Psi Healing:

Satan's Counterfeit Healing Lawrence E. Burkholder, 2019-09-30 The Christian church worldwide has been taken prisoner by Satan's counterfeit healing. This statement is based on the author's personal experience, modest exposure to the Toronto Blessing, observation of parachurch healing ministries, and extensive historical reconstructions. Satan's Counterfeit Healing presents and evaluates Satan's supernatural healing from the Paleolithic period (ca. 45,000 BCE) to the contemporary church. The guiding thesis is that Satan and his demonic surrogates perform miracles which are evident as psi/paranormal phenomena. These manifestations include physical and exorcistic supernatural healings. Paleolithic and Neolithic periods produced Great Mother goddess worship and healing which have persisted ever since. These idolatries combined with OT nature gods were a backdrop to Jesus' true miracles. For two thousand years of church history, there's been a tug of war between true and false healing. Mother goddess as Mariological shrine healing joined with natural and demonic magic and esoteric energy/psi. Alongside these, the Holy Spirit has raised up genuine healers and their ministries. Modern healing is marked by energy counterfeits and faith healing, the latter especially accompanied by trance, false prophecy, and psi transformations. True divine healing can be recovered when Christians repudiate nature gods, reject false prophecy, and restore proper eschatology.
