**Women's Studies** Linda Krikos, Cindy Ingold, 2004-08-30 This truly monumental work maps the literature of women's studies covering thousands of titles and Web sites in 19 subject areas published between 1985 and 1999. Intended as a reference and collection development tool, this bibliography provides a guide for women's studies information for each title along with a detailed, often evaluative review. The annotations summarize each work's content, its importance or contribution to women's studies, and its relationship to other titles on the subject. Core titles and titles that are out of print are noted, and reviews indicate which titles are appropriate as texts or supplemental texts. This definitive guide to the literature of women's studies is a must purchase for academic libraries that support women's studies programs, and it is a useful addition to any academic or public library that endeavors to represent the field. A team of subject specialists has taken on the immense task of documenting publications in the area of women's studies in the last decades of the 20th century. The result is this truly monumental work which maps the field covering thousands of titles and Web sites in 19 subject areas published between 1985 and 1999. Intended as a reference and collection development tool, this bibliography provides a guide for women's studies information for each title along with a detailed, often evaluative review. The annotations summarize each work's content, its importance or contribution to women's studies, and its relationship to other titles on the subject. Most reviews cite and describe similar and contrasting titles, substantially extending the coverage. Core titles and titles that are out of print are noted, and reviews indicate which titles are appropriate as texts or supplemental texts. Taking up where the previous volume by Loeb Searing and Stineman left off, this is the definitive guide to the literature of women's studies. It is a must purchase for academic libraries that support women's studies programs and a welcome addition to any academic or public library that endeavors to represent the field.

*Quotable Women* Running Press, 1989-10-04 An intriguing collection of quotations from women of all eras and walks of life providing wise and witty insights into the joys and sorrows of being a wife, mother, lover, friend, and career person. With full color illustrations.

*New York Women of Wit in the Twentieth Century* Sabrina Fuchs Abrams, 2023-12-05 Seen as too smart, too sassy, too sexy, and too strident, female humorists have been resisted and overlooked. *New York Women of Wit in the Twentieth Century* corrects this tendency, focusing on the foremothers of women's humor in modern America who used satire, irony, and wit as indirect forms of social protest. This book focuses on the women who stood on the periphery of predominantly male New York intellectual circles in the twentieth century. Sabrina Fuchs Abrams argues that the advent of modernism, the women's suffrage movement, the emergence of the New Woman, and the New Negro Woman, and the growth of urban centers in the 1920s and 30s gave rise to a new voice of women's humor, one that was at once defiant and conflicted in defining female identity and the underlying assumptions about gender roles in American society. Her study gives special attention to the contributions of the satirists Edna St. Vincent Millay (pseudonym Nancy Boyd), Tess Slesinger, Dorothy Parker, Jessie Redmon Fauset, Dawn Powell, and Mary McCarthy. Grounded in theories of

humor feminist and critical race theory and urban studies this book will find an audience among scholars and students interested in women writers feminist humor modern American literature and African American studies      **Quotable**
