Political Shakespeare

Jonathan Dollimore, Alan Sinfield

Political Shakespeare:

Political Shakespeare Stephen Orgel, Sean Keilen, 1999 Shakespeare has never been more ubiquitous not only on the stage and in academic writing but in film video and the popular press On television he advertises everything from cars to fast food His birthplace the tiny Warwickshire village of Stratford Upon Avon has been transformed into a theme park of staggering commercialism and the New Globe in its second season is already a far bigger business than the old Globe could ever have hoped to be If popular culture cannot do without Shakespeare continually reinventing him and reimagining his drama and his life neither can the critical and scholarly world for which Shakespeare has for more than two centuries served as the central text for analysis and explication the foundation of the western literary canon and the measure of literary excellence The Shakespeare the essays collected in these volumes reveal is fully as multifarious as the Shakespeare of theme parks movies and television Indeed it is part of the continuing reinvention of Shakespeare The essays are drawn for the most part from work done in the past three decades though a few essential enabling essays from an earlier period have been included They not only chart the directions taken by Shakespeare studies in the recent past but they serve to indicate the enormous and continuing vitality of the enterprise and the extent to which Shakespeare has become a metonym for literary and artistic endeavor generally

Political Shakespeare Jonathan Dollimore, Alan Sinfield, 1994 The new wave of cultural materialists in Britain and new historicists in the United States here join forces to depose the sacred icon of the eternal bard and argue for a Shakespeare who meditates and exploits political cultural and ideological forces Ten years on this second edition presents additional essays by Jonathan Dollimore and Alan Sinfield

Political Shakespeare Jonathan Dollimore, Alan Sinfield, 1985

Shakespeare's Political Realism Tim Spiekerman, 2001-01-25 Explores the continuing relevance of important political themes in five of Shakespeare's English History plays

Tyranny in Shakespeare Mary Ann McGrail, 2002-01-01 Even the most explicitly political contemporary approaches to Shakespeare have been uninterested by his tyrants as such But for Shakespeare rather than a historical curiosity or psychological aberration tyranny is a perpetual political and human problem Mary Ann McGrail's recovery of the playwright's perspective challenges the grounds of this modern critical silence She locates Shakespeare's expansive definition of tyranny between the definitions accepted by classical and modern political philosophy Is tyranny always the worst of all possible political regimes as Aristotle argues in his *Politics* Or is disguised tyranny as Machiavelli proposes potentially the best regime possible These competing conceptions were practiced and debated in Renaissance thought given expression by such political actors and thinkers as Elizabeth I James I Henrie Bullinger Bodin and others McGrail focuses on Shakespeare's exploration of the conflicting and contradictory passions that make up the tyrant and finds that Shakespeare's dramas of tyranny rest somewhere between Aristotle's reticence and Machiavelli's forthrightness Literature and politics intersect in *Tyranny in Shakespeare* which will fascinate students and scholars of both

