Yang,2025-02-11 In the 1960s when Kalia s mother Chue was born the US was actively recruiting Hmong Laotians to assist
with CIA efforts in Laos s Secret War By the time Chue was a teenager the US had completely vacated Laos and the country
erupted into genocidal attacks on the Hmong people who were perceived as traitorous for their involvement Notably from
1964 1973 Laos became victim to the heaviest bombardment by the United States against communist Pathet Lao becoming
the most heavily bombed country in history Fearing vengeful soldiers looking to take their lives Chue and her family quickly
fled their village for the jungle leaving all that they knew behind Perpetually on the run the family was often on the brink of
starvation and death loomed During this tumultuous period Chue met her husband Bee and unwittingly left her mother
behind forever when she escaped to a refugee camp with his family a mistake she would regret for the rest of her life There

Chue Bee and their daughters lived in a state of constant fear and hunger until they finally made it to America. The determined couple enrolled in high school classes despite being in their late twenties and worked grueling factory jobs to provide for their family yet most who meet Chue know nothing of her extraordinary resilience and traumatic past. In *Where Rivers Part* told from her mother's point of view Kao Kalia Yang unveils her mother's epic struggle towards safety and the important undocumented history of a time and place most US readers know nothing about offering insight into America's Secret War in Laos with tenderness and unvarnished clarity. In doing so she excavates the plight of many refugees who suffer silently and are often overlooked as one of the essential foundations of this country. For readers of *The Wild Swans* by Jung Chang *The Spirit Catches You When You Fall Down* by Anne Fadiman and those who flock to stories about survival during wartime *Where Rivers Part* is not only a personal account of resilience and survival but also a powerful and transporting look into Laos's Secret War and the lived experiences of the Hmong people. **Because I Don't Have Wings** Philip

Garrison, 2022-10-04 For Mexican workers the agricultural valleys of the inland Northwest are a long way from home. But there they have established communities settlements recent enough that it feels like these newly arrived immigrant mexicanos are pioneers still getting used to the Anglos and to each other. This book looks at the inner lives of Mexican immigrants in a northwestern U.S. boomtown a loose collection of families from Michoacán and surrounding states living a mere 150 miles from Canada. They are more isolated than most mexicano communities closer to home and they endure severe winters that make life more difficult still. Neighborhoods form dissolve and re-form. Family members who leave may stay in touch but friends very often simply vanish leaving only their nicknames behind. Without a market or a plaza residents meet at weddings christenings and funerals or at the food bank. Philip Garrison has spent most of his life in this region and shares in vivid prose tales of immigrant life both contemporary and historical revealing the dual lives of first generation Mexican immigrants who move smoothly between the Yakima Valley and their homes in Mexico. And with a scholar's eye he examines figures of speech that reflect mexicano feelings about immigrant life offering glimpses of adaptation through offhand remarks family spats and town gossip. Written with irony but bursting with compassion *Because I Don't Have Wings* features vivid characters telling anecdotes and poignant reflections on life unfolding an immigrant's world strikingly different from the one we usually read about. Adaptation persistence and survival we learn are traits that mexicano culture values. We also learn that over time mexicano immigrants don't merely adapt to the culture of el norte they transform it.
