited Zimbabwe s resources giving rise to a movement of African nationalism and demands for independence This culminated in the armed conflict of the 1960s and 1970s and independence in 1980 The 1990s were marked by economic decline and the rise of opposition politics In 1999 Mugabe embarked on a violent land reform program that plunged the nation s economy into a downward spiral with political violence and human rights violations making Zimbabwe an international pariah state This book will be useful to those studying Zimbabwean history and those unfamiliar with the country s past

The Cultural History of Money and Credit Chia Yin Hsu, Thomas M. Luckett, Erika Vause, 2015-12-14 In the wake of the financial crisis in 2008 historians have turned with renewed urgency to understanding the economic dimension of historical change In this collection nine scholars present original research into the historical development of money and credit during the nineteenth and twentieth centuries and explore the social and cultural significance of financial phenomena from a global perspective Together with an introduction by the editors chapters emphasize themes of creditworthiness and access to credit the role of the state in the loan market modernization colonialism and global connections between markets The first section of the volume *Creditworthiness and Credit Risks* examines microfinancial

markets in South India and Sri Lanka Brazil and the United States in which access to credit depended largely on reputation while larger investors showed a strong interest in policing economic behavior and encouraging thrift among market participants The second section The Loan Market and the State concerns attempts by national governments to regulate the lending activities of merchants and banks for social ends from the liberal regime of nineteenth century Switzerland to the far more statist policies of post revolutionary Mexico and U S legislation that strove to eliminate discrimination in lending The third section Money Commercial Exchange and Global Connections focuses on colonial and semicolonial societies in the Philippines China and Zimbabwe where currency reform and the development of organized financial markets engendered conflict over competing models of economic development often pitting the colony against the metropole This volume offers a cultural history by considering money and credit as social relations and explores how such relations were constructed and articulated by contemporaries Chapters employ a variety of methodologies including analyses of popular literature and the viewpoints of experts and professionals investigations of policy measures and emerging social practices and interpretations of quantitative data

Black Soldiers in the Rhodesian Army M. T. Howard, 2024-02-08 During Zimbabwe's war of liberation 1965-80 fought between Zimbabwean nationalists and the minority white Rhodesian settler colonial regime thousands of black soldiers volunteered for and served in the Rhodesian Army This seeming paradox has often been noted by scholars and military researchers yet little has been heard from black Rhodesian veterans themselves Drawing from original interviews with black Rhodesian veterans and extensive archival research M T Howard tackles the question of why so many black soldiers fought steadfastly and effectively for the Rhodesian Army demonstrating that they felt loyalty to their comrades and regiments and not the Smith regime Howard also shows that units in which black soldiers served particularly the Rhodesian African Rifles were fundamental to the Rhodesian counter insurgency campaign Highlighting the pivotal role black Rhodesian veterans played during both the war and the tumultuous early years of independence this is a crucial contribution to the study of Zimbabwean decolonisation

Politics and Government in African States Peter Duignan, Robert H. Jackson, 2022-08-01 Originally published in 1986 *Politics and Government in African States 1960-1985* deals with the politics of sub-Saharan African states since independence Each chapter considers the formal structure of government at the time of independence and traces the subsequent changes Each chapter also describes the development of the state machinery the civil service the parastatals defence and police forces party structure the political opposition and trade unions The economics of African states are dealt with insofar as they affect politics and government

[The Oxford History of the British Empire: Historiography](#) Robin W. Winks, 1999 This volume investigates the shape and the development of scholarly and popular opinion about the British Empire over the centuries

[History of Rhodesia](#), 1900