Shakespeare and the Political Way

Elizabeth Frazer, 2020 This book develops an original approach to theories of political power and seeks to show the particular value of examining these issues through the frame of Shakespeare's plays *The Cambridge Shakespeare Library: Shakespeare criticism* Catherine M. S. Alexander, 2003 Publisher Description **Shakespeare and Early Modern Political Thought** David Armitage, Conal Condren, Andrew Fitzmaurice, 2009-09-10 This is the first collaborative volume to place Shakespeare's works within the landscape of early modern political thought Until recently literary scholars have not generally treated Shakespeare as a participant in the political thought of his time unlike his contemporaries Ben Jonson Edmund Spenser and Philip Sidney At the same time historians of political thought have rarely turned their attention to major works of poetry and drama A distinguished international and interdisciplinary team of contributors examines the full range of Shakespeare's writings in order to challenge conventional interpretations of plays central to the canon such as Hamlet open up novel perspectives on works rarely considered to be political such as the Sonnets and focus on those that have been largely neglected such as The Merry Wives of Windsor The result is a coherent and challenging portrait of Shakespeare's distinctive engagement with the characteristic questions of early modern political thought **The Oxford Companion to Shakespeare**, **Shakespeare's Politics** Robin Headlam Wells, 2009-03-06 An introduction to the political and historical context to Shakespeare's tragedy and history plays written in an accessible jargon free style **A Companion to Shakespeare's Works, Volume I** Richard Dutton, Jean E. Howard, 2008-04-15 This four volume Companion to Shakespeare's Works compiled as a single entity offers a uniquely comprehensive snapshot of current Shakespeare criticism Brings together new essays from a mixture of younger and more established scholars from around the world Australia Canada France New Zealand the United Kingdom and the United States Examines each of Shakespeare's plays and major poems using all the resources of contemporary criticism from performance studies to feminist historicist and textual analysis Volumes are organized in relation to generic categories namely the histories the tragedies the romantic comedies and the late plays problem plays and poems Each volume contains individual essays on all texts in the relevant category as well as more general essays looking at critical issues and approaches more widely relevant to the genre Offers a provocative roadmap to Shakespeare studies at the dawning of the twenty first century This companion to Shakespeare's tragedies contains original essays on every tragedy from Titus Andronicus to Coriolanus as well as thirteen additional essays on such topics as Shakespeare's Roman tragedies Shakespeare's tragedies on film Shakespeare's tragedies of love Hamlet in performance and tragic emotion in Shakespeare **Shakespeare and the Apocalypse** R M Christofides, 2012-06-14 By connecting Shakespeare's language to the stunning artwork that depicted the end of the world this study provides not only provides a new reading of Shakespeare but illustrates how apocalyptic art continues to influence popular culture today Drawing on extant examples of medieval imagery Roger Christofides uses poststructuralist and psychoanalytic accounts of how language works to shed new light on our understanding of Hamlet Othello Macbeth and King Lear He then links

Shakespeare's dependence on his audience to appreciate the allusions made to the religious paintings to the present day. For instance, popular television series like *Battlestar Galactica*, seminal horror movies such as *An American Werewolf in London* and *Carrie*, and recent novels like Cormac McCarthy's *The Road* all draw on imagery that can be traced directly back to the depictions of the Doom, an indication of the cultural power these vivid imaginings of the end of the world have in Shakespeare's day and now.

The Definitive Shakespeare Companion Joseph Rosenblum, 2017-06-22 This expansive four-volume work gives students detailed explanations of Shakespeare's plays and poems and also covers his age, life, theater texts, and language. Numerous excerpts from primary source historical documents contextualize his works while reviews of productions chronicle his performance history and reception. Shakespeare's works often served to convey simple truths but they are also complex, multilayered masterpieces. Shakespeare drew on varied sources to create his plays, and while the plays are sometimes set in worlds before the Elizabethan age, they nonetheless parallel and comment on situations in his own era. Written with the needs of students in mind, this four-volume set demystifies Shakespeare for today's readers and provides the necessary perspective and analysis students need to better appreciate the genius of his work. This indispensable ready reference examines Shakespeare's plots, language, and themes; his use of sources; and exploration of issues important to his age: the interpretation of his works through productions from the Renaissance to the present and the critical reaction to key questions concerning his writings. The book provides coverage of each key play and poems in discrete sections, with each section presenting summaries, discussions of themes, characters, language, and imagery, and clear explications of key passages. Readers will be able to inspect historical documents related to the topics explored in the work being discussed and view excerpts from Shakespeare's sources as well as reviews of major productions. The work also provides a comprehensive list of print and electronic resources suitable for student research.

Shakespeare's Problem Plays Simon Barker, 2005-04-25 This New Casebook offers a wide-ranging selection of contemporary critical readings of Shakespeare's three problem plays: *All's Well that Ends Well*, *Measure for Measure*, and *Troilus and Cressida*. Together they reflect the diversity of late twentieth-century theory and the controversy that continues to be generated by the plays and discuss a variety of key issues. These include the meaning of the term "problem play," the historical context, and political and cultural significance of the plays, as well as issues of staging and theatre history. The volume also provides a helpful introduction which guides the reader through the critical approaches, terms, and debates, as well as explanatory notes for each essay and a useful section on further reading.

