Race Perdue:

This Will Not Pass Jonathan Martin,Alexander Burns,2023-05-02 With stunning in the room detail New York Times reporters Jonathan Martin and Alexander Burns show how both our political parties confronted a series of national traumas including the coronavirus pandemic the January 6 attack on the Capitol and the political brinksmanship of President Biden s first year in the White House From Donald Trump s assault on the 2020 election and his ongoing campaign of vengeance against his fellow Republicans to the behind the scenes story of Biden s selection of Kamala Harris as his running mate and his bitter struggles to unite the Democratic Party this book exposes the degree to which the two party system has been strained to the point of disintegration More than at any time in recent history the long established traditions and institutions of American politics are under siege as a set of aging political leaders struggle to hold together a changing country The Miracle Braves of 1914 Bob Brady,Charles F. Faber,Jack V. Morris,Chip Greene,Peter Bjarkman,Wayne McElreavy,Maurice Bouchard,Jim Elfers,Greg Erion,2014-04-02 Long before the Red Sox Impossible Dream season Boston s now nearly forgotten other team the 1914 Boston Braves performed a baseball miracle that resounds to this very day The Miracle Braves were Boston s first worst to first winners of the World Series Shortly after the turn of the previous century the once mighty Braves had become a perennial member of the National League s second division Preseason pundits didn t believe the 1914 team posed a meaningful threat to John McGraw s powerful New York Giants During the first half of that campaign Boston lived down to such expectations taking up residence in the league s basement Refusing to throw in the towel at the midseason mark their leader the pugnacious George Stallings deftly manipulated his daily lineup and pitching staff to engineer a remarkable second half climb in the standings all the way to first place The team s winning momentum carried into the postseason where the Braves swept Connie Mack s heralded Athletics and claimed the only World Championship ever won by Boston s National League entry And for 100 years the management players and fans of underperforming ball clubs have turned to the Miracle Braves to catch a glimmer of hope that such a midseason turnaround could be repeated Through the collaborative efforts of a band of dedicated members of the Society for American Baseball Research this benchmark accomplishment is richly revealed to the reader in The Miracle Braves of 1914 Boston s Original Worst to First World Series Champions The essence of the miracle is captured through a comprehensive compendium of incisive biographies of the players and other figures associated with the team with additional relevant research pieces on the season After a journey through the pages of this book the die hard baseball fan will better understand why the call to Wait Until Next Year should never be voiced prematurely Includes FOREWORD by Bob Brady THE BRAVES Ted Cather by Jack V Morris Gene Cocreham by Thomas Ayers Wilson Collins by Charlie Weatherby Joe Connolly by Dennis Auger Ensign Cottrell by Peter Cottrell Dick Crutcher by Jerrod Cotosman George Davis by Rory Costello Charlie Deal by Charles F Faber Josh Devore by Peter Gordon Oscar Dugey by Charlie Weatherby Johnny Evers by David Shiner The 1914 Evers Zimmerman Incident and How the Tale

Imagining Alternative Worlds Christoffer Kølvråa, Bernhard Forchtner,2024-11-11 *Imagining Alternative Worlds* explores how the far right employs fictionality as a powerful political tool in the 21st century It does so by examining the far right s own cultural production and commentary through a large collection of its novels novellas short stories and film reviews illustrating how the alternative worlds articulated in such cultural products convey its ideology More specifically the book identifies and analyses four distinct far right cultural imaginaries a primordial a nostalgic a promethean and a nihilist one that each subtly conveys different yet linked ideas about space time race gender and heroic identity By drawing attention to the cultural heterogeneity of the contemporary far right *Imagining Alternative Worlds* offers key insights into the dreams identities and norms such actors hope will define our future The book will be of interest to researchers of the far right of literary media and communication studies and of social and cultural history **The Making of a Southern Democracy** Tom Eamon,2014 *Making of a Southern Democracy* North Carolina Politics from Kerr Scott to Pat McCrory **Modernity Through Letter Writing** Claudia B. Haake,2020-09 *In Modernity through Letter Writing* Claudia B Haake shows how the

Cherokees and Senecas envisioned their political modernity in missives they sent to members of the federal government to negotiate their status. They not only used their letters, petitions and memoranda to reject incorporation into the United States and to express their continuing adherence to their own laws and customs but also to mark areas where they were willing to compromise. As they found themselves increasingly unable to secure opportunities for face to face meetings with representatives of the federal government, Cherokees and Senecas relied more heavily on letter writing to conduct diplomatic relations with the U S government. The amount of time and energy they expended on the missives demonstrates that authors from both tribes considered letters, memoranda and petitions to be a crucial political strategy. Instead of merely observing Western written conventions, the Cherokees and Senecas incorporated oral writing and consciously insisted on elements of their own culture they wanted to preserve, seeking to convey to the government a vision of their continued political separateness as well as of their own modernity.

Veiled Encounters Michael Harrigan, 2008-01-01 Travel narratives were the principal source of knowledge about the lands of the Near East and the Indian Ocean Basin in 17th century France. Claiming the authority of first hand observation, they paradoxically rely for their legitimization on the tropes of an established literary tradition. The status of these texts remained ambiguous, not least because of their anecdotal depictions of great riches, brutality or sexual promise. Drawing on the insights of post colonial scholarship, this study tackles a question given scant attention in previous work and suggests that beyond the hazy representation of the Orient, an opposition emerges between the threatening Near East and the indolent East Indies. Distinguishing recognizable representations from those generated by new encounters, this book questions the feasibility of cultural representation through travel, exploring a large corpus of original sources written by French ecclesiastics, gentlemen, travellers, ambassadors and adventurers. Linguistic, religious, cultural or geographical barriers meant most travellers remained distanced from the peoples about whom they would simultaneously become authoritative. The encounter was further transformed in narratives that were intended to entertain and to satisfy the criterion of curiosity. The Oriental that emerges is a supremely variable entity, alternately naked or veiled, barbaric or civilized, menacing or attractive.

The Defeat of the Mind Alain Finkielkraut, 1995 The Defeat of the Mind examines the opposition to Enlightenment thought from the eighteenth century to the present. Finkielkraut asserts that the ostensibly progressive cast of third world anticolonial and anti Western sentiment paradoxically has its antecedent in Eurocentric sources, chiefly the German romantic concept of the *Volksgeist* or spirit of the people. Straightforward and succinct, Finkielkraut draws a line between the idea of culture as an expression of the life of the mind and culture as an expression of national spirit. He deplores the appropriation of the concept of the *Volksgeist* by ethnic nationalists who employ the notion in justification of such horrors as the Final Solution in Nazi Germany and the current waves of ethnic cleansing. Equally worrying, he claims, are the seemingly harmless infusions of the *Volksgeist* into campaigns for ethnic diversity espoused by some social scientists and third world intellectuals. The Defeat of the Mind questions notions of cultural

relativism espoused by such intellectual and political leaders as Claude Levi Strauss and Frantz Fanon Finkelkraut points to the United Nations and UNESCO founded to propagate the universalist ideals of Enlightenment Europe these organizations have co opted the notion of cultural relativism to a fault now speaking on behalf of every ethnic prejudice The objective remained the same Finkelkraut maintains of this shift in ideology but to achieve its goal it was no longer a matter of opening others to reason but of opening ourselves to the reason of others Defending values that seem absent from many contemporary frames of reference the book concludes with a chapter challenging post modernist thought for Finkelkraut claims that it equates the value of novels by Flaubert with television movies and lacks concern for the survival of culture and reason
