Anthologizing Canadian Literature Robert Lecker, 2015-11-02 The first collection of critical essays devoted to the study of English Canadian literary anthologies brings together the work of thirteen prominent critics to investigate anthology formation in Canada and answer these key questions Why are there so many literary anthologies in Canada and how can we trace their history What role have anthologies played in the formation of Canadian literary taste How have anthologies influenced the training of students from generation to generation What literary values do the editors of various anthologies tend to support and how do these values affect canon formation in Canada How have different genres fared in the creation of literary anthologies How do Canadian anthologies transmit ideas about gender region ideology and nation Specific essays focus on anthologies as national metaphors the controversies surrounding early literary collections representations of First Nations peoples in anthologies and the ways in which various editors have understood exploration narratives In addition the collection examines the representation of women in Canadian anthologies the use of anthologies as teaching tools and the creation of some very odd Canadian anthologies along the way

Keepers of the Code Robert Lecker, 2013-02-07 Keepers of the Code explores the complex network of associations and negotiations that influenced the development of literary anthologies in English Canada from 1837 to the present Lecker shows that these anthologies are deeply conflicted narratives that embody the tensions and anxieties felt by their editors when faced with the challenge of constructing or rejecting national ideals He argues that these are intensely self conscious works with their own literary mechanisms and architecture In reading the history of these anthologies he witnesses a complex narrative of nation a compelling story about the values and interests informing English Canadian literary history

Anthologies of British Poetry, 2021-11-22 From Tottel's Miscellany 1557 to the last twentieth century Oxford Book of English Verse 1999 anthologies have been a prime institution for the preservation and mediation of poetry The importance of anthologies for creating and re creating the canon of English

poetry for introducing new programmes of poetry as a record of changing poetic fashions audience tastes and reading practices or as a profitable literary commodity has often been asserted Despite its impact however the poetry anthology in itself has attracted surprisingly little critical interest in Britain or elsewhere in the English speaking world This volume is the first publication to explore the largely unmapped field of poetry anthologies in Britain Essays written from a wide range of perspectives in literary and cultural studies and the point of view of poets editors publishers and cultural institutions aim to do justice to the typological functional and historical variety with which this form of publication has manifested itself from early modern print culture to the postmodern age of the world wide web *The Columbia Granger's Guide to Poetry*

Anthologies William A. Katz, Linda Sternberg Katz, Esther Crain, 1994 Reference guide to poetry anthologies with descriptions and evaluations of each anthology **Margin of Interest** Shane Neilson, 2019-09-24 As Shane Neilson writes in *Margin of Interest* Maritime poetry is the sum of what's come before a unique history and yes a unique place In *Margin of Interest* Neilson examines representation identity power and the politics of literary history from the creative traditions of the Mi'kmaq to the work of young poets today He pays due homage to iconic Maritime writers Milton Acorn Alden Nowlan George Elliott Clarke shines a critical spotlight on lesser known masters from the region Travis Lane Wayne Clifford and provides a glimpse inside the diverse ecosystem of poets under 40 writing in or about the Maritimes Rebecca Thomas Lucas Crawford El Jones He also combats the prejudices so often applied to writers from Atlantic Canada stigma associated with mental illness rigid gendering vernacular language and even poetic form and advocates for a long overdue reappropriation of the regionalist stance as well as a proper recognition of the region's writers and their contribution to the Canadian literary landscape For as Neilson wisely asks What's the matter with taking pride in any kind of regional identity that we articulate **Writing the**

Roaming Subject Joanne Saul, 2006-01-01 *Writing the Roaming Subject* explores issues of identity formation representation and resistance in Canada and suggests that these are particularly crucial questions during a period of Canadian literary history **On Anthologies** Jeffrey R. Di Leo, 2004-01-01 Over the course of the past twenty five years anthologies have

