The Crisis, founded by W. E. B. Du Bois as the official publication of the NAACP, is a journal of civil rights, history, politics, and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color. For nearly 100 years, The Crisis has been the magazine of opinion and thought leaders, decision makers, peacemakers, and justice seekers. It has chronicled, informed, educated, entertained, and in many instances set the economic, political, and social agenda for our nation and its multi-ethnic citizens.

Writing about Music D. Kern Holoman, 2014-09-05
Where do you place the hyphen in Beethoven if it breaks between two lines? How do you cite John Coltrane's album *A Love Supreme*? Is it premiere or premi re? The answers and much more can be found in this definitive resource for authors, students, editors, concert producers, anyone who deals with music in print. Extending the principles devised for the classical repertoires, this revised and expanded edition now includes examples from world music, rock, jazz, popular music, and cinema. This essential volume covers some of the thorniest issues of musical discourse: how to go about describing musical works and procedures in prose; the rules for citations in notes and bibliography; and proper preparation of such materials as musical examples, tables, and illustrations. One section discusses program notes, while others explain the requirements for submitting manuscripts and electronic files and outline best practices for student writers. An appendix lists common problem words. Updates include greatly simplified citations of Internet locators, the recognition of multiple platforms, and the expectation of paperless transmission and storage of work. Cited as the authority by The Chicago Manual of Style, this classic handbook is the go-to source for anyone writing about music.
