Policy And Politics In Britain The Limits Of Consensus:

Policy and Politics in Britain Douglas Elliott Ashford, 1981-01-01 Organizing Governance, Governing Organizations Colin Campbell, B. Guy Peters, 2010-11-23 In recent years Western bureaucracies have continued to expand but are citizens better served In this volume sixteen contributors analyze the problems of government organization both in individual cases and in a broader comparative context Contributors Joel D Aberbach Peter Aucoin Richard A Chapman Michael G Hansen Peter Hennessy Brian W Hogwood Mohammad Mohabbat Kahn Ulrich Kloti Charles H Levine Johan P Olsen Bert A Rockman Richard Rose Norman C Thomas John Warhurst and the editors **Understanding the Nature of Poverty in Urban America** James Jennings, 1994-08-23 This book is designed to help readers navigate through the vast and rapidly growing literature on poverty in urban America The major themes topics debates and issues are examined through an analysis of eight basic questions about the nature and problem of urban poverty What is poverty and how is it measured What kinds of national policies have been utilized to manage poverty What are the major characteristics and trends associated with poverty in America and how are race and ethnicity reflected in these trends What are the major explanations for persistent poverty in the United States What are the major characteristics and themes reflected in the American welfare system and anti poverty policies How is the underclass defined and explained How have the poor utilized political mobilization to fight poverty in the United States How does social welfare policy directed at poverty in America compare to social welfare systems in other countries After analyzing these issues Jennings concludes with a brief overview of how public discussions related to poverty in the 1990s are similar to such debates in earlier periods Essential reading for urban policy makers social scientists and students of contemporary American urban concerns *Introduction to Comparative Government* Michael Curtis, 1993

British Politics Martin Burch, Michael Moran, 1987 **A London Bibliography of the Social Sciences**, 1931 Vols 1 4 include material to June 1 1929 **Teaching Politics**, 1982 **The Conservative Nation (Routledge Revivals)** Andrew Gamble, 2014-06-27 Since the 1880s the Conservative Party has been an important political force in Britain In this study of Conservative ideology since the end of Second World War first published in 1974 Andrew Gamble considers the nature of Conservative party opinion and the factors that have accounted for its success The adaptation of the party post 1945 is discussed as well as the ascendancy of the Right progressives in the leadership and the challenge of the Whigs and Imperialists Finally the book includes a discussion of the fluctuations within the Conservative Government between 1970 and 1974 with an account of what Gamble believes to have been ultimately a failure A rigorous and comprehensive analysis of Conservative thought and policy this study will be of particular value to those with an interest in the history of British Conservative politics and government *Interpreting British Governance* Mark Bevir, Rod Rhodes, 2003-09-02 How is Britain governed Have we entered a new era of governance Can traditional approaches to governance help us to interpret 21st century Britain This book develops the argument that we can understand political practices only by grasping the beliefs on

which people act It offers a governance narrative as a challenge to the Westminster model of British government and searches for a more accurate and open way of speaking about British government *Choice*, 1981 *People, Power, and Politics* John C. Donovan, Richard E. Morgan, Christian P. Potholm, 1986 *Civil Liberties in Britain During the 2nd World War* Neil Stammers, 2021-11-21 War and such crises are seen as aberrations in the history and development of democracy a time when otherwise unacceptable constraints can be imposed on the ordinary man with little or no dissent The reasoning behind this is questioned in this book first published in 1983 It makes a detailed study of government policy towards civil liberties in Britain during the Second World War the nature of crisis government and its implications for democracy Drawing on government documents and other primary sources the book examines policies implemented such as the Emergency Powers Defence Act of 1939 and Regulation 18B Other government policies such as the internment of enemy aliens restrictions on the media and the mobilisation of propaganda for the war effort are analysed thoroughly **What Difference Did the War Make?** Brian Brivati, Harriet Jones, 1993 *Comparative Politics* Rolf H. W. Theen, Frank Lee Wilson, 1992 **The IMF Crisis of 1976 and British Politics** Kevin Hickson, 2005-02-25 The 1976 IMF crisis was a seminal event in modern British political and economic history The seeds of the crisis were sown by the huge OPEC oil price shocks of 1972-3 leading to the potential meltdown of Britain's already weakened economy and seemingly confirming Britain's headlong decline as a major political and economic power The government was seen as going cap in hand to the International Monetary Fund IMF to head off disaster an image which became a long lasting political icon Kevin Hickson has mined vital original source material including interviews with leading players to probe government economic thought and practice He questions much received wisdom especially that the crisis caused a basic shift to monetarist orthodoxy and right wing economic liberalism commonly known as Thatcherism and embraced by successive governments including New Labour

Electoral Pledges in Britain Since 1918 David Thackeray, Richard Toye, 2020-08-04 Nobody doubts that politicians ought to fulfil their promises what people cannot agree about is what this means in practice The purpose of this book is to explore this issue through a series of case studies It shows how the British model of politics has changed since the early twentieth century when electioneering was based on the articulation of principles which it was expected might well be adapted once the party or politician that promoted them took office Thereafter manifestos became increasingly central to electoral politics and to the practice of governing and this has been especially the case since 1945 Parties were now expected to outline in detail what they would do in office and explain how the policies would be paid for Brexit has complicated this process with the will of the people as supposedly expressed in the 2016 referendum result clashing with the conventional role of the election manifesto as offering a mandate for action Beyond the New Right John Gray, 2013-09-13 John Gray is now established as one of the UK's leading political thinkers For over a decade he has been associated with the ideas and think tanks of the New Right In this book he presents both a criticism of the ideological excesses of New Right ideology and a

radical critique of the New Right itself developed from the standpoint of traditional conservatism All the major thinkers and themes of the New Right are examined together with many major issues of current public policy such as the growth of the underclass the future of the welfare state and the role of government in education and culture The author also argues that there are deep affinities between conservative ideology and Green thought He advances radical proposals for the preservation and renewal of common life for an age in which the ideals of modernism including continuous economic growth are decreasingly viable He expresses his conviction that conservative philosophy will find its future in dissociating itself from the neo liberalism that has lately dominated policy and returning to the task of redefining traditional values **British**

Politics since the War Bill Coxall, Lynton Robins, 1997-10-29 The election of New Labour in 1997 closes a long chapter in British political history At this moment of dramatic change this book combines an incisive thematic discussion of all the key policy areas with succinct overviews of British governments since 1945 the rise and fall of consensus politics and ideological perspectives on recent British history Extensive use has been made of illustrative material including photographs cartoons graphs tables and exhibits Written by the authors of the best selling Contemporary British Politics **Industrial Relations**

& Politics in Britain, 1880-1989 John Sheldrake, 1991 In the course of a study of industrial relations from a social historical perspective the author argues that gradual accreditation of government responsibility for industrial relations led to a crisis in 1979 Thatcher's consequent policy shift and implications for the future are examined **Race, Government and Politics in Britain** Zig Layton-Henry, Paul B. Rich, 2016-07-27

Thank you totally much for downloading **Policy And Politics In Britain The Limits Of Consensus**.
