Quran And Its Interpreters:

Qur'an and Its Interpreters, The, Volume 1 Mahmoud M. Ayoub, 1984-06-30 The Qur'an and Its Interpreters introduces the Western reader to the Qur'an as Muslims have understood it. The record of the Qur'an in the community as a force shaping the life of Muslims can be most clearly discerned through the vast literature of interpretation known as tafsir. This multivolume work is based on a large number of tafsir sources representing all the major religious schools and stages of Muslim history for the last one thousand years. It will cover the entire Qur'an. This first volume consists of an introduction to the science and sources of interpretation of the Qur'an and the first two surahs of the Qur'an. The treatment is comprehensive and thorough. While the work is based entirely on primary sources, this volume includes a substantial bibliography of works on the Qur'an in Western languages. The Qur'an is the word of God as it was revealed to the prophet Muhammad, interiorized by the community, then shaped into an earthly book whose original archetype is with God. Dr. Ayoub concerns himself not with the history of the Qur'an but with the way it was collected and fixed into an official codex, the recension of which has voiced the community's prayers and devotions, set its legal norms and moral standards, and occupied its best minds for more than thirteen hundred years. Frank,2004-06-01 The Jewish Bible commentary was created in the Islamic East during the tenth century by scholars seeking a rational systematic approach to Scripture Among its earliest champions were the Karaites scripturalists who denied rabbinic authority Seeking to restore Judaism to its biblical roots they wrote numerous commentaries in Judeo Arabic Through the investigation of key topics this book traces the contours of early Karaite biblical exegesis Subjects covered include halakhic indeterminacy dream interpretation the Song of Songs as salvation history Psalms exegesis as liturgical commentary and inter religious polemics The exegetes discussed include Ya qub al Qirqisani Salmon b Yeruhim Sahl b Masliah and above all Japheth b Eli Extensive selections from unpublished manuscripts are presented in English translation and the original Judeo Arabic **The Miraculous Quran and Some of its Mysteries** Bediuzzaman Said Nursi,2009-04-01 This book presents a brief comparison between the Qur an s sacred wisdom and human philosophy a concise summary of the Qur anic instruction and training for humanity s personal and social life Quran 5 Joseph C. Codsi,2010-04-29 The Forbidden Rumi and I Rumi is a great Muslim mystic and poet His faith in God does not deter him from riding the winds of dangerous thinking and free expression His most audacious poems were published in a collection called The Forbidden Rumi I have chosen one of them and interspersed its verses between the chapters of my book I wanted to let some fresh air in my dry discussion of the Quranic text You see the fifth chapter of the Quran was the last one to have been composed It discusses theological questions and lacks the poetic rhythm of the much shorter chapters of the early days I am neither a poet nor a mystic I am not even a Muslim And yet I feel I have something in common with a Rumi I do not let the requirements of Islamic tradition the strict rules of modern scholarship and the taboos of our time constrict my freedom to say what I think and to explain my forbidden views I do so however in a friendly manner and without any animosity My study of the Quran is based on knowledge not on faith My purpose is not to provide spiritual ammunition to the faith It is much more prosaic I propose a new way of reading the Quranic text Instead of seeing in it a divine revelation I see in it the work of a man called Muhammad I do what is forbidden for a believer But I recognize the believer s right to see in the Book the very words of God **Traditional Islamic Environmentalism** Tarik M. Quadir,2013-09-16 This work examines the relevance of traditional Islamic thought and practices for a lasting solution to the current environmental crisis Quadir describes how Seyyed Hossein Nasr challenges Muslims to reclaim their traditional intellectual and Sufi heritage as powerful means toward a most thoughtful approach to the crisis In so doing Nasr urges us to take a critical look at the consequences of the worldviews generated by modern science and technology and offers bold solutions for a more caring relationship between man and nature The book argues that only a revival of the traditional worldview which perceives all entities of nature as

