bullet that struck down Israeli Prime Minister Yitzhak Rabin was a prospective peace accord between Syria and Israel For the first time a negotiator who had unique access to Rabin as well as detailed knowledge of Syrian history and politics tells the inside story of the failed negotiations His account provides a key to understanding not only U S diplomacy in the Middle East but also the larger Arab Israeli peace process During the period from 1992 to 1996 Itamar Rabinovich was Israel s ambassador to Washington and the chief negotiator with Syria In this book he looks back at the course of negotiations terms of which were known to a surprisingly small group of American Israeli and Syrian officials After Benjamin Netanyahu s election as Israel s prime minister in May 1996 a controversy developed Even with Netanyahu s change of policy and harder line toward Damascus Syria began claiming that both Rabin and his successor Peres had pledged full withdrawal from the Golan Heights Rabinovich takes the reader through the maze of diplomatic subtleties to explain the differences between hypothetical discussion and actual commitment To the students of past history and contemporary politics he writes nothing is more beguiling than the myriad threads that run across the invisible line which separates the two The threads of this story include details of Rabin s negotiations and their impact through two subsequent Israeli administrations in less than a year the American and Egyptian roles and the ongoing debate between Syria and Israel on the factual and legal bases for resuming talks The author portrays all sides and participants with remarkable flair and empathy as only a privileged player in the events could do In any assessment of future negotiations in the Middle East Itamar Rabinovich s book will prove indispensable

The Political Psychology of Israeli Prime Ministers Yael S. Aronoff,2014-05-29 This book examines leaders of the seemingly intractable conflict between Israel and its Palestinian neighbors It takes as an intellectual target of opportunity six Israeli prime ministers asking why some of them have persisted in some hard line positions but others have opted to become peacemakers This book argues that some leaders do change and above all it explains why and how such changes come about This book goes beyond arguing simply that leaders matter by analyzing how their particular belief systems and personalities can ultimately make a difference to their country s foreign policy especially toward a long standing enemy Although no hard liner can stand completely still in the face of important changes only those with ideologies that have specific components that act as obstacles to change and who have an orientation toward the past may need to be replaced for dramatic policy changes to take place **Matrix for Assassination** Richard Gilbride,2009-10-26 A phantom haunts Americathe ghost of Dealey

Plaza where President John F Kennedy was shot on November 22 1963 In *Matrix for Assassination* author Richard Gilbride a schoolboy in 1963 who became fascinated with the facts condenses much of the research conducted in recent years after a mountain of new data became available from classified files with the passing of the John F Kennedy Assassination Records Collection Act of 1992 *Matrix for Assassination* names the names It offers simple and defensible solutions to many of the crimes lasting enigmas Who were the shooters Who forced Ruby to kill Oswald Who orchestrated Kennedys autopsy cover up What actually happened in the book depository Were the Dallas police in on the plot The Pentagon LBJ The CIA Thoroughly referenced with 300 accompanying photographs *Matrix for Assassination* is bookended by two events which draw it through the tabloids and into the X Files Marilyn Monroe s strange death and JFKs clash with an above top secret UFO cabal Her murder was a prelude to Dallas at the heart of the military industrial complex dwelt a sinister darkness that originated in Nazi Germany **Israeli Politics and the Middle East Peace Process, 1988-2002** Hassan A. Barari,2004-07-31 The book is a fresh interpretation of Israeli foreign policy vis vis the peace process one that deems domestic political factors as

the key to explain the shift within Israel from war to peace The main assumption is that peacemaking that entails territorial compromise is an issue that can only be completely comprehended by understanding the interaction of domestic factors such as inter party politics ideology personality and the politics of coalition Although the bulk of the book focuses on how internal inputs informed the peace process the book takes into account the external factors and how they impacted on the internal constellation of political forces in Israel
