Remaking Transitional Justice in the United States James Edward Beitler III,2012-11-09

Remaking Transitional Justice in the United States The Rhetoric of the Greensboro Truth and Reconciliation Commission explores rhetorical attempts to authorize the Greensboro Truth and Reconciliation Commission a grassroots U S based truth commission created in 2004 to redress past injustices in the city Through detailed rhetorical analyses the book demonstrates that the development of the field of transitional justice has given rise to a transnational rhetorical tradition that

provides those working in the field with series of enabling constraints The book then shows how Greensboro stakeholders attempted to reaccentuate this rhetorical tradition in their rhetorical performances to construct authority and bring about justice even as the tradition shaped their discourse in ways that limited the scope of their responses Calling attention to the rhetorical interdependence among practitioners of transitional justice this study offers insights into the development of transitional justice in the United States and in grassroots contexts in other liberal democracies The volume is a relevant guide to scholars and practitioners of transitional justice as it brings into relief mechanisms of transitional justice that are frequently overlooked namely rhetorical mechanisms It also speaks to any readers who may be interested in the communicative strategies tactics that may be employed by grassroots transitional justice initiatives **Recognizing Race and Ethnicity, Student Economy Edition** Kathleen Fitzgerald, 2019-07-05 To better reflect the current state of research in the sociology of race ethnicity this book places significant emphasis on white privilege the social construction of race and theoretical perspectives for understanding race and ethnicity **Recognizing Race and Ethnicity**, 2018-05-15 This book approaches the study of race ethnicity through a sociological lens It focuses on a few social policies that are perceived as race related such as affirmative action to an understanding of the historical racialization of the US welfare state overall **American Book Publishing Record**, 2006 **Degrees of Mixture, Degrees of Freedom** Peter Wade, 2017-05-04 Race mixture or mestizaje has played a critical role in the history culture and politics of Latin America In Degrees of Mixture Degrees of Freedom Peter Wade draws on a multidisciplinary research study in Mexico Brazil and Colombia He shows how Latin American elites and outside observers have emphasized mixture s democratizing potential depicting it as a useful resource for addressing problems of racism claiming that race mixture undoes racial difference and hierarchy while Latin American scientists participate in this narrative with claims that genetic studies of mestizos can help isolate genetic contributors to diabetes and obesity and improve health for all Wade argues that in the process genomics produces biologized versions of racialized difference within the nation and the region but a comparative approach nuances the simple idea that highly racialized societies give rise to highly racialized genomics Wade examines the tensions between mixture and purity and between equality and hierarchy in liberal political orders exploring how ideas and scientific data about genetic mixture are produced and circulate through complex networks **Theology and Race Relations** Joseph T. Leonard, 1963 A stark and undramatic presentation of the basic principles of Catholic moral theology and an application of these principles to areas of interracial behaviour Stresses the function and necessity of charity in resolving this problem *Issues in Race, Ethnicity, Gender, and Class* CQ Researcher, 2009-10-15 This reader is a contemporary collection of cutting edge articles covering issues within the realm of race ethnicity gender and class An excellent reader for undergraduate sociology courses
