Political Economy Of Small Tropical Islands The Importance Of Being Small:

The Political Economy of Small Tropical Islands Helen M. Hintjens, M. D. D. Newitt, 1992 This book is a comparative study of a number of dependent and independent tropical islands and archipelagos Its contributors seek to answer a number of vital questions affecting the security political status and economic development of some of the world's smallest and most remote communities

The Second World War and the 'Other British Isles' Daniel Travers, 2018-06-28 What is often held to be Britain's finest hour the Second World War was not experienced so uniformly across the British Isles On the margins the war was endured in profoundly different ways While D Day or Dunkirk is embedded in British collective memory how many Britons can recall that Finns were interned on the Isle of Man that enemy soldiers developed British infrastructure in Orkney or that British subjects were sent to concentration camps from Guernsey Such experiences tangential to the dominant British war narrative are commemorated elsewhere in the other British Isles In this remarkable contribution to British Island Studies Daniel Travers pursues these histories and their commemoration across numerous local sites of memory museums heritage sites and public spaces He examines the way these island identities assert their own distinctiveness over the British wartime story and ultimately the way they fit into the ongoing discourse about how the memory of the Second World War has been constructed since 1945

Overseas Territories in World Affairs Fred Constant, 2024-07-30 This book provides an updated analysis of political developments in a sample of overseas territories of France the United States China Denmark the Netherlands Russia the United Kingdom Portugal Spain and New Zealand Ranging from Guam Diego Garcia or New Caledonia Kanaky to Greenland Kalaallit Nunaat Sakhalin Kuril or Puerto Rico and other territories located all over the globe these subnational island jurisdictions deserve attention because they lie at the intersection of many evolving issues such as decolonisation self determination post colonialism globalisation climate change patterns of innovative governance Moreover they offer occasional hotspots for analysing international rivalries conflicts related to illegal migration disputes pertaining to the delimitation of exclusive economic zones EEZ and clashes between mainlands and islands In addition they provide fascinating case studies to grasp the interplay of subnational national and international politics particularly in the age of the strategic shift towards the Indo Pacific Fred Constant reveals the extent to which these invisible dots on the map may matter in contemporary world affairs

Religion and Democracy Carsten Ankar, 2021-11-29 This fully updated new edition empirically assesses the relationship between religion and democracy looking at global regional and individual countries perspectives Using a wide range of quantitative data the author tests the validity of Huntington's claim that democracy and religion are tightly connected and that western Christianity is the only religion capable of supporting democratic institutions He evaluates both the broader assumptions that the introduction and the stability of a democratic form of government is dependent on the dominating religion in the country at the macro level and the suggestion that at the individual level religious adherence is related to pro democratic values Examining religions including Christianity Islam Buddhism Hinduism

Chinese folk religion and Judaism this book demonstrates that geographical and political contexts are more important than religious affiliation for explaining levels of and attitudes towards democracy As well as offering a broad empirical picture of the relationship between religion and democracy this new edition delves deeper into the religion state nexus focusing particularly on events that have taken place during the last decade The author explores how religion is used instrumentally by political leaders in different parts of the world He also discusses the extent to which religious minorities are under increasing pressure in secularized environments prospects for democracy in the MENA region a decade after the Arab Spring the growing influence of evangelical Christianity in Latin America and how increasing levels of religious conflict in Asia and the Pacific as well as in Sub Saharan Africa pose a threat to the emergence and survival of democracy This book will be of great interest to students academics and researchers within the field of comparative politics as well as journalists and various theological associations

Population and Politics John Gerring, Wouter Veenendaal, 2020-05-28 Analyzes scale effects across a range of political dimensions encompassing different political levels using a multi method approach

Theorising Literary Islands Ian Kinane, 2016-11-16 Theorising Literary Islands is a literary and cultural study of both how and why the trope of the island functions within contemporary popular Robinsonade narratives It traces the development of Western isomania or our obsession with islands from its origins in Daniel Defoe s Robinson Crusoe right up to contemporary Robinsonade texts focusing predominantly on American and European representations of fictionalized Pacific Island topographies in contemporary literature film television and other media Theorising Literary Islands argues that the ubiquity of island landscapes within the popular imagination belies certain ideological and cultural anxieties and posits that the emergence of a Western popular culture tradition can largely be traced through the development of the Robinsonade genre and through early European and American fascination with the Pacific region

