Quiet Rage Bernie Goetz In A Time Of Madness:

Quiet Rage Lillian B. Rubin,1988-01-01 *Criminological Perspectives* Eugene McLaughlin,John Muncie,2013-02-20

This revised and expanded Third Edition of the internationally acclaimed *Criminological Perspectives* is the most comprehensive reader available in the field. Wide ranging and global in scope and coverage, *Criminological Perspectives* will enable you to critically engage with the various concepts and theoretical positions that you will encounter throughout your studies. In addition to essays that have had a seminal influence on the development of criminology, new articles have been included to cover topics of contemporary criminological significance including surveillance, digitized crime, terrorism and political violence, environmental crime, human trafficking, techno social networks, narco crime, global inequalities. The 56 articles are organised thematically, complete with introductions that place them in context and to illustrate the approaches taken by different schools of criminological thought. *Criminological Perspectives* will prove an indispensable resource whether you are studying criminology, criminal justice studies, socio legal studies, penology, security studies, surveillance studies or sociology.

No Duty to Retreat Richard Maxwell Brown,1992-01-23 In 1865 Wild Bill Hickok killed Dave Tutt in a Missouri public square in the West's first notable walkdown. One hundred and twenty nine years later Bernhard Goetz shot four threatening young men in a New York subway car. Apart from gunfire, what could the two events possibly have in common? Goetz writes Richard Maxwell Brown was acquitted of wrongdoing in the spirit of a uniquely American view of self defense: a view forged in frontier gunfights like Hickok's. When faced with a deadly threat we have the right to stand our ground and fight. We have no duty to retreat. *No Duty to Retreat* offers an engrossing account of how this idea of self defense emerged, focusing in particular on the gunfights of the frontier and their impact on our legal traditions. The right to stand one's ground, Brown tells us, appeared relatively recently. Under English common law the threatened party had a legal duty to retreat to the wall before fighting back. But from the nineteenth century on, such authorities as Justice Oliver Wendell Holmes rejected this doctrine as unsuited to both the American mind and the age of firearms. Brown sketches the influence of frontier violence, demonstrating the tremendous impact of the famous gunmen and the prevalence of what he calls grassroots gunfighters: unsung men who resorted to their guns at a moment's notice. These duels, ambushes and firefights, he writes, were more than personal vendettas. They were part of a Western Civil War of Incorporation, pitting gunmen, usually Republicans and Unionists who sided with the expanding banks, railroads and businesses, against cowboys and independent farmers who were often Democrats sympathizing with the Confederacy. Brown examines the gunfight near

the O K Corral in this light showing how it was a climax of tensions between Tombstone s Republican businessmen represented by Wyatt Earp and the county s cowboys led by the Clantons and McLaurys He also looks at such lesser known battles as the Mussel Slough war in which resisting farmers imbued with the no retreat ethic fought for their independent lifestyle against encroaching rail barons This Civil War of Incorporation fed the violence of the West and reinforced the legal doctrine of no duty to retreat The frontier days are long past but Brown shows how the ethic of no retreat continues to shape everything from our entertainment to our foreign policy including President Bush s line drawn in the sand to our politics to cases like that of Bernhard Goetz Though challenged as never before by the values of peace and social activism it remains a central theme in American thought and character

Violence in America Ted Robert Gurr,1989-06 Violence in America The History of Crime presents a wealth of new research on the long term dynamics of murder and other crimes of violence The contributors clearly identify and diagnose the painful circumstances of recurring epidemics of violent crime that have swept the American society over the past 150 years Among the possible causes discussed are waves of immigration the social dislocations of war and growing concentrations of urban poverty In addition this engaging volume offers an evaluation of the traits of political assassins and an assessment of the pros and cons of gun control and whether or not it will help to reduce crimes of violence Surprisingly the contributors to this compelling volume present the idea that the past and present dynamics of violent crime projected into the future suggest grounds for cautious optimism This outlook is based on recent increases in effective criminal justice policies and the widespread efforts to remedy the social disintegration that breeds violent crime Students and professionals in history criminology victimology political science and other related fields will find this volume to be essential reading For both volumes This is a major timely and immensely welcome addition to the literature on violence in American society With fresh scholarship and new insights it updates a classic study of violence first published in 1969 It would make a valuable addition to courses on American social history as well as classes specifically addressing violence and crime in this society John J Broesamle California State University Northridge

