Dedications Artur Pereira,2020-12-30 The dedication of a piece of music is a feature generally overlooked but it can reveal a great deal about the work the composer the society and the music world in which the composer lived This book explores the musical biographical and sociological aspects of the practice of dedicating new compositions in the late 18th and early 19th centuries and makes a significant contribution towards a better understanding of the impact these tributes had on Beethoven s life and work and their function within the context of the musical cultural and economic environments in which they appeared As the first of its kind this study demonstrates that as a result of their different functions published dedications and

handwritten inscriptions are distinct from one another and for that reason they have been classified in different categories This book therefore challenges the idea of what exactly can be termed as a dedication a concept which extends far beyond the dedication of musical works Sviatoslav Richter Bruno Monsaingeon,2002-09-15 Sviatoslav Richter was a dazzling performer but an intensely private man Though world famous and revered by classical music lovers everywhere he guarded himself and his thoughts as carefully as his talent Fascinated author and filmmaker Bruno Monsaingeon tried vainly for years to interview the enigmatic pianist Richter eventually yielded granting Monsaingeon hours of taped conversation unlimited access to his diaries and notebooks and ultimately his friendship This book is the product of that friendship It offers readers the sizable pleasure of lingering in the thoughts and words of one of the most important pianists of the twentieth century Sviatoslav Richter belongs on the shelves of everyone with a classical music collection and will also appeal to lovers of autobiography and admirers of Russian musical culture Back cover United States Economist, and Dry Goods Reporter ,1918 **The Library of Classical Music** Amsco Publications,2015-07-13 The Library Of Classical Music is a wonderfully vast collection of the greatest pieces of music from the Classical period Featuring a diverse range of compositions from the innovators and masters the sheer amount of incredible music featured makes this an essential folio that works as well as an introduction to the period as it does as a comprehensive anthology Each piece is carefully arranged for intermediate advanced solo piano and includes works by the following composers Abel Beethoven Benda Boccherini C P E Bach Clementi Czemy Dussek Gluck Gossec Hayd Hummel J C Bach Kuhlau Mozart Weber