The Political Economy of Caribbean Development M. Bishop, 2013-09-12 Studies of the global political economy have rarely engaged with development in the Caribbean the thought of its indigenous intellectuals or the non sovereign territories of the region Matthew Bishop compares the development of the independent English speaking islands of St Lucia and St Vincent and their non sovereign French neighbours Martinique and Guadeloupe By explaining how distinctive patterns of British and French colonialism and decolonisation came to bear on them he investigates how very different patterns of development have subsequently ensued often with startling consequences in this era of globalization and crisis By engaging with the empirical reality of the Caribbean his study sheds light on a range of wider debates relating to development indigenous thought post colonial sovereignty small states and the contemporary evolution of the global political economy

Encyclopedia of the Developing World Thomas M. Leonard, 2013-10-18 A RUSA 2007 Outstanding Reference Title The Encyclopedia of the Developing World is a comprehensive work on the historical and current status of developing countries Containing more than 750 entries the Encyclopedia encompasses primarily the years since 1945 and defines development broadly addressing not

only economics but also civil society and social progress Entries cover the most important theories and measurements of development relate historical events movements and concepts to development both internationally and regionally where applicable examine the contributions of the most important persons and organizations and detail the progress made within geographic regions and by individual countries *Africa and the Americas* Richard M. Juang, Noelle Morrisette, 2008-03-12 This encyclopedia explores the many long standing influences of Africa and people of African descent on the culture of the Americas while tracing the many ways in which the Americas remain closely interconnected with Africa Ranging from the 15th century to the present *Africa and the Americas Culture Politics and History* explores the many ways Africa and African peoples have shaped the cultural life of the Americas and how in turn life in the Americas reverberates in Africa This groundbreaking three volume encyclopedia offers hundreds of alphabetically organized entries on African history nations and peoples plus African influenced aspects of life in the Americas It also features authoritative introductory essays on history culture and religion demography international relations economics and trade and arts and literature In doing so it traces the complex and continuous movement of peoples of African descent to the West the mechanics and lingering effects of colonialism and the slave trade and the crucial issues of cultural retention and adaptation that are essential to our understanding of the effects of globalization *African Caribbeans* Alan West-Durán, 2003-03-30 The African Diaspora left an indelible imprint on Caribbean countries and islands This reference the only broad historical and cultural survey of the black experience in the Caribbean celebrates the Afro Caribbean diversity of the countries it profiles Each of the 15 chapters introduces a country island or group of islands providing an overview from the arrival of slaves to the current situation Topics include history economy politics social stratification race relations cultural highlights religion and notable figures Readers will discover the broad range of languages political systems racial makeup historical uniqueness and cultural offerings that shape the Caribbean A chronology glossary and photos enhance the text **Rethinking the Green State** Karin Bäckstrand, Annica Kronsell, 2015-06-12 This innovative book is one of the first to conduct a systematic comprehensive analysis of the ideals and practices of the evolving green state It draws on elements of political theory feminist theory post structuralism governance and institutional theory to conceptualise the green state and advances thinking on how to understand its emergence in the context of climate and sustainability transitions Focusing on the state as an actor in environmental climate and sustainability politics the book explores different principles guiding the emergence of the green state and examines the performance of states and institutional responses to the sustainable and climate transitions in the European and Nordic context in particular The book s unique focus on the Nordic countries underlines the important to learn from Nordics which are perceived to be in the forefront of climate and sustainability governance as well as historically strong welfare states With chapter contributions from leading international scholars in political science sociology economics energy and environmental systems and climate policy studies this book will be of great value to postgraduate students and

researchers working on sustainability transitions environmental politics and governance and those with an area studies focus on the Nordic countries **Agricultural Marketing Directory for U.S. and Africa Trade** Mary E. Lassanyi,1996 This one of a kind reference tool provides vital market each group has an introductory overview information on exports imports on investment trade barriers on the best prospects for U S investment exports Contacts selected publications also are included