Fear City Cinema Roger A. Salerno,2022-04-20 This book studies a grouping of films set in New York City between 1965 and 1995 reflecting a town besieged by rampant criminality social distress and physical decay Fear City is a term the NYPD used to label New York as a frightening environment incapable of securing the safety of its residents This book not only deals with the social problems evident in New York during this period but also provides a study of how independent filmmakers were able to capture unsettling urban imagery capitalizing on feelings of paranoia and dread The author explores how the tone of these films reflects upon the anti urbanism that led to the War on Crime the mass exodus of working class people from the city and mass incarceration of young Black men

The Invention of the 'Underclass' Loïc Wacquant,2022-01-28 At century s close American social scientists policy analysts philanthropists and politicians became obsessed with a fearsome and mysterious new group said to be ravaging the ghetto the urban underclass Soon the scarecrow category and its demonic imagery were exported to the United Kingdom and continental Europe and agitated the international study of exclusion in

the postindustrial metropolis In this punchy book Lo c Wacquant retraces the invention and metamorphoses of this racialized folk devil from the structural conception of Swedish economist Gunnar Myrdal to the behavioral notion of Washington think tank experts to the neo ecological formulation of sociologist William Julius Wilson He uncovers the springs of the sudden irruption accelerated circulation and abrupt evaporation of the underclass from public debate and reflects on the implications for the social epistemology of urban marginality What accounts for the lemming effect that drew a generation of scholars of race and poverty over a scientific cliff What are the conditions for the formation and bursting of conceptual speculative bubbles What is the role of think tanks journalism and politics in imposing turnkey problematics upon social researchers What are the special quandaries posed by the naming of dispossessed and dishonored populations in scientific discourse and how can we reformulate the explosive question of race to avoid these troubles Answering these questions constitutes an exacting exercise in epistemic reflexivity in the tradition of Bachelard Canguilhem and Bourdieu and it issues in a clarion call for social scientists to defend their intellectual autonomy against the encroachments of outside powers be they state officials the media think tanks or philanthropic organizations Compact meticulous and forcefully argued this study in the politics of social science knowledge will be of great interest to students and scholars in sociology anthropology urban studies ethnic studies geography intellectual history the philosophy of science and public policy Framing Law and Crime Caroline Joan "Kay" S. Picart, Michael Hviid Jacobsen, Cecil Greek, 2016-04-01 This cutting edge edited collection brings together 17 scholarly essays on two of cinema and television s most enduring and powerful themes law and crime With contributions by many of the most prominent scholars in law sociology criminology and film Framing Law and Crime offers a critical survey of a variety of genres and media integrating descriptions of technique with critical analysis and incorporating historical and socio political critique The first set of essays brings together accounts of the history of the Law and Cinema Movement the groundbreaking genre of post apocalyptic fiction and the policy setting genesis of a Canadian documentary The second section of the book turns to the examination of a range of international or global films with an eye to assessing the strengths frailties and possible functions of law as depicted in fictional cinema After an international focus in the second section the third section focuses on law and crime in American film and television inclusive of both fictional and documentary modes of narration This section s expansion beyond film narratives to include television series attempts to broaden the scope of the edited collection in terms of media discussed it is also a nod to how the big screen although still a dominant force in American popular culture now has to compete to some extent with the small screen for influence over the collective American popular cultural imaginary The fourth section titled brings together various chapters that attempt to instantiate how a Gothic Criminology could be useful as an interpretative framework in analyzing depictions of law and crime in film and television The fifth and final section covers issues of pedagogy epistemology and ethics in relation to moving images of law and crime Merging wide ranging analyses with nuanced scholarly interpretations Framing Law and Crime examines key concepts and

showcases original research reflecting the latest interdisciplinary trends in the scholarship of the moving image It addresses not only scholars but also fans and will heighten the appreciation of connoisseurs and newcomers to these topics alike A Crime of Self-Defense George P. Fletcher,1990-06-15 Legal expert George Fletcher uses the celebrated trial of New York s Subway Vigilante Bernhard Goetz as a springboard to probe the profound relationship between this defensive action the public s understanding of it and the court s interpretation of it according to the law **Second Wounds** Carrie A.
