Humboldt Prior computer manufacturing executive returns to his Midwestern hometown and finds himself dangerously enmeshed in a decades old turmoil of murder arson and political malfeasance involving members of one of the City's most prominent families. Protests erupt over the construction of an urban Interstate Freeway and Prior's company is wrongfully implicated in the construction plans. Prior forms an alliance with Julie Harrington the State Highway Commissioner. His investigation reveals evidence of further crimes and Prior's mysterious distant history returns to confront him. After many episodes of peril and suspense Prior and Harrington solve the mystery but Prior must face a future drawn from his past with promise of more mystery and great opportunity. *Slaying the Red Slayer* Bob Garland, 2001-04 An elegant intricate mystery which is seldom what it seems to be. During the 1960's the young Humboldt S Prior nominally a computer specialist but actually an involuntary agent of a little known US intelligence service is projected into Latin America to contact a long concealed war criminal who is a needed expert on neurological warfare. There Prior becomes entangled in a web of vengeance treachery and repeated murders. Fearful enemies and weapons each more deadly than the last menace Prior as he strives to accomplish his mission and live to tell of it. North and South Americans Nazis Israelis and German aristocrats surround Prior in deceit and savage conflict. To survive and succeed he must select from the best of these competing forces and align himself with them and in doing so find success and the potential of great happiness and a new future. The story ends with a final jolt of uncertainty and mystery. **Tradedown** Bob Garland, 2005-12-21 The fifth Humboldt Prior mystery is a story of economic greed murder intellectual racism and more murder. A casualty of a traumatic Silicon Valley corporate takeover Humboldt Prior now 60 years old relocates to his midwestern hometown where he has been offered a position as a university lecturer on information technology. There he finds himself entwined in a pair of mysterious crimes one scientific and one financial and both leading to murder. At the request of high government officials Prior acts alone unknown to his college and local police authorities. His only help comes from his long ago experience in secret intelligence certain distant friends in the old European aristocracy and an attractive female geology professor. Confronting both new and old enemies Prior must solve the intricate mysteries and bring the culprits to ingenious and well deserved justice. **The Elephant**

Mask Bob Garland, 2004 The Elephant Mask is the fourth Humboldt Prior Mystery Now an aging executive of a troubled computer company Prior is given responsibility for a promising new project that applies computer science to Latin American archeology From the ruins of the ancient Moche people the project surfaces the strange problem of the Elephant Mask and then nearly dissolves in a mysterious triple assassination Prior travels to Lima Peru to try to salvage the project There he is entangled by unscrupulous enemies unpredictable old friends and the assets and liabilities of his distant past In Peru New York and San Francisco Prior must weave his way through a maze of attempted seduction trickery and betrayal further killings and cutting edge software technology To survive he must solve the triple problem of the murders the underlying crime and the age old mystery of the Elephant Mask Beneath an enormous relic of military technology the story ends in an unexpected ghastly execution and more of Prior s past reaches out to him *Records of Wells Drilled for Oil and Gas in New Mexico* George Harvey Dixon, 1954 *New York City Directory*, 1876 **Midamerica**, 2002 Harvard Business School Bulletin, 2000 *HBS Alumni Bulletin*, 2009 **Sailing Directions (enroute) for the West Coasts of Australia** United States.