shifted from playing a relatively minor role in academic culture to a position of dominance The essays in this collection explore the significant intellectual economic political pedagogical and creative resonance of anthologies through all levels of academic life They show that anthologies have consequences and are grounded in commitments Striving to articulate these consequences and commitments is a priority in higher education today Most of the contributors to this volume are editors of anthologies and they draw on personal experiences to provide a rare glimpse into the economics and logic of anthology publication Their essays illustrate the ways in which editing an anthology involves negotiation and compromise between intellectual ideal and realistic practice *On Anthologies* includes discussion of a wide range of anthologies used and produced by teachers and scholars Though the emphasis is on literature and theory anthologies the insights in this volume speak to professionals in all areas of academic life Collectively these essays establish the foundation for continuing critical analysis of

anthology production and consumption in all disciplines **The FSG Poetry Anthology** Jonathan Galassi, Robyn Creswell, 2021-11-23 To honor FSG's 75th anniversary here is a unique anthology celebrating the riches and variety of its poetry list past present and future Poetry has been at the heart of Farrar Straus and Giroux's identity ever since Robert Giroux joined the fledgling company in the mid 1950s soon bringing T S Eliot John Berryman Robert Lowell and Elizabeth Bishop onto the list These extraordinary poets and their successors have been essential in helping define FSG as a publishing house with a unique place in American letters The FSG Poetry Anthology includes work by almost all of the more than one hundred twenty five poets whom FSG has published in its seventy five year history Giroux's first generation was augmented by a group of international figures and Nobel laureates including Pablo Neruda Nelly Sachs Derek Walcott Seamus Heaney and Joseph Brodsky Over time the list expanded to include poets as diverse as Yehuda Amichai John Ashbery Frank Bidart Louise Glück Thom Gunn Ted Hughes Yusef Komunyakaa Mina Loy Marianne Moore Paul Muldoon Les Murray Grace Paley Carl Phillips Gjertrud Schnackenberg James Schuyler C K Williams Charles Wright James Wright and Adam Zagajewski Today Henri Cole Francine J. Harris Ishion Hutchinson Maureen N. McLane Ange Mlinko Valzhyna Mort Rowan Ricardo Phillips and Frederick Seidel are among the poets who are continuing FSG's tradition as a discoverer and promoter of the most vital and distinguished contemporary voices This anthology is a wide ranging showcase of some of the best poems published in America over the past three generations It is also a sounding of poetry's present and future Poets Talk Pauline Butling, Susan Rudy, 2005-01-15 This is a book that takes on the hard questions about the role of poets in society together with the challenges of reading difficult poetry Using the relaxed format of the personal interview Butling and Rudy open doors to some of the most challenging and important poetry of the 1990s Robert Kroetsch talks about his dread of systems and his subversive use of sub-literary forms Erin Mour and Daphne Marlatt discuss the feminist trajectories in their work how to jump circuits and activate alternative networks Dionne Brand links her poetics to Marxist politics and Pan African liberation movements Ann Harte explains her use of humour to de-program Native people Jeff Derksen wants to disarticulate and rearticulate linguistic and social systems while Fred Wah emphasizes the role of poetry in changing how we see the world *The Collected Longer Poems* Kenneth Rexroth, 1968 This is a companion volume to the Collected Shorter Poems of Kenneth Rexroth which was published in 1967 All of the long poems written over the past forty years are included The Homestead Called Damascus 1920-25 A Prolegomenon to a Theodicy 1925-27 The Phoenix and the Tortoise 1940-44 The Dragon and the Unicorn 1944-50 and The Heart's Garden The Garden's Heart 1967-68 As we read the long poems together and in sequence we can see that Rexroth is a philosophical poet of consequence who offers us a comprehensive system of values based on the realization of the ethical mysticism of universal responsibility He is concerned above all with process the movement from the Dual to the Other I have tried Rexroth writes to embody in verse the belief that the only valid conservation of value lies in the assumption of unlimited liability the supernatural identification of the self with the tragic

