## **Shopping For Pleasure Women In The Making Of Londons West End:**

*Shopping for Pleasure* Erika Rappaport, 2021-06-08 In *Shopping for Pleasure* Erika Rappaport reconstructs London's Victorian and Edwardian West End as an entertainment and retail center. In this neighborhood of stately homes, royal palaces, and spacious parks and squares, a dramatic transformation unfolded that ultimately changed the meaning of femininity and the lives of women, shaping their experience of modernity. Rappaport illuminates the various forces of the period that encouraged and discouraged women's enjoyment of public life and particularly shows how shopping came to be seen as the quintessential leisure activity for middle and upper class women. Through extensive histories of department stores, women's magazines, clubs, tearooms, restaurants, and the theater as interwoven sites of consumption, *Shopping for Pleasure* uncovers how a new female urban culture emerged before and after the turn of the twentieth century. Moving beyond the question of whether shopping promoted or limited women's freedom, the author draws on diverse sources to explore how business practices, legal decisions, and cultural changes affected women in the market. In particular, she focuses on how and why stores presented themselves as pleasurable, secure places for the urban woman, in some cases defining themselves as instrumental to civic improvement and women's emancipation. Rappaport also considers such influences as merchandizing strategies, credit policies, changes in public transportation, feminism, and the financial balance of power within the home. *Shopping for Pleasure* is thus both a social and cultural history of the West End, but on a broader scale, it reveals the essential interplay between the rise of consumer society, the birth of modern femininity, and the making of contemporary London.

**Consuming Fantasies** Lise Sanders, 2006 In *Consuming Fantasies: Labor, Leisure, and the London Shopgirl, 1880-1920* Lise Shapiro Sanders examines the cultural significance of the shopgirl, both historical figure and fictional heroine, from the end of Queen Victoria's reign through the First World War. As the author reveals, the shopgirl embodied the fantasies associated with a growing consumer culture: romantic adventure, upward mobility, and the acquisition of material goods. Reading novels such as George Gissing's *The Odd Women* and W. Somerset Maugham's *Of Human Bondage*, as well as short stories, musical comedies, and films, Sanders argues that the London shopgirl appeared in the midst of controversies over sexual morality and the pleasures and dangers of London itself. Sanders explores the shopgirl's centrality to modern conceptions of fantasy, desire, and everyday life for working women and argues for her as a key figure in cultural and social histories of the period. This study will appeal to scholars, students, and enthusiasts of Victorian and Edwardian life and literature.

[The Professionalization of Window Display in Britain, 1919-1939](#) Kerry Meakin, 2024-09-05 This book provides the first comprehensive history of window display as a practice and profession in Britain during the dynamic period of 1919 to 1939. In recent decades, the disciplines of retail history, business history, design, and cultural history have contributed to the study of department stores and other types of shops. However, these studies have only made passing references to window display and its role in retail.

society and culture Kerry Meakin investigates the conditions that enabled window display to become a professional practice during the interwar period exploring the shift in display styles developments within education and training and the international influence on methods and techniques Piecing together the evidence visual and written about people events organisations exhibitions and debates Meakin provides a critical examination of this vital period of design history highlighting major display designers and artists The book reveals the modernist aesthetic developments that influenced high street displays and how they introduced passers by to modern art movements Temples of Luxury Lise Sanders, Susanne Schmid, 2023-11-30 This two volume collection of British primary sources examines institutions such as hotels inns arcades bazaars co operatives shops and department stores in the long nineteenth century which were often coded as luxurious This period was marked not only by an increase of individual consumerism but also by the institutionalisation of opulent often purpose built spaces such as the much admired new grand hotels supposedly an American invention and department stores modelled on the French grands magasins These environments were tied to leisure no longer a prerogative of the upper classes and thus to modernity In addition to addressing the luxurious side of these institutions including architectural innovation and interior decoration we also consider the other side of luxury examining the experience of staff and period debates over the morality of consumption This edition seeks to explore a fascinating but hitherto often neglected side of the British nineteenth century by bringing together a collection of annotated primary texts and visual material documenting these temples of luxury as they were seen by their contemporaries *The Cosmopolitan Interior* Judy Neiswander, 2008 Judith Neiswander explains that during these years liberal values individuality cosmopolitanism scientific rationalism the progressive role of the elite and the emancipation of women informed advice about the desirable appearance of the home In the period preceding the First World War these values changed dramatically advice on decoration became more nationalistic in tone and a new goal was set for the interior to raise the British child by the British hearth Neiswander traces this evolving discourse within the context of current writing on interior decoration writing that it is much more detached from social and political issues of the day BOOK JACKET Sport's Relationship with Other Leisure Industries Benjamin Litherland, Dion Georgiou, 2017-01-12 This innovative and timely volume of essays critically interrogates the shared histories between sport and a variety of leisure entertainment and cultural pursuits Sport s Relationship with Other Leisure Industries Historical Perspectives spans the bowling greens of early modern England to the postmodern exhibition halls of contemporary Las Vegas and considers examples from Europe North America and India Utilizing a range of historical methods and sources they describe how sport has interacted with a broad range of leisure forms including tourism shopping theatre circus carnival and film The collection takes into account the economic cultural geographic and political interactions sport has forged and poses a series of questions about how sport has been forged in contemporary consumer capitalism about the manner in which it has been shaped by space and place and the ways in which entrepreneurs sportspeople and artists have represented sporting

**Working Girls** Katherine Mullin, 2016-05-05 *Working Girls Fiction Sexuality and Modernity* investigates the significance of a new form of sexual identity at the end of the nineteenth and beginning of the twentieth century Young women of the lower middle and working classes were increasingly abandoning domestic service in favour of occupations of contested propriety They inspired both moral unease and erotic fascination *Working Girls* considers representations of four highly glamorised yet controversial types of women worker telegraphists and typists in newly feminised offices shop assistants in the new department stores and barmaids in the new gin palaces of major British cities Economically emancipated more or less and liberated more or less from the protection and constraints of home and family shop girls barmaids typists and telegraphists became mass media sensations They energised a wide range of late Victorian and Modernist fiction This study will bring late Victorian and Modernist British writers into intimate conversation with a substantial new archive of ephemeral sources often regarded as remote from high art and its concerns popular fiction music hall and musical comedy beauty pageants and fairground exhibitions visual art and early film careers manuals magazine and periodical journalism moral reform crusades Royal Commissions and attempts at protective legislation *Working Girls* argues that these seductive yet perilous young women helped writers negotiate anxieties about the state of literary culture in the United Kingdom Crucially they preoccupy novelists who were themselves beleaguered by anxieties over cultural capital the shifting pressures of the literary marketplace or controversies about the morality of fiction often leading to the threat of censorship In articulating questions about sexual integrity *Working Girls* articulate often submerged questions about textual integrity and the role of the modern novel
