## **Sebastiao Salgado:**

**Sebastião Salgado: from My Land to the Planet** Sebastião Salgado, 2022 Sebastião Salgado's photographs have been shown around the world. In *From My Land to the Planet*, the photographer tells us the story of his most famous reportages: from the black and white portraits of unknown men and women, workers or refugees, to the more recent Genesis project, a portrait of the most uncontaminated places of our planet. With a kindness and a disarming simplicity, Salgado rebuilds his path, exposes his beliefs, makes us witnesses of his emotions. In this volume, his talent as a storyteller and the authenticity of a man who knows how to combine activism and professionalism, talent and generosity, clearly emerge. The reader will discover fascinating stories of every corner of the world, both near and remote, from Africa to the Americas, and then again the birth of the Instituto Terra, of the Genesis project of Magnum Photos, and Amazonas Images. *From My Land to the Planet* Sebastião Salgado, Isabelle Francq, 2014. *The Salt of the Earth* is an award-winning documentary by Wim Wenders inspired by *From my Land to the Planet*. *Sebastião Salgado* Sebastião Salgado, 2008. **Photographs by Sebastião Salgado**, 2002. **Sebastiao Salgado** Sebastiao Salgado, 2007-01-16. His images of the Sahel famine and his colossal project *Workers* would be enough to make his reputation and justify all the awards he has received. But there is more. A native of Brazil, trained as an economist, Sebastiao Salgado has shown a constant faith in mankind, a solidarity that never wavers or flinches in the face of pain, an ability to analyze extreme situations, a fierce drive to affirm what he truly is: a humanist photographer. About the series: The classic Photofile series brings together the best work of the world's greatest photographers in an attractive format and at a reasonable price. Handsome and collectible, the books are produced to the highest standards. Each volume contains some sixty full-page photographs in duotone and/or color, plus an introduction and a bibliography. Now back in print, the series was awarded the first annual prize for distinguished photographic books by the International Center of Photography. *Sebastiao Salgado Hb* PASCAL. HOEL, 2025. **Sebastião Salgado. Genesis. 45th Ed** Lélia Wanick Salgado, 2026-01-14. Sebastião Salgado's haunting black and white photographs from the GENESIS project record landscapes and people unchanged in the devastating onslaught of modern society and development. Salgado calls GENESIS his love letter to the planet. **Sebastião Salgado: Workers** Sebastião Salgado, 2005-06-15. More than those of any other living photographer, Sebastião Salgado's images of the world's poor stand in tribute to the human condition. His transforming photographs bestow dignity on the most isolated and neglected, from famine-stricken refugees in the Sahel to the indigenous peoples of South America. *Workers* is a global epic that transcends mere imagery to become an affirmation of the enduring spirit of working women and men. The book is an archaeological exploration of the activities that have defined labor from the Stone Age through the Industrial Age to the present. Divided into six categories: Agriculture, Food, Mining, Industry, Oil, and Construction, the book unearths layers of visual information to reveal the ceaseless human activity at the core of modern civilization. Extended captions provide a historical and factual framework for the images. Salgado unveils the pain, the beauty

and the brutality of the world of work on which everything rests wrote Arthur Miller of this photobook classic upon its original publication in 1993 This is a collection of deep devotion and impressive skill An elegy for the passing of traditional methods of labor and production Workers delivers a message of endurance and hope *Planting Hope* Philip Hoelzel, 2024-03-05 A 2024 New York Times New York Public Library Best Illustrated Children's Book A gorgeously illustrated picture book biography about Brazilian photojournalist humanitarian and environmental advocate Sebastião Salgado As a young boy Sebastião Salgado loved exploring his parents' farm in the forests of Brazil always dreaming of what might lie beyond his view When he went away to school he met Lilia who showed him how to use a camera As he looked through the lens Sebastião realized he could use photography to capture how the world fits together Sebastião used his pictures to tell the stories of people who might not otherwise be seen But after witnessing too much destruction he put away his camera and returned to his childhood home The land was in ruins So Sebastião and Lilia decided to rebuild the rainforest and photograph the beauty of the world to save it Through art and activism they would show that everyone was responsible for caring for the planet and that hope endures if we take action *Sebastião Salgado, A Different Light* Parvati Nair, 2011 This is the first full critical study of the work of the popular documentary photographer Sebastião Salgado Nair explores all the stages of Salgado's work including the recent more ecological subjects showing its planetary commitments