unity of creative process I hope I have made it clear that the self does not do this by an act of will by sheer assertion He who would save his life must lose it Transcending Boundaries Sandra L. Beckett, 2013-10-11 Transcending Boundaries Writing for a Dual Audience of Children and Adults is a collection of essays on twentieth century authors who cross the borders between adult and children's literature and appeal to both audiences This collection of fourteen essays by scholars from eight countries constitutes the first book devoted to the art of crosswriting the child and adult in twentieth century international literature Sandra Beckett explores the multifaceted nature of crossover literature and the diverse ways in which writers cross the borders to address a dual readership of children and adults It considers classics such as Alice's Adventures in Wonderland and Pinocchio with particular emphasis on post World War II literature The essays in Transcending Boundaries clearly suggest that crossover literature is a major widespread trend that appears to be sharply on the rise **Hewing to Experience** Sherman Paul, 1989-11 The celebration of a point of view that Paul is uniquely equipped to communicate It provides an excellent treatment of the development and practice of a powerful poetic force in modern poetry today showing the theoretic coherence of Emerson Whitman Pound Williams and particularly Olson as originators and practitioners of open forms Thomas Merrill This book is going to be of value to a number of different readers For teachers and writers it is a resource and a stimulus for participating in an open poetics On a utilitarian level it will help to respond to the recent

Romantic and Victorian Long Poems Adam Roberts, 2019-05-23 First published in 1999 this is a guide which provides easy access to a fairly complete range of the long poetry written in the Romantic and Victorian periods epics narrative poems verse novels and other work of over a certain length The format provides title author length of work and prosodic description Texts are then summarized according to the internal divisions Each poem is accompanied by an objective summary and the poems as a whole are preceded by an introduction which advances a particular argument as to why the nineteenth century was so fascinated with the length that was the ultimate aesthetic rationale for the long poem **What the Victorians**

Made of Romanticism Tom Mole, 2020-06-09 This insightful and elegantly written book examines how the popular media of the Victorian era sustained and transformed the reputations of Romantic writers Tom Mole provides a new reception history of Lord Byron Felicia Hemans Sir Walter Scott Percy Bysshe Shelley and William Wordsworth one that moves beyond the punctual historicism of much recent criticism and the narrow horizons of previous reception histories He attends instead to the material artifacts and cultural practices that remediated Romantic writers and their works amid shifting understandings of history memory and media Mole scrutinizes Victorian efforts to canonize and commodify Romantic writers in a changed media ecology He shows how illustrated books renovated Romantic writing how preachers incorporated irreligious Romantics into their sermons how new statues and memorials integrated Romantic writers into an emerging national pantheon and how anthologies mediated their works to new generations This ambitious study investigates a wide range of material objects Victorians made in response to Romantic writing such as photographs postcards books and collectibles that

in turn remade the public's understanding of Romantic writers. Shedding new light on how Romantic authors were posthumously recruited to address later cultural concerns, *What the Victorians Made of Romanticism* reveals new histories of appropriation, remediation, and renewal that resonate in our own moment of media change when once again the cultural products of the past seem in danger of being forgotten if they are not reimagined for new audiences.

We Are What We Mourn Priscilla Uppal, 2009 The first book on the Canadian poetic elegy challenges all previous ideas about the purpose of mourning.

Romanticism and the Uses of Genre David Duff, 2009-11-12 This wide ranging and original book reappraises the role of genre and genre theory in British Romanticism. Analyzing numerous examples from 1760 to 1830, David Duff examines the generic innovations and experiments which propel the Romantic revolution in literature, but also the fascination with archaic forms such as the ballad, sonnet, and romance, whose revival and transformation make Romanticism a retro movement as well as a revolutionary one. The tension between the drives to make it old and to make it new generates one of the most dynamic phases in the history of literature, whose complications are played out in the critical writing of the period as well as its creative literature. Incorporating extensive research on classification systems and reception history as well as on literary forms themselves, *Romanticism and the Uses of Genre* demonstrates how new ideas about the role and status of genre influenced not only authors but also publishers, editors, reviewers, and readers. The focus is on poetry, but a wider spectrum of genres is considered, a central theme being the relationship, hierarchical, competitive, combinatory, between genres. Among the topics addressed are generic primitivism and forgery, Enlightenment theory and the cognitive turn, the impact of German transcendental aesthetics, organic and anti organic form, the role of genre in the French Revolution debate, the poetics of the fragment, and the theory and practice of genre mixing. Unprecedented in its scope and detail, this important book establishes a new way of reading Romantic literature, which brings into focus for the first time its tangled relationship with genre.
