Sidney: The Critical Heritage Dr Martin Garrett, Martin Garrett, 2002-09-11 First published in 1996 Routledge is an imprint of Taylor Francis an informa company *Chaucer, the Critical Heritage: 1837-1933* Derek Brewer, 1978 [Ruskin's Educational Ideals](#) Sara Atwood, 2016-04-08 Focusing on John Ruskin as a teacher and on his greatest educational work *Fors Clavigera* Sara Atwood examines Ruskin's varied roles in education the development of his teaching philosophy and style and his vision for educational reform Atwood maintains that the letters of *Fors Clavigera* constitute not only a treatise on

education but a dynamic educational experiment serving to set forth Ruskin's ideas about education while simultaneously educating his readers according to those very ideas. Closely examining Ruskin's life and writings, her argument traces the development of his moral aesthetic and increasing involvement in social reform, his methods and approach as an art instructor and his dissatisfaction with contemporary educational practice. A chapter on Ruskin's legacy takes account of his influence on late Victorian and Edwardian educators including J. H. Whitehouse and the Bembridge School, the Ruskin colonies in Tennessee, Florida, and Georgia, and the relevance of Ruskin's ideas to ongoing educational debates about teacher pay, state national testing, retention, and the theory of the competent child. Historically well grounded and forcefully argued, Atwood's study is not only a valuable contribution to scholarship on Ruskin and the Victorian period but an enjoiner for us to reconsider how Ruskin's educational philosophy might be of benefit today.

John Ruskin J.L. Bradley, 2013-07-23 The Critical Heritage gathers together a large body of critical sources on major figures in literature. Each volume presents contemporary responses to a writer's work, enabling students and researchers to read for themselves, for example, comments on early performances of Shakespeare's plays or reactions to the first publication of Jane Austen's novels. The carefully selected sources range from landmark essays in the history of criticism to journalism and contemporary opinion, and little published documentary material such as letters and diaries. Significant pieces of criticism from later periods are also included in order to demonstrate the fluctuations in an author's reputation. Each volume contains an introduction to the writer's published works, a selected bibliography, and an index of works, authors, and subjects. Proust For Beginners Steve Bachmann, 2016-05-17 Proust For Beginners is a compelling biography of French novelist Marcel Proust and a vivid portrait of his times. It also serves as a concise guide and critical review of *In Search of Lost Time* (*la recherche du temps perdu*), 7 volumes, 1913-1927, one of the most difficult yet widely taught works of French literature. With extensive passages from *In Search of Lost Time* and other essential works, Proust For Beginners highlights the defining themes and unique literary style of a modern master whom many have heard about but few fully fathom. It portrays Proust and the milieu in which he wrote in vivid detail, bringing to life the Proustian moments at the heart of his greatest work and our own everyday experience. Proust's masterpiece begins in a series of rooms in which he unlocks themes, styles, references, and foreshadows, writes Harold Augenbraum in the foreword. Proust For Beginners will provide the key.

Hagia Sophia, 1850-1950 Robert S. Nelson, 2004-07-14 Hagia Sophia, the Church of Holy Wisdom, sits majestically atop the plateau that commands the straits separating Europe and Asia. Located near the acropolis of the ancient city of Byzantium, this unparalleled structure has enjoyed an extensive and colorful history as it has successively been transformed into a cathedral, mosque, monument, and museum. In *Hagia Sophia, 1850-1950*, Robert S. Nelson explores its many lives. Built from 532 to 537 as the Cathedral of Constantinople, Hagia Sophia was little studied and seldom recognized as a great

monument of world art until the nineteenth century and Nelson examines the causes and consequences of the building's newly elevated status during that time. He chronicles the grand dome's modern history through a vibrant cast of characters: emperors, sultans, critics, poets, archaeologists, architects, philanthropists, and religious congregations, some of whom spent years studying it, others never visiting the building. But as Nelson shows, they all had a hand in the recreation of Hagia Sophia as a modern architectural icon. By many means and for its own purposes, the West has conceptually transformed Hagia Sophia into the international symbol that it is today. While other books have covered the architectural history of the structure, this is the first study to address its status as a modern monument. With his narrative of the building's rebirth, Nelson captures its importance for the diverse communities that shape and find meaning in Hagia Sophia. His book will resonate with cultural, architectural, and art historians as well as with those seeking to acquaint themselves with the modern life of an inspired and inspiring building.

