**Stories Rabbits Tell** Susan E. Davis, Margo DeMello, 2003-08 Revered as a symbol of fertility sexuality purity and childhood beloved as a children's pet and widely represented in the myths art and collectibles of almost every culture the rabbit is one of the most popular animals known to humans Ironically it has also been one of the most misunderstood and abused Indeed the rabbit is the only animal that our culture adores as a pet idolizes as a storybook hero and slaughters for commercial purposes Stories Rabbits Tell takes a comprehensive look at the rabbit as a wild animal ancient symbol pop culture icon commercial product and domesticated pet In so doing the book explores how one species can be simultaneously adored as a symbol of childhood think Peter Rabbit revered as a symbol of female sexuality e.g. Playboy Bunnies dismissed as a dumb bunny in domesticity and loathed as a pest in the wild The authors counter these stereotypes with engaging analyses of real rabbit behavior drawn both from the authors' own experience and from academic studies and place those behaviors in the context of current debates about animal consciousness In a detailed investigative section the authors also describe conditions in the rabbit meat fur pet and vivisection industries and raise important questions about the ethics of treating rabbits as we do The first book of its kind Stories Rabbits Tell provides invaluable information and insight into the life and history of an animal whom many love but whom most of us barely know As such it is a key addition to the current thinking on animal emotions intelligences and welfare and the way that human perceptions influence the treatment of individual species

desert Southwest since the 1970s Recently his activism helped persuade the U S government to create the Sonoran Desert National Monument in southern Arizona But in working for environmental preservation Bowden refuses to be one who outlines something straightforward a manifesto with clear rules and a set of plans for others to follow In this deeply personal book he brings the Sonoran Desert alive not as a place where well meaning people can go to enjoy nature but as a raw reality that defies bureaucratic and even literary attempts to define it that can only be experienced through the senses *Inferno* burns with Charles Bowden's passion for the desert he calls home I want to eat the dirt and lick the rock Or leave the shade for the sun and feel the burning I know I don't belong here But this is the only place I belong he says His vivid descriptions complemented by Michael Berman's acutely observed photographs of the Sonoran Desert make readers feel the heat and smell the dryness see the colors in earth and sky and hear the singing of dry bones across the parched ground Written as an antibiotic during the time Bowden was lobbying the government to create the Sonoran Desert National Monument *Inferno* repudiates both the propaganda and the lyricism of contemporary nature writing Instead it persuades us that we need these places not to remember our better selves or our natural self or our spiritual self We need these places to taste what we fear and devour what we are We need these places to be animals because unless we are animals we are nothing at all That is the price of being a civilized dude     Paul and his dog (v. 2) Paul de Kock,1904     *Novels By Paul De Kock* Paul de Kock,2020-07-24 Reproduction of the original Novels By Paul De Kock by Paul de Kock
