Secularism and the Pursuit of Transcendence, Volume I Stanley E. Porter, Wendy J. Porter, 2025-02-20 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to

explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent's pursuit of us

A Beautiful Disaster Marlena Graves, 2014-06-10 Interweaving biblical insights and personal narratives this eloquently written book shows how God often uses suffering and desert experiences to form us into Christ's image Marlena Graves shares her experiences of growing up poor in a house plagued by mental illness as a means to explore the forces God uses to shape us into beautiful people in the midst of brokenness This book offers a window into suffering through the motif of desert spirituality revealing how God can use our painful experiences to show himself faithful While no one welcomes suffering God often uses desert experiences those we initially despise and wouldn't wish on anyone to transform us into beautiful souls who better resemble Jesus Graves shows how God can bring life out of circumstances reeking of death and destruction whether those circumstances are crises or daily doses of quiet desperation Readers who have experienced suffering and question God's purpose for it will benefit from this book as will counselors pastors professors and mentors It includes a foreword by John Ortberg and Laura Ortberg Turner

She Who Imagines Laurie Cassidy, Maureen H. O'Connell, 2012-11-01 The idea and ideal of beauty has been used to oppress women of different ages body types skin color and physical ability The theoretical discussion of aesthetics has also been conditioned by these same dynamics of power and oppression In *She Who Imagines* a diverse set of scholars challenges the exclusion and false definitions while constructing capacious ideas that discover beauty in unexpected places In these essays the authors draw on a variety of arts media painting photography portraiture craftwork

poetry and hip hop music thereby joining beauty to truth and in a richly defining way to the practice of justice In a variety of ways all the essays link women s definitions of beauty with experiences of suffering and hence with the yearning for justice All clearly prize resistance to degradation as an essential element of thought **Bridge of Sand** Janet Burroway,2009 Dana the widow of a senator sells her home in Pennsylvania and retraces her roots in the South where she reconnects with Cassius Huston but after being threatened by Cassius s African American family Dana flees to the Gulf Coast where she finally finds herself in a place and culture she never could have anticipated **Pilgrim Journey** Curtis W. Freeman,2023-09-19 In Pilgrim Journey Curtis W Freeman guides newly baptized Christians to discern the mysteries of the gospel It is a sequel and companion volume to Pilgrim Letters Instruction in the Basic Teaching of Christ Fortress 2020 *Tuning the Rig* Fred Herron,2012-07-10 To tune the rig describes adjusting a ship s rigging the rig of a well tuned boat allows the sails to function well This task must be performed to ensure the best performance by the ship Tuning the Rig takes that metaphor as a guide for Catholic educators and administrators as well as for the larger church It argues from a variety of perspectives rooted in the Catholic imagination that the rig constantly needs to be re tuned to balance between visions of the church as teacher and learner Why should this matter to Catholic educators To Herron our understanding of the church as learner is at the heart of our understanding of ourselves as disciples One of the logical consequences of this era of baptismal consciousness is a rising awareness on the part of the laity that their task is not simply to pay pray and obey but to grow and journey in faith Herron s focus ranges from issues closely pertaining to Catholic schools to the larger questions of the Catholic imagination The underlying thread however is the challenge of maintaining the richness of the Catholic imagination of tuning the rig in changing times and the ordinary life of the church
