Saturday Review ,1867      The Saturday Review of Politics, Literature, Science and Art ,1867      **The Tragedy of Hamlet, Prince of Denmark** William Shakespeare,1929      Singing with Lolli Ermes Culòs,2008-07-31 This is an English translation of my Friulian Cjamin nt cun Lolli a book which tries to come to grips with what is most meaningful in a dog s and a man s life      **In search of a Creator** Dr.AtowarRahman,2022-07-01 Serious studies and researches have been pursued by numerous scientists of different ages to know the causes of the origin structure and ultimate fate of the Universe including the natural phenomena and the different living and non living things As a result of untiring efforts it has become possible to gather significant knowledge of the earth and other planets of the solar system other stars besides the sun other galaxies besides the Milky Way and many other objects of our planet and the sky Serious and advanced researches are going on to know more about the Universe There are descriptions of the Universe and of human embryology in some verses of the Islamic Holy Book Al Qur an These descriptions are very brief and indicative in nature The Holy Qur an has mentioned the fundamental picture of the Universe physical laws governing the Universe and its relation with man It has asked man to study nature and reflect on innumerable signs available in nature to confirm that there is a Creator of all objects and the physical laws governing them and urges man to ponder over the results of findings in order to get a glimpse of the infinite power and scientific talent of the Creator of the Universe In this book entitled In search of a Creator some scientific findings about the Universe obtained as a result of intensive studies and researches have been briefly discussed and the same have been compared with the information available in the Holy Qur an The main topics among others discussed in this book are the earth the moon the sun galaxies origin of the Universe and its structure origin of man etc Efforts have been made to explain the relevant verses of the Holy Qur an and compared the same with the available scientific data It is a great satisfaction that not a single discrepancy has been observed between the Qur anic revelations and the results of scientific studies Rather the Holy Book has supported the theories and scientific results obtained so far by the scientists and it is concluded from various angles of view that there is a Creator of the Universe and all living and nonliving objects within it Of course scientists have not been able to establish the truth or verify the facts about the existence of a Creator existence of soul life after death etc But the Holy Qur an is not only the supporter of their existence but also strongly advocates believing those as facts It is also a fact that scientists have limitations in their knowledge and may commit errors and therefore should change their mindsets and seriously study these fields also In that case the Holy Qur an would be an authentic guide for them

2020 with 84 books I believe there is a great need in the whole world for the correct interpretation of the Holy Quran to be written in English Currently there is a great misunderstanding about Islam among Muslims and non Muslims globally The misunderstanding of the meaning of the Holy Quran among Muslims will lead to the wrong practice of Islam which leads to the wrong actions of Muslims The wrong actions of Muslims will lead to misunderstandings about Islam among Muslims and non Muslims The wrong actions of the Muslims have led to many miseries and wars among Muslims The wrong actions of Muslims have also led to many wars and clashes between Muslims and non Muslims In order to avoid miseries wars and clashes from taking place between the whole mankind in the whole world the whole mankind in the whole world need to understand the true teaching of Islam There is no other way for the whole mankind to understand the true teaching of Islam unless the whole mankind is able to read and understand the correct interpretation of the Holy Quran The whole mankind is only able to read and understand the correct interpretation of the Holy Quran when it is written in the universal language of the world English For this very reason I have written the interpretation of the Holy Quran in English Prof Nasoha Bin Saabin