Dante Michael Caesar, 2013-10-15. First published in 1995. The Critical Heritage series collects together a large body of criticism on major figures in literature. Each volume presents the contemporary responses to a particular writer, enabling the student to follow the formation of critical attitudes to the writer's work and its place within a literary tradition. This collection of critical writings about Dante, many of them published here in English for the first time, tries to offer a balanced survey of the poet's reception in both time and space. Its scope therefore differs from that of its main predecessors in both English and Italian.

The Arnoldian, 1985. John Donne: The Critical Heritage A.J. Smith, 2002-09-11. Contains writings about John Donne from 1873 to 1923, including Henry Morley, Edmund Gosse, W.F. Collier, Rudyard Kipling, Charles Eliot Norton, Henry Augustin Beers, Thomas Hardy, W.B. Yeats, Ezra Pound, T.S. Eliot, and many others. Together, these works present a record of how from the nineteenth century onwards critics viewed Donne and how he became part of today's literary canon.

Nowhere Somewhere José Eduardo Reis, Jorge Miguel Bastos da Silva, 2006. **Transfiguration** Stephen Cheeke, 2016. Transfiguration explores the work of John Ruskin, Robert Browning, Dante Gabriel Rossetti, and Walter Pater, treating in particular the ways in which they engaged with the Christian content of their subject and, in Pater's case,

how the art of Christianity was contrasted with classical sculpture Stephen Cheeke examines two related phenomena idolatry a false substitution a sexual betrayal and the poetics of transfiguration to elevate or glorify subject matter not thought of as conventionally poetic to praise Central to the book is the question of the translation of religion into art and aesthetics a process which supposedly undergirds the advent of the museum age and makes possible the idea of a religion of art as a phenomenon of late century Aestheticism Such a phenomenon is prepared for however through the engagement with Christian painting and classical sculpture in the work of these four writers All four thought carefully about the ways in which a particular mimetic impulse of making live in artworks could be connected to religious experience This meant exploring the nature of the link between seeing and believing visualising in order to conceive to verify but also in the sense of being acted upon by the visible All four wrote about the great power of artworks to transfigure the objects of their attention In each case there emerges the possibility of a secret sexual knowledge hiding within or lying on the other side of the sensuous knowledge of aesthesis All four wondered whether this was inherently hostile to Christianity or whether it may finally be an accommodation within it

Victorian Landscape Watercolors Scott Wilcox,Christopher Newall,1992 English landscape watercolor painting a perfect marriage of genre and medium entered a lively period of experimentation in style and content during the second half of the nineteenth century with rich and diverse results Through all the changes of style and technique and all the debates over the appropriate use of the medium it was watercolor s ability to convey the timeless truth and reality of the natural world that mattered to artists critics and audiences British watercolors of the Victorian period continued to observe an essential humility before nature they remain fresh and compellingly immediate because they derived in the first place from the artists heartfelt communion with the elements of nature *Victorian Landscape Watercolors* begins with a consideration of the continuing influence of the great generation who earlier in the century during the extraordinary parallel rise of watercolor and landscape painting had established the landscape watercolor as a major British contribution to the arts The second chapter examines the role of the landscape watercolor in the aesthetic thought of John Ruskin whose critical

voice played a dominant role in shaping that art The third chapter looks at the place of landscape within the watercolor societies and its development as it appeared in their annual exhibitions The final chapter deals with the tug of new and old foreign and native in the later Victorian period The book also features 126 watercolors from public and private collections in America and England all reproduced in full color and accompanied by individual commentaries Among the 76 artists represented are David Cox Sr and Jr Walter Crane William Holman Hunt Edward Lear Samuel Palmer James Mallord William Turner James McNeill Whistler and Ruskin himself along with dozens of lesser known masters of the medium Victorian Landscape Watercolors is published in conjunction with the first exhibition to survey this period of this particularly British contribution to the arts the exhibition organized by the Yale Center for British Art in New Haven Connecticut will also be seen at the Cleveland Museum of Art and in Birmingham England
