Siberia. Un año después Daniela Alcívar, 2020-09-04 Siberia es la escritura de un duelo que se vive en el cuerpo en la mente y en el lenguaje Es el duelo de una madre que pierde a su hijo y que abandona la ciudad que ha sido su hogar durante quince años pero es también la búsqueda de la palabra que exprese a la vez el dolor de la ausencia y el hambre por la luz Daniela Alcívar Bellolio una de las voces más honestas y radicales de la literatura ecuatoriana explora en su primera novela la muerte y el deseo desde un lugar de extrema vulnerabilidad el de la experiencia de la pérdida Aquí no existe el artificio del orden narrativo sino lo conmovedor del caos de un cuerpo doliente que grita el vacío que lleva adentro y que trabaja una palabra política e indomesticada un lenguaje habitado por el miedo la culpa y la necesidad de sosiego Un año después experimenta con la escritura tras el traspaso de la crisis Si en Siberia lo que se pone en juego es el alcance del dolor mientras acontece este relato se pregunta por lo que ocurre cuando el paisaje ha retornado aparentemente a la calma aunque esa calma siga afectada por los espasmos del horror *Veinte años después* Alexandre Dumas, 1854 **Sagrada Biblia** , 1832

Puerto Rican Discourse Lourdes M. Torres, 2013-12-02 Before conclusions about Spanish in the United States can be drawn individual communities must be studied in their own contexts That is the goal of Puerto Rican Discourse One tendency of previous work on Spanish in the United States has been an eagerness to generalize the findings of isolated studies to all Latino communities but the specific sociocultural contexts in which people and languages live often demand very different conclusions The results of Torres work indicate that the Spanish of Puerto Ricans living in Brentwood continues to survive in a restricted context Across the population of Brentwood for Puerto Ricans of all ages and language proficiencies the Spanish language continues to assume an important practical symbolic and affective role An examination of the structural features of 60 oral narratives narrative components and the verbal tenses associated with each overall Spanish verb use and clause complexity reveals little evidence of the simplification and loss across generations found in other studies of Spanish in the United States English dominant Puerto Ricans are able Spanish language narrators demonstrating a wide variety of

storytelling skills The structure of their oral narratives is as complete and rich as the narratives of Spanish dominant speakers The content of these oral narratives of personal experience is also explored Too often in studies on U S Spanish sociolinguists ignore the words of the community the focus is usually on the grammatical aspects of language use and rarely on the message conveyed In this study oral narratives are analyzed as constructions of gendered and ethnically marked identities The stories demonstrate the contradictory positions in which many Puerto Ricans find themselves in the United States All of the speakers in this study have internalized to a greater or lesser extent dominant ideologies of gender ethnicity and language at the same time that they struggle against such discourse The analysis of the discourse of the community reveals how the status quo is both reproduced and resisted in the members narratives and how ideological forces work with other factors such as attitudes to influence the choices speakers make concerning language use A special feature of this book is that transcripts are provided in both Spanish and English This volume combines ethnographic quantitative and qualitative discourse methodologies to provide a comprehensive and novel analysis of language use and attitudes of the Brentwood Puerto Rican community Its rich linguistic and ethnographic data will be of interest to researchers and teachers in cultural communication ethnic Hispanic American studies sociolinguistics and TESL
