The One That Got Away Syeda Anese Majid Khan, 2012 Volume 2. Early one January morning in 1928, a young mother is busy with her children when a stranger appears at her gate with a special gift. With instructions to nurture a lotus for forty days, the holy man informs the mother that she will bear one more child, a daughter who will be the spirit of her life and whose arms will enfold her in death. Nine months later, Anese Majid Khan enters the world into an aristocratic family in a subcontinent of India. This is her story. In *The One That Got Away: The Truth Revealed*, Khan shares the details of her incredible journey as she shuns a life of royal luxury and leisure and tirelessly dedicates herself to a life of global service. As she provides a revealing glimpse into the trials and tribulations that led her on an eventual path to world prominence as a scholar, writer, and founder of a school, Khan offers an inspirational message to others: to persevere and, most importantly, to believe in themselves while seeking their own destinies. *The One That Got Away: The Truth Revealed* shares the fascinating story of how one woman built an amazing legacy during her relentless search for the truth. **Garden Life**, 1910

Anonymous Life Jacques Khalip, 2008-10-16. Romanticism is often synonymous with models of identity and action that privilege individual empowerment and emotional autonomy. In the last two decades, these models have been the focus of

critiques of Romanticism's purported self-absorption and alienation from politics. While such critiques have proven useful, they often draw attention to the conceptual or material tensions of romantic subjectivity while accepting a conspicuous autonomous subject as a given, thus failing to appreciate the possibility that Romanticism sustains an alternative model of being: one anonymous and dispossessed, one whose authority is irreducible to that of an easily recognizable psychologized persona. In *Anonymous Life*, Khalip goes against the grain of these dominant critical stances by examining anonymity as a model of being that is provocative for writers of the era because it resists the Enlightenment emphasis on transparency and self-disclosure. He explores how romantic subjectivity, even as it negotiates with others in the social sphere, frequently rejects the demands of self-assertion and fails to prove its authenticity and coherence. *Ladies' Home Journal and Practical Housekeeper*, 1898
