Race Politics And The White Media The Jesse Jackson Campaigns:

Race, Politics & the White Media Arnold Gibbons,1993-01-01 This book covers the two presidential campaigns of Jesse Jackson It examines the electoral system and points out among other things the structural difficulties which Jackson experienced in marshalling voters particularly in the south Gibbons asserts that the electoral system operated against him on several levels psychological factors that condition minds to think of individuals in terms of race first created an enormous barrier the active racist position adopted by the media lent disproportionate attention to Jackson and the patronizing position among the majority of Americans practically annihilated his chances of success Gibbons describes the 1984 campaign as the beginning of the mission while in 1988 there was the hope for real change The fact that Jackson did not succeed the second time is less important than the forces for change he unleashed The campaign reflected the cultural shaping of the media along lines of race and ethnicity also indicative of the entire nation s attitudes towards minority representation **Race,**

Americans and the Presidency Bruce A. Glasrud,Cary D. Wintz,2009-12-04 *African Americans and the Presidency* explores the long history of African American candidates for President and Vice President examining the impact of each candidate on the American public as well as the contribution they all made toward advancing racial equality in America Each chapter takes the story one step further in time through original essays written by top experts giving depth to these inspiring candidates some of whom are familiar to everyone and some whose stories may be new Presented with illustrations and a detailed timeline *African Americans and the Presidency* provides anyone interested in African American history and politics with a unique perspective on the path carved by the predecessors of Barack Obama and the meaning their efforts had for the United States **Political Rhetoric and the Media** Robert X. Browning,2022-12-15 This volume of *The Year in C SPAN Archives Research* features analyses of the C SPAN Video Library a digital collection of 275 000 hours of indexed videos texts and spoken words Included in this volume are papers on Rev Jesse Jackson s presidential campaign rhetorical analysis of agriculture policy and an examination of Senator Edward Kennedy s positions on health care The text also contains analysis

of the spectacle of committee hearings and a look at the visuals used in the second Trump impeachment trial

Media & Minorities Stephanie Greco Larson, 2006 Media Minorities looks at the media's racial tendencies with an eye to identifying the system supportive messages conveyed and offering challenges to them The book covers all major media including television film newspapers radio magazines and the Internet and systematically analyzes their representation of the four largest minority groups in the U S African Americans Native Americans Latinos and Asian Americans Entertainment media are compared and contrasted with news media and special attention is devoted to coverage of social movements for racial justice and politicians of color

American Politics and the African American Quest for Universal Freedom Hanes Walton, Robert C. Smith, 2015-10-16 This dynamic and comprehensive text from two nationally renowned scholars continues to demonstrate the profound influence African Americans have had and continue to have on American politics Through the use of two interrelated themes the idea of universal freedom and the concept of minority majority coalitions the text demonstrates how the presence of Africans in the United States affected the founding of the Republic and its political institutions and processes The authors show that through the quest for their own freedom in the United States African Americans have universalized and expanded the freedoms of all Americans

Third Parties, Outsiders, and Renegades Melissa M. Smith, 2022-02-07 Third Parties Outsiders and Renegades analyzes 10 third party outsider or renegade presidential candidates and explores each one's impact on the political process The list of modern outsider candidates who have attracted the public's attention is fairly long but most of the time the candidates never garner enough support to become elected or they self destruct somewhere along the way A few however have taken votes away from more mainstream candidates and changed the course of political parties or election outcomes This book provides readers with an analysis of how their rhetoric political tactics and issues have challenged the political status quo and impacted later campaigns The future viability of outsider candidates is discussed in light of current political polarization and the legacy of Donald J Trump the first elected outsider president and considers how outsider candidates might be able to compete in upcoming elections given the current political divisions within the nation Scholars and students of communication political science and rhetoric will find this book particularly interesting