signs of God can effectively respond to the crisis our planet faces **The Mission and Death of Jesus in Islam and Christianity** Mathias Zahniser, 2015-03-11 The common wisdom is that Christians and Muslims should dialogue only about what they agree on This book takes a different approach As the author observes If we focus only on our common ground we will miss some of the motivating force of our traditions because that force derives not only from what we hold in common but also from those convictions that keep us apart *A Comparative History of Catholic and Aš'arī Theologies of Truth and Salvation* Mohammed Gamal Abdelnour, 2021-05-25 In *A Comparative History of Catholic and A ar Theologies of Truth and Salvation* Mohammed Gamal Abdelnour analytically and critically compares the historical development of the Catholic theologies of truth and salvation with those of its Islamic counterpart A arism The monograph moves the discussion from individual theologians to theological schools with a view to helping consolidate the young field of Comparative Theology It serves two types of readers First the specialist who wants to dig deeper into the two traditions parallelly Second the generalist who may not have the time to become thoroughly familiar with every aspect of Christian Muslim theologies Both readers will come out with a holistic understanding of the development of Christian and Muslim theologies of truth and salvation a holistic understanding that increases the appetite of the former and quenches that of the latter Despite the holistic nature of the monograph attention is duly paid to the specificities of each tradition in a deep and profound manner

Tanakh Epistemology Douglas Yoder, 2020-05-21 In this volume Douglas Yoder uses the tools of modern and postmodern philosophy and biblical criticism to elucidate the epistemology of the Tanakh the collection of writings that comprise the Hebrew Bible Despite the conceptual sophistication of the Tanakh its epistemology has been overlooked in both religious and secular hermeneutics The concept of revelation the genre of apocalypse and critiques of ideology and theory are all found within or derive from epistemic texts of the Tanakh Yoder examines how philosophers such as Spinoza Hume and Kant interacted with such matters He also explores how the motifs of writing reading interpretation image and animals topics that figure prominently in the work of Derrida Foucault and Nietzsche appear also in the Tanakh An understanding of Tanakh epistemology he concludes can lead to new appraisals of religious and secular life throughout the modern world

Contemporary Rationalist Islam in Turkey Gokhan Bacik, 2021-07-29 Nineteenth century Istanbul was an intellectual hub of rich discussions about Islam in which leading reformists had a significant role Turkey today appears to be an intellectual vacuum to anyone searching for ongoing critical engagement with Islam The main purpose of this book is to adjust this view of Turkey by showcasing the modern Turkish theologians who challenge mainstream Sunni interpretations of Islam Labelling these theologians as rationalist rather than reformist the author reveals that their theology is inherently anti establishment and thus a religiously oriented challenge to the hegemony of the state sanctioned Islam for the rationalists Turkey s problems have their origins in the Sunni interpretation of Islam *Contemporary Rationalist Islam in Turkey* analyses nine prominent scholars of Islam who provide a religious opposition to the Sunni revival in Turkey H seyin Atay Yasar Nuri zt rk M Hayri

Kirbasoglu Ilhami G ler R Ihsan Elia ik mer zsoy Mustafa zt rk Israfil Balci and Mehmet Azimli These scholars writings are almost exclusively published in Turkish so this book makes their ideas available in English for the first time It also examines the scope methodology and argumentation of the scholars theology categorizing their theological interpretations from historicist to universalist and from empiricist to rationalist In identifying a new rationalist school of Turkish theology and outlining its different manifestations the book breaks new ground It fills a significant gap in the literature on Islamic studies and reveals an understudied dimension of Turkey and Turkish Islam beyond the well known ideas of the AKP and the Gulenists

Believing Women in Islam Asma Barlas, 2019-02-28 Does Islam call for the oppression of women The subjugation of women in many Muslim countries is often used as evidence of this while many Muslims read the Qur an in ways that seem to justify sexual oppression and inequality In this paradigm shifting book Asma Barlas argues that far from supporting male privilege the Qur an actually affirms the complete equality of the sexes Offering a historical analysis of religious authority and knowledge Barlas shows how for centuries Muslims have read patriarchy into the Qur an to justify existing religious and social structures In this seminal volume she takes readers into the heart of Islamic teachings on women gender and patriarchy offering an egalitarian reading of Islam s most sacred scripture This revised edition includes two new chapters a new preface and updates throughout
