## Searching Mind An Introduction To A Phil:

The Philosopher's Index ,2008 Vols for 1969 include a section of abstracts      Theism Clement Dore,2012-12-06 In this book I discuss the question whether God exists not as a Tillichian religious symbol but as an actual person albeit a person who is very different from you and me My procedure is to examine arguments both for and against God's existence qua person and to assess their relative merits I shall try to show that there is more evidence that God exists than that he does not This position is of course rejected nowadays even by most religious thinkers who hold for one reason or another that evidence has nothing to do with religious belief properly understood My reply to these thinkers is simply to ask them to examine what follows A useful companion to Chapters 4 5 6 7 and the Appendix of this book would be Alvin Plantinga's *The Nature of Necessity* I Though I avoid technical terminology wherever possible those chapters presuppose an elementary understanding of possible worlds discourse and a clear and concise explanation of that terminology can be found in Chapter IV of Plantinga's book Also I use logical throughout to mean what Plantinga means by broadly logical on page 2 of *The Nature of Necessity*      *Introduction to the Study of Philosophy* John Henry Wilbrandt Stuckenberg,1888      **Yesteryear's Faith Seeking Understanding** Philip John Fisk,2022-06-24 The voices of yesteryear's scholastics are silenced Scholastic distinctions discarded Faith seeking understanding cancelled This book turns to university professors who brought classical medieval Reformation and Renaissance thought to bear on the teaching of the doctrine of providence at the early New England Colleges Their ultimate purpose was to exonerate God from the charge that he was the author even actor of evil Their scholastic method drew from a long and surprisingly ecumenical and philosophical enterprise in the history of the church This book's aim is to let the scholastic approaches to the mystery of divine providence speak for themselves Part One introduces the reader to the art of disputation and provides a guided historical theological tour of scholastic distinctions that were used by doctors of the church to explain issues related to the doctrine of divine providence Part Two invites the reader to follow the author on his journeys to Harvard Yale the College of New Jersey and the College of Rhode Island and Providence Plantations commencement day disputations as he engages in Platonic like dialogues with presidents rectors and students of the New England Colleges While the dialogues are imagined the characters times locations and quoted texts are real      **Handbook of Moral Philosophy** Henry Calderwood,1881      **The New Scholasticism** Edward Aloysius Pace,James Hugh Ryan,1982 Includes section Book Reviews      Philosophy Stephen P. Stich,Tom Donaldson,2018 Featuring a remarkably clear writing style Philosophy is a brief and accessible guide that is comprehensive enough to be used on its own or as a supplement to any introductory anthology Focusing on the key issues in Western philosophy this text presents balanced coverage of each issue and challenges students to think critically      **Handbook of Moral Philosophy** Henry Calderwood,2024-04-30 Reprint of the original first published in 1881      **Handbook of Moral Philosophy** Henry CALDERWOOD (L.L.D., F.R.S.E.),1872      *The Publishers' Trade List Annual* ,1989      **Divine Impassibility** Richard E.

Creel,2005-06-21 In this volume Richard Creel sets forth a thesis that offers a third way to approach divine impassibility Defining impassibility as imperviousness to causal influence from external factors Creel sketches a path between Aquinas and Hartshorne by asserting that once this definition is accepted one must still distinguish the various respects in which God is or is not impassible Virtually no one would dispute that the divine nature is impassible God will never cease to be God no matter what happens in creation With respect to the divine knowledge and will however there are conflicting views Creel claims that God s will is impassible because God knows everything that can be accomplished by divine power Yet unlike Aquinas Creel believes that God has this knowledge in virtue of a plenum of possibilities eternally coexistent with the divine being The absolute is not simply God but rather God plus the plenum Creel suggests that God s knowledge is passible with respect to the contingent future actions of creatures God knows these actions therefore not in their presentiality from all eternity as Aquinas would hold but only as they happen and become actual God s will however remains immediately impassible because the divine will is ordered to possibilities not actualities God never has to wait until after we do something in order to decide his response to it He has eternally decided his response to all that we might do Ultimately God s feelings remain impassible no matter what concrete decisions human beings make because the basic intent of the divine plan for us is always achieved we exercise our freedom to choose for or against God God is impassible with respect to the divine nature divine will and divine feelings but God is passible with respect to the divine knowledge of future contingent events *Ralph Waldo Emerson* Prentiss Clark,2023-01-05 In his 1837 speech The American Scholar Ralph Waldo Emerson noted life is our dictionary encapsulating a body of work that reached well beyond the American 19th century This comprehensive study explores Emerson as a preacher poet philosopher lecturer essayist and editor There are nearly 100 entries on individual texts and their personal historical and literary contexts Emerson s work is placed within his relationships with family members fellow Transcendentalists and transatlantic friends and his commitment to ethics self culture and social change This book provides the fullest possible exploration of Emerson s writing and philosophy Far ahead of his own time the man enthusiastically questioned institutions communities friendships history individuality and contemporaneous approaches to environmental stewardship Philippians John Paul Heil,2010 This volume employs a text centered literary rhetorical and audience oriented method to demonstrate how the implied audience of Philippians are persuaded and exhorted by the dynamic progression of the letter s chiasmic structures to rejoice along with Paul and other believers in being conformed with all of the broad implications of such conformity to Christ This reading assumes that Philippians is a single unified letter written to be read and heard in a public setting as an oral performance substituting for the personal presence of the imprisoned Paul and it proposes new chiasmic structures for the entire letter as a key to understanding it Publisher s description **Books in Print Supplement** ,1985 *Insights in consciousness research 2021* Antonino Raffone,Narayanan Srinivasan,Luca Simione,Xerxes D. Arsiwalla,Johannes Kleiner,2023-05-31 *Seeking the Light* Beret E.