The debate on black civil rights in America Kevern Verney, 2024-01-16 This book examines the historiography of the African American freedom struggle from the 1890s to the present It considers how and why the study of African American history developed from being a marginalized subject in American universities and colleges at the start of the twentieth century to become one of the most extensively researched fields in American history today There is analysis of the changing scholarly interpretations of African American leaders from Booker T Washington through to Barack Obama The impact and significance of the leading civil rights organizations are assessed as well as the white segregationists who opposed them and the civil rights policies of presidential administrations from Woodrow Wilson to Donald Trump The civil rights struggle is also discussed in the context of wider political social and economic changes in the

United States and developments in popular culture **Encyclopedia of African American History, 1896 to the Present**
 Paul Finkelman, 2009 Alphabetically arranged entries from A to C that explores significant events major persons
 organizations and political and social movements in African American history from 1896 to the twenty first century Race
 Appeal Charlton McIlwain, Stephen M Caliendo, 2011-04-04 Why when and how often candidates use race appeals and how
 the electorate responds **The Media in Black and White** Everette Dennis, 2020-03-24 The media s treatment of and
 interaction with race like race itself is one of the most sensitive areas hi American society Whether hi its coverage and
 treatment of racial matters or racial connections inside media organizations themselves mass communication is deeply
 involved with race The Media in Black and White brings together twenty journalists and scholars of various racial
 backgrounds to grapple with a controversial issue the role that media industries from advertising to newspapers to the
 information superhighway play in helping Americans understand race Contributors include Ellis Cose a contributing editor
 for Newsweek Manning Marable chairman of Columbia University s African American Research Center William Wong a
 columnist for the Oakland Tribune Lisa Penaloza a University of Illinois professor and Melita Marie Garza a Chicago Tribune
 reporter Among the topics discussed are the quality of reporting on immigrant issues how sensationalism may be deepening
 the chasm of misunderstanding between the races how the coverage of America s drug wars has been marked by racism and
 whether politically correct language is interfering with coverage of vital issues and problems The contributors of The Media
 in Black and White hope to broaden the narrow vision of the United States and the world beyond with their contributions to
 the debate over race and the media The commentary found hi this important work will be of interest to sociologists
 communication specialists and black studies scholars *Electronic Whistle-Stops* Gary W. Selnow, 1998-03-25 Fifty years
 ago the political whistle stop tour was thus named because trains blew their whistles twice when making unscheduled stops
 in backwater towns Like its distant cousin the electronic whistle stop brings the candidate s message directly to the people
 but with one outstanding difference the new whistle stop offers politicians an accuracy efficiency and success at voter
 persuasian unimaginable to by earlier whistle stoppers such as Harry Truman As Selnow shows American political campaigns
 have an extraordinary affinity for electronic devices They have seized upon electronic bulletin boards home pages and
 electronic libraries Since political campaigns are communication campaigns Selnow concludes that candidates who
 successfully inform persuade enlighten and even confuse voters will win votes Selnow also examines the debate between
 those who argue that new technologies have improved efficiency and those who believe that the innovations have affected
 society in other ways Scholars and students of American political communication must read this book the lively style will also
 make it exciting reading for anyone interested in this new political tool **Encyclopedia of American Social Movements**
 Immanuel Ness, 2015-07-17 This four volume set examines every social movement in American history from the great
 struggles for abolition civil rights and women s equality to the more specific quests for prohibition consumer safety

unemployment insurance and global justice Contours of African American Politics John F. Knutson, 2017-07-05 Contours of African American Politics chronicles the systematic study of African American politics and its subsequent recognition as an established field of scholarly inquiry African American politics emanates from the demands of the prolonged struggle for black liberation and empowerment Hence the study of African American politics has sought to track codify and analyze the struggle that has been mounted and to understand the historic and changing political status of African Americans within American society This two volume set presents a selection of scholarship on African American politics as it appeared in The National Political Science Review from its initial launch in 1989 to the spring of 2009 Represented are contributions from some of the leading scholars of African American politics who have helped to establish and sustain the field The volumes are organized around themes that derive from the unfolding real life drama of African American politics and its subsequent scholarly treatment The result is a window into the political efforts that meld the historically disparate strands of black political expressions into a reconstructed and strategically nimble electoral based mass mobilization necessary for optimizing the impact of the African American vote Sections in the volumes also chronicle the evolution of the National Conference of Black Political Scientists as a professional organization The two volumes illuminate a pivotal epoch in black political empowerment and provide a context for the future of black politics **Contours of African American Politics** Georgia