Geography Of Islands Stephen A. Royle,2002-09-11 First Published in 2004 Islands have always fascinated people They often seem remote and mysterious set between the continents on which most people live Indeed many people choose islands for their perfect holiday idyll In practice however the everyday social and economic reality is often very different A Geography of Islands firstly examines the differing ways islands are formed Despite the uniqueness of such islands in terms of shape size flora and fauna and also their economic and developmental profiles they all share certain characteristics and constraints imposed by their insularity These present islands everywhere with a range of common problems A Geography of Islands considers how their small scale isolation peripherality and often a lack of resources has affected islands in the present day and their past It considers and discusses population issues communications and services island politics and new ways of making a living especially tourism found within contemporary island geography A Geography of Islands gives a comprehensive survey of islandness and its defining features Stephen A Royle has visited and studied 320 islands in 50 countries in all the world s oceans It is full of up to date global case studies from Okinawa to Inishbofin and Hawaii to Crete In the final chapter all the themes are brought together in a case study of the Atlantic island of St Helena It is well illustrated with the author s own photographs and maps This book will appeal to those studying islands as well as those with an interest in the topic particularly those engaged in dealing with small island economies **Island Enclaves** Godfrey Baldacchino,2010 An examination of the unique governance of islands and their role in contemporary global politics

Connectivity in Motion Burkhard Schnepel,Edward A. Alpers,2017-10-30 This original collection brings islands to the fore in a growing body of scholarship on the Indian Ocean examining them as hubs or points of convergence and divergence in a world of maritime movements and exchanges Straddling history and anthropology and grounded in the framework of connectivity the book tackles central themes such as smallness translocality and the island factor It moves to the farthest reaches of the region with a rich variety of case studies on the Swahili Comorian world the Maldives Indonesia and more With remarkable breadth and cohesion these essays capture the circulations of people goods rituals sociocultural practices and ideas that constitute the Indian Ocean world Together they take up islandness as an explicit empirical and methodological issue as few have done before **Creole Economics** Katherine E. Browne,2010-01-01 What do the trickster Rabbit slave descendants off the books economies and French citizens have to do with each other Plenty says Katherine Browne in her anthropological investigation of the informal economy in the Caribbean island of Martinique She begins with a question Why after more than three hundred years as colonial subjects of France did the residents of Martinique opt in 1946

to integrate fully with France the very nation that had enslaved their ancestors The author suggests that the choice to decline sovereignty reflects the same clear headed opportunism that defines successful crafty and illicit entrepreneurs who work off the books in Martinique today Browne draws on a decade of ethnographic fieldwork and interview data from all socioeconomic sectors to question the common understanding of informal economies as culture free survival strategies of the poor Anchoring her own insights to longer historical and literary views the author shows how adaptations of cunning have been reinforced since the days of plantation slavery These adaptations occur not in spite of French economic and political control but rather because of it Powered by the essential tensions of maintaining French and Creole identities the practice of creole economics provides both assertion of and refuge from the difficulties of being dark skinned and French This powerful ethnographic study shows how local economic meanings and plural identities help explain work off the books Like creole language and music creole economics expresses an irreducibly complex blend of historical contemporary and cultural influences

The Last Colonies Robert Aldrich, John Connell, 1998-07-13 This comprehensive and authoritative book is about the last colonies those remaining territories formally dependent on metropolitan powers It discusses the surprisingly large number of these territories mainly small isolated islands with limited resources Yet these places are not as obscure as might be expected They may be major tourist destinations military bases satellite tracking stations tax havens or desolate underpopulated spots that can become international flashpoints such as the Falklands The authors find that at a time of escalating nationalism and globalization these remnants of empire provide insights into the meanings of political economic legal and cultural independence as well as sovereignty and nationhood This book provides a broad based and provocative discussion of colonialism and interdependence in the modern world from a unique perspective

