A Very Popular Exile Ashis Nandy, 2007 This is a collection of three significant works of Ashis Nandy *The Tao of Cricket* *An Ambiguous Journey to the City* and *Traditions Tyranny and Utopias* In *The Tao of Cricket* Nandy shows how a game once identified with the British Empire and a preserve of the British gentry is now more South Asian than English He examines the sneaking entry of the modern urban industrial ethic and mass culture into a game that used to thrive on its ability to be a living critique of modern life Through the story of Indian cricket he attempts a systematic analysis of world views ideologies cultural exchanges and political choices *An Ambiguous Journey to the City* concerned with the apparently territorial journey between the village and the city captures some of the core fantasies and anxieties of Indian civilization over the past century Nandy argues that the decline of the village from the creative imagination of Indians in recent decades

has altered the meaning of this journey drastically and that the true potentialities of Indian cosmopolitanism cannot be realized without renegotiating the myth of the village. Traditions, Tyranny and Utopias is a collection of essays on the modern West and its cultural and psychological impact on the East. Nandy analyses brilliantly and insightfully aspects of East-West relationship from Western visions which have displaced all other ideals of a good society to Western histories that have displaced all other pasts of the East. Yet the apparently defeated have through the likes of Gandhi and Sen, who tried to subvert the West's construction of the rest and to ensure cultural survival and an open-ended future. This volume is essential reading for social scientists, policymakers, activists, and anyone interested in the way Indian politics and culture are now enmeshed with a global struggle to protect human dignity and democratic values. This is the third omnibus edition of Ashis Nandy's writings, the first two being *Exiled at Home* and *Return from Exile*. Jacket

Knit India Through Literature Volume IV - The North - Urdu Sivasankari, 2024-05-23. Knit India Through Literature is a mega literary project, first of its kind in Indian literature. It is the result of the penance yagna done for 16 years by Sivasankari, noted Tamil writer. Knit India Through Literature has involved intense sourcing, research, and translation of literature from 18 Indian languages. The project, she says, aims to introduce Indians to other Indians through literature and culture and help knit them together. The interviews of stalwart writers from all 18 languages, approved by the eighth schedule of the Indian Constitution, accompanied by a creative work of the respective writer, are published with her travelogues of different regions along with an in-depth article by a scholar on the cultural and literary heritage of each of the language in four volumes: South, East, West, and North respectively. Her travelogues, her interviews, and the overview of each literature she has sought all reveal one important unity: the concern our writers and poets express in their works for the problems that beset our country today. Through her project, Sivasankari feels writers can make an invaluable contribution with their writings to change the thinking of the people and help eliminate those problems. In this volume, she deals with Urdu, one of the languages spoken in the northern region of India.
