Bye-Bye Boobies Joyce Van Dyk,2024-01-31 On that crisp October morning as I stood on the deck of my home gazing out at the serene lake I heard a voice within me that would forever change my life The words were simple yet profound Your results are positive but don t worry At that moment I knew that the breast biopsy I had recently undergone would confirm what I already suspected that I was embarking on my own journey of grief and healing My life has been shaped by experiences of grief and loss including the loss of my brother during high school my mother shortly after college and my father in my early 30s As a former pastor and hospital chaplain I had also helped countless others navigate this path but now it was my turn to face it head on In Bye Bye Boobies I share the story of my breast cancer journey from mourning and grief to joy and celebration This memoir offers a gift and guide to others whose lives are being invaded by breast cancer It s also a resource for those who will have to make a decision to say goodbye to parts of a body that have served them well From throwing my own Bye Bye Boobies party to discovering other creative and empowering ways to navigate cancer and grief I hope this book provides useful tools much needed humor and soulful guidance to help you on your own journey *Kiss the Sky* MK Schiller,2018-01-02 Love can move mountains Strong athletic and driven Tristan Sinclair is determined to fulfill his late brother s wish to climb Pakistan s K2 the world s second highest mountain He never expects part of the challenge will be getting along with one of his fellow climbers or that the greatest peril may lie beyond the summit A passionate life long climber Pakistan born Farah Nawaz is skeptical of the hotshot from Arizona But as she and Tristan help each other conquer obstacle after obstacle they find they have more in common than they thought including a simmering attraction And when suspicious deaths put them in the sights of a ruthless killer they ll have to cover their tracks long enough to find out why and stay alive for a future together **Nature Guide: Gems** DK,2013-03-04 Compact and easy to use Nature Guide Gems provides a thorough introduction and detailed clearly illustrated profiles of hundreds of examples of precious metals cut stones and organics This Smithsonian guide is packed with stunning photography and key information provided by expert contributors Nature Guide Gems is carefully structured with catalog entries organized into easily understood groups that the