Statehood à la Carte in the Caribbean and the Pacific Jack Corbett, 2023-04-15 This book explains how leaders in the Caribbean and Pacific regions balance the autonomy viability dilemma of postcolonial statehood that political self determination is a hollow achievement unless it is accompanied by economic development by practising statehood la carte Previous research has focused on the pursuit of decolonial self determination through and above the nation state via regionalism and internationalism or by creating non sovereign alternatives to it This book looks at how communities have sought the same goals below the state including via secession and devolution Downsizing is typically portrayed as the antithesis of progressive cosmopolitan internationalism and employed as evidence for the claim that the age of anticolonial self determination has ended In this book Jack Corbett shows how these movements are animated by similar ideas and motivations that are rendered viable by the simultaneous pursuit of regional integration and forms of non sovereignty He argues that the la carte pursuit of political and economic independence through above and below the state and via non sovereign alternatives to it is a pragmatic response to the contradictions inherent to coloniality

Geographers Elizabeth Baigent, André Reyes Novaes, 2021-08-12 Geographers is an annual collection of studies on individuals who have made major contributions to the

development of geography and geographical thought Volume 39 celebrates the contribution of Hugh Clout to the discipline The thirty ninth volume of Geographers Biobibliographical Studies adds significantly to the corpus of scholarship on geography s multiple histories and biographies each chapter includes a select biography of its chosen figure and a brief chronology of their work In this edition Hugh Clout memorialises the forgotten those who had made an important local contribution which went unnoticed on the national stage or those who continued along the intellectual path blazed by one of the discipline s major figures and thus helped to secure the reputation of that major figure In this collection of essays Clout draws from used literary works reviews in the scholarly and other press obituaries in newspapers and geographical publications funeral orations and papers in a large number of archives Each study includes a select bibliography and a brief chronology The work includes a general index and a cumulative index of geographers listed in volumes published to date As with other volumes in the series the purpose is not to evaluate but to present individuals and their contributions as they really were and in the context of their time Published under the auspices of the International Geographical Union [Africa in the Indian Ocean](#) Tor Sellström, 2015-05-26 The four sovereign Indian Ocean states of Comoros Madagascar Mauritius and Seychelles the two French overseas departments of Mayotte and Reunion as well as the British colony of BIOT Chagos all form part of Africa As insular nations and territories in an increasingly globalized militarized and largely unregulated ocean they face particular challenges Commonly overlooked in the fields of African and international studies this text traces the islands history and explores their diverse contemporary social political and economic trajectories From human settlement and slavery to conflict resolution and piracy the relations with continental Africa and the African Union feature prominently Richly sourced this comprehensive and up to date introduction to Africa s Indian Ocean islands covers a significant lacuna

Embracing the Song of Expression: An Psychological Symphony within **Political Economy Of Small Tropical Islands The Importance Of Being Small**

In a global consumed by screens and the ceaseless chatter of instantaneous interaction, the melodic splendor and emotional symphony developed by the written term often fade into the background, eclipsed by the constant sound and disruptions that permeate our lives. However, nestled within the pages of **Political Economy Of Small Tropical Islands The Importance Of Being Small** a marvelous fictional value overflowing with natural feelings, lies an immersive symphony waiting to be embraced. Constructed by a masterful musician of language, that charming masterpiece conducts readers on a psychological journey, skillfully unraveling the concealed melodies and profound impact resonating within each cautiously constructed phrase. Within the depths with this moving review, we can examine the book is main harmonies, analyze their enthralling publishing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.

Political Economy Of Small Tropical Islands The Importance Of Being Small Introduction

In the digital age, access to information has become easier than ever before. The ability to download Political Economy Of Small Tropical Islands The Importance Of Being Small has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Political Economy Of Small Tropical Islands The Importance Of Being Small has opened up a world of possibilities. Downloading Political Economy Of Small Tropical Islands The Importance Of Being Small provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Political Economy Of Small Tropical Islands The Importance Of Being Small has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Political Economy Of Small Tropical Islands The Importance Of Being Small. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Political Economy Of Small Tropical Islands The Importance Of Being Small. Some websites may offer pirated or illegally obtained copies of copyrighted

material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Political Economy Of Small Tropical Islands The Importance Of Being Small, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Political Economy Of Small Tropical Islands The Importance Of Being Small has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Political Economy Of Small Tropical Islands The Importance Of Being Small Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility.
