Worldview 101 Michael Jean Nystrom-Schut, 2004-06-02 In truth just about anyone of us can scribble out a book about personal answers to the many questions of life *Worldview 101* or What is most basic and true to my own reality as a human upon the earth is my own response to a number of different concerns and issues in life You might think of this writing as a personal Platos handbook a general set of responses to the many questions of life As its writer it is only a part of the representation of my most current worldview I say current because how we see the world is always in a state of movement Concerning the book as you read it do so with the approach that you are first taking into account my way of seeing things thinking about it and then re shaping more of how you personally view things See if you relate to we think this or we came to know that If you do adopt the idea as your own If not move on In picking and choosing your position on the issues presented here you will probably come to know more of what you are all about more of what you know you know And what will that do It will give you a perspective in higher thought which is a good sort of perspective to possess This you can hopefully use to govern your own life more personally It can be very difficult to acclimate to this world of ours Perhaps the thoughts in this book will help change or reshape your overall acclimation to life for the better Knowing more never really stops If life is meant for anything for some reason that we dont really know about it seems meant for us to learn more about being In the end it is this being part of us that relays a story It also tells to others in our world who and what we are or were Our lives are personal narratives and play out as such for each of us Life speaks to our innermost parts what is it saying to you We can hear the messages if we listen carefully **The Rock Rabbit and the Rainbow** Laurens Van der Post, 1998 Sir Laurens van der Post author film maker storyteller of world wide renown soldier prisoner of war political advisor to heads of state humanitarian explorer conservationist the list goes on and on His extraordinary curiosity his love for the small and the great

and his tremendous feeling and concern for his surroundings and all that they included set him travelling the lands and the waters of the world a messenger in search of meaning He touched and inspired many along the way some of whom are to be found in the pages of this book A true man of his time Sir Laurens was born in 1906 in the interior of South Africa served in the British forces during World War II including three and a half years in Japanese captivity and lived and worked since that time in London where he died just after celebrating his 90th birthday in December 1996 The Rock Rabbit and The Rainbow was originally conceived as a Festschrift or gift collection of writings for Sir Laurens by several of his friends and then evolved into its present form which includes numerous original contributions by Sir Laurens himself *The Bookseller, Newsdealer and Stationer*, 1914

The Poetry of Sermons Robert Granger, 2020-01-09 The title of this book is predicated on the probability that within each of us perhaps hiding in secret dwells a skeptic a cynic and a seeker The skeptic within thinks it knows some truth but isn't quite sure which is real truth and which may not be quite so true The cynic within is confused by the distance between the beliefs that some profess and the behaviors and attitudes exhibited in their daily life And the seeker within likes to feel encouraged to ask questions and to explore the mysteries that the unfolding wonder of life continually sets before us Bringing all of these to the reading of the sermons will enrich the experience sometimes stimulating deeper questions and sometimes offering inspiring insights