Barker, 2017-07-12 The official publication of the National Conference of Black Political Scientists this annual publication includes significant scholarly research reflecting the diverse interests of scholars from various backgrounds who use a variety of models approaches and methodologies What unites the organization and this

annual publication is its focus on politics and policies that advantage or disadvantage groups by reasons of race ethnicity sex or other such factors The research itself may be done in a variety of contexts and settings This premier volume includes five feature articles and two special symposia In addition the publication includes bibliographical essays on politics and women American Indians Chicanos and Blacks as well as an assessment of recent books on Jesse Jackson *The African-American Male* Jacob U. Gordon,1999-07-30 The plight of the Black male in American society has been well documented by scholars and practitioners Although Black males represent only 6 percent of the American population they represent about 40 percent of the prison population the number of Black males in prison and jail exceeds the number of Black males in higher education The homicide rates for Black males were 72.5 percent per 100,000 nearly eight times higher than for White males This bibliographic volume explores the extent to which American academia has addressed these problems It will be an invaluable resource for researchers as well as practitioners in social service programs In addition to more than 400 annotated publications the book includes a selected list of works on the African American male and a compilation of doctoral dissertations This publication will serve as a reference in public as well as academic libraries human service agencies government policymaking agencies and in academic courses in gender and ethnic studies criminal justice and social psychology **American Politics and the African American Quest for Universal Freedom** Hanes Walton (Jr.),Robert Charles Smith,2006 This dynamic and comprehensive text from two nationally renowned scholars has been completely updated and continues to demonstrate the profound influence African Americans have had and continue to have on American politics **Tilt?** David Niven,2002-09-30 Nine in ten Americans believe the media are biased Trust in journalists ranks beneath that in lawyers and even the media themselves regularly portray their own industry as slanted toward Democrats and liberals These perceptions however do not coincide with reality as David Niven reveals in his bold new take on an often debated subject Tilt The Search for Media Bias presents the first comprehensive review of the charges the evidence and the effects beginning with a simple but altogether overlooked premise to measure media bias or fairness one has to have a fair baseline with which to compare coverage Using situations in which presidents governors mayors and members of Congress from different political parties have produced the same results in office Tilt compares media coverage of Democrats and Republicans in situations in which they clearly deserved equal treatment The lack of evidence for partisan media bias is only part of the story The media cover allegations of bias as if their industry has already been tried and convicted while the American people readily accepted the premise that their main sources of information are selfishly slanted toward reporters personal political agendas Niven's findings unmistakable and consistent reveal that when the output of politicians is the same media coverage follows a conclusion that is as provocative as it is timely and necessary *Gender and Political Communication in America* Janis L. Edwards,2009-08-28 At a time when presidential campaigns are shaped to appeal to women voters when masculinity constructs impinge on wartime leaders and when the United States appears to move towards

the possibility of a woman president it is vital that communication scholarship addresses the issue of gender and politics in a comprehensive manner Gender and Political Communication in America Rhetoric Representation and Display takes on this challenge as it investigates from a rhetorical and critical standpoint the intersection and mutual influences of gender and political communication as they are realized in the nation s political discourse Representing some of the leading investigators on gender and political communication as well as emerging scholars the volume s contributors update and interrogate contemporary issues of gendered politics applicable to the 21st century including the historic 2008 election Through their original research the contributors offer critical examinations of the impact of salient theories and models of gender studies as they relate to historical and contemporary roles and practices in the political sphere Gender and Political Communication in America s broad and diverse engagement with the subject matter makes it a must read for those interested in women s studies and political communication
