Patton's War Kevin M. Hymel,2023-04-07 Winner of the 2023 Army Historical Foundation Distinguished Writing Award

for Biography This second of three volumes of Patton's War picks up where the first one left off examining General George S. Patton's leadership of the U.S. Third Army. The book follows Patton's contributions to both the Normandy and Brittany campaigns, the closing of the Falaise Pocket in Normandy and racing to the port cities in Brittany. It ends with Patton and his corps rescuing the besieged town of Bastogne in the Battle of the Bulge. As he did in the preceding volume, Hymel relies not only on Patton's diaries and letters but countless veteran interviews, surveys, and memoirs. He also provides a unique insight missed by previous Patton scholars. Instead of using Patton's transcribed diaries, which were heavily edited and embellished, he consults Patton's original handwritten diaries to uncover previously unknown information about the general. This second volume of Hymel's groundbreaking work shows Patton at the height of his generalship, successfully leading his army without the mistakes and caustic behavior that almost got him sent home earlier, even if we also see a Patton still guided at times by racism and antisemitism.

Texas South Plains War Stories Larry A. Williams, Katherine McLamore, 2021-07-30 Every veteran has a story to tell, often ones they have not told their own families. But as one vet in this collection of original interviews succinctly said of his combat experiences, "Some things are better left unsaid." Documenting recollections from survivors of World War II, Korea, Vietnam, and other conflicts, all residents of the Texas Panhandle, this book presents narratives from men and women whose young lives, for good or ill, were defined by their participation in warfare in service to their country.

The First Wave Alex Kershaw, 2019 Beginning in the pre-dawn darkness of June 6, 1944, *The First Wave* follows ten men attempting to carry out D-Day's most critical missions. Their actions would determine the fate of the invasion of Hitler's Fortress Europe. The ten make a charismatic unforgettable cast. They include the first American paratrooper to touch down on Normandy soil, the only British soldier that day to earn a Victoria Cross, the Canadian brothers who led their decimated troops onto Juno Beach under withering fire, the colonel who faced the powerful 150mm guns of the Merville Battery as well as a French commando who helped destroy German strongholds on Sword Beach.

Snow & Steel Peter Caddick-Adams, 2015 A new assessment of the Battle of the Bulge, the largest and bloodiest battle fought by U.S. forces in World War II, offers a balanced perspective that considers both the German and American viewpoints and discusses the failings of intelligence, Hitler's strategic grasp, effects of weather, and influence of terrain and differences in weaponry, understanding of aerial warfare, and doctrine.

The Story of World War II Henry Steele Commager, Donald L. Miller, 2010-05-11 Drawing on previously unpublished eyewitness accounts, prizewinning historian Donald L. Miller has written what critics are calling one of the most powerful accounts of warfare ever published. Here are the horror and heroism of World War II in the words of the men who fought it, the journalists who covered it, and the civilians who were caught in its fury. Miller gives us an up-close, deeply personal view of a war that was more savagely fought and whose outcome was in greater doubt than readers might imagine. This is the war that Americans at the home front would have read about had they had access to the previously censored testimony of the soldiers on which Miller builds his gripping narrative. Miller covers

the entire war on land at sea and in the air and provides new coverage of the brutal island fighting in the Pacific the bomber war over Europe the liberation of the death camps and the contributions of African Americans and other minorities He concludes with a suspenseful never before told story of the atomic bombing of Nagasaki based on interviews with the men who flew the mission that ended the war World War II in Literature for Youth Patricia Hachten Wee, Robert James Wee, 2004-11-10 This comprehensive volume provides a wealth of information with annotated listings of more than 3 500 titles a broad sampling of books on the war years 1939 1945 Includes both fiction and nonfiction works about all aspects of the war Professional resources for educators aligned to the educational standards for social studies technical references periodicals and electronic resources a directory of WWII museums memorials and other institutions and topics for exploration complement this excellent library and classroom resource Voices of Rondo , 2017-07-04 In *Voices of Rondo* real life stories illuminate the northern urban Black experience during the first half of the twentieth century through the memories and reflections of residents of Saint Paul s historic Rondo community We glimpse the challenges of racism and poverty and share the victories of a community that educated its children to become strong to find personal pride and to become the next generation of leaders in Saint Paul and beyond Marvels of Australia MD Amrahs, 2025-06-26 This book series is a heartfelt invitation to explore Australia s quiet hidden places landscapes filled with ancient stories natural wonders and rich cultural heritage Written in simple friendly language it opens doors to crystal caves fossil streaked cliffs granite waves and lush islands tucked between reef and rainforest With clear explanations and vivid imagery the book helps readers understand how nature shaped these places and how people Aboriginal elders park rangers and local farmers live in harmony with the land Each chapter is a gentle walk through time and terrain offering practical tips for travel from family day trips to remote outback adventures It encourages respectful exploration and conservation showing that the true magic of Australia isn t just in its famous sites but in the quiet beauty found off the beaten path This is more than a guide it s a companion for dreamers explorers and anyone seeking connection with nature s silent miracles **Bowker's Complete Video Directory** , 2000 **Video Source Book** , 2006 A guide to programs currently available on video in the areas of movies entertainment general interest education sports recreation fine arts health science business industry children juvenile how to instruction *PC Mag* , 2005-08-09 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology The Video Source Book David J.