Radical Shakespeare Chris Fitter, 2013-07-03 This book argues that Shakespeare was permanently preoccupied with the brutality, corruption, and ultimate groundlessness of the political order of his state, and that the impact of original Tudor censorship, supplemented by the relatively depoliticizing aesthetic traditions of later centuries, have together obscured the consistent subversiveness of his work. Traditionally, Shakespeare's political attitudes have been construed either as primarily conservative or as essays in richly imaginative ambiguation irreducible to settled viewpoints. Fitter contends that government

censorship forced superficial acquiescence upon Shakespeare in establishment ideologies monarchic aristocratic and patriarchal that were enunciated through rhetorical set pieces but that Shakespeare the dramatist learned from Shakespeare the actor a variety of creative methods for sabotaging those perspectives in performance in the public theatres Using historical contextualizations and recuperation of original performance values the book argues that Shakespeare emerged as a radical writer not in middle age with King Lear and Coriolanus plays whose radicalism is becoming widely recognized but from his outset with Henry VI and Taming of the Shrew Recognizing Shakespeare's allusiveness to 1590s controversies and dissident thought and recovering the subtextual politics of Shakespeare's distinctive stagecraft reveals populist at times even radical meaning and a substantially new and astonishingly interventionist Shakespeare **Shakespeare's Comedies** Emma Smith, 2008-04-15 This Guide introduces students to critical writing on Shakespeare's comedies over the last four centuries Guides students through four centuries of critical writing on Shakespeare's history plays Covers both significant early views and recent critical interventions Substantial editorial material links the articles and places them in context Annotated suggestions for further reading allow students to investigate further **Shakespeare's Fugitive Politics** Thomas P. Anderson, 2016-08-16 Establishes Shakespeares plays as some of the periods most speculative political literature Shakespeares Fugitive Politics makes the case that Shakespeares plays reveal there is always something more terrifying to the king than rebellion The book seeks to move beyond the presumption that political evolution leads ineluctably away from autocracy and aristocracy toward republicanism and popular sovereignty Instead it argues for affirmative politics in Shakespeare the process of transforming scenes of negative affect into political resistance Shakespeares Fugitive Politics makes the case that Shakespeares affirmative politics appears not in his dialectical opposition to sovereignty absolutism or tyranny nor is his affirmative politics an inchoate form of republicanism on its way to becoming politically viable Instead this study claims that it is in the place of dissensus that the expression of the eventful condition of affirmative politics takes place a fugitive expression that the sovereign order always wishes to shut down Key Features Promotes a new understanding of fugitive democracy Establishes the presence of a form of alternative politics in early modern drama articulated through the contours of theories of sovereignty Explores how the parameters of contemporary radical politics take shape in major Shakespeare plays including Coriolanus King John Henry V Titus Andronicus The Winters Tale and Julius Caesar

Shakespeare and Renaissance Politics Andrew Hadfield, 2014-03-20 Shakespeare like many of his contemporaries was concerned with the question of the succession and the legitimacy of the monarch From the early plays through the histories to Hamlet Shakespeare's work is haunted by the problem of political legitimacy *A Companion to Shakespeare's Works, Volume II* Richard Dutton, Jean E. Howard, 2003-06-02 This four volume Companion to Shakespeare's Works compiled as a single entity offers a uniquely comprehensive snapshot of current Shakespeare criticism Brings together new essays from a mixture of younger and more established scholars from around the world Australia Canada France New Zealand the United

Kingdom and the United States Examines each of Shakespeare's plays and major poems using all the resources of contemporary criticism from performance studies to feminist historicist and textual analysis Volumes are organized in relation to generic categories namely the histories the tragedies the romantic comedies and the late plays problem plays and poems Each volume contains individual essays on all texts in the relevant category as well as more general essays looking at critical issues and approaches more widely relevant to the genre Offers a provocative roadmap to Shakespeare studies at the dawning of the twenty first century This companion to Shakespeare's histories contains original essays on every history play from Henry VI to Henry V as well as fourteen additional articles on such topics as censorship in Shakespeare's histories the relation of Shakespeare's plays to other dramatic histories of the period Shakespeare's histories on film the homoerotics of Shakespeare's history plays and nation formation in Shakespeare's histories

Political Shakespeare Introduction

In the digital age, access to information has become easier than ever before. The ability to download Political Shakespeare has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Political Shakespeare has opened up a world of possibilities. Downloading Political Shakespeare provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Political Shakespeare has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Political Shakespeare. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Political Shakespeare. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Political Shakespeare, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Political Shakespeare has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Political Shakespeare Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Political Shakespeare is one of the best book in our library for free trial. We provide copy of Political Shakespeare in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Political Shakespeare. Where to download Political Shakespeare online for free? Are you looking for Political Shakespeare PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Political Shakespeare. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this.
