LONG the IMPERIAL WAY

By Hanama Tasaki

The first story of the war in Japan from the Japanese side. A story of the Japanese from the first atomic bomb attack to the present day.

Long The Imperial Way

Anna Marie Hager

Long The Imperial Way:

Hawaii Under the Rising Sun John J. Stephan, 2001-10-31 This lively provocative study challenges the widely held belief that the Japanese did not intend to invade the Hawaiian Islands Choice A disquieting book which shatters several historical illusions that have almost come to be accepted as facts It will remind historians how complex and ambiguous history really is American Historical Review Long the Imperial Way Hanama Tasaki, 2024-06-12 **Inside the Bataan Death March** Kevin C. Murphy, 2014-10-27 For two weeks during the spring of 1942 the Bataan Death March one of the most widely condemned atrocities of World War II unfolded The prevailing interpretation of this event is simple American prisoners of war suffered cruel treatment at the hands of their Japanese captors while Filipinos sympathetic to the Americans looked on Most survivors of the march wrote about their experiences decades after the war and a number of factors distorted their accounts The crucial aspect of memory is central to this study how it is constructed by whom and for what purpose This book questions the prevailing interpretation reconsiders the actions of all three groups in their cultural contexts and suggests a far greater complexity Among the conclusions is that violence on the march was largely the result of a clash of cultures undisciplined individualistic Americans encountered Japanese who valued order and form while Filipinos were active even ambitious participants in the drama **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1951 Includes Part 1A Books and Part 1B Pamphlets Serials and Contributions to Periodicals *American Prisoners Of Japan: Did Rank Have Its Privilege?* Major Michael A. (Buffone) Zarate, 2014-08-15 This thesis examines the story of American POWs held by the Japanese in WWII to see if there were significant differences in treatment based on rank It examines how the Japanese treated the prisoners according to international law and also distinctions made by the officers themselves simply because of higher rank The thesis begins by discussing the historical framework for POW rank distinctions by looking at past wars and the development of rank distinctions in international rules It then covers the American WWII POW experience in the Far East from Bataan and Corregidor to the war s end Special emphasis is placed on distinctions made in food housing pay medical care camp administration work requirements escape opportunities transportation leadership problems and overall death rates The study concludes that there were significant differences in treatment based on rank These differences caused extremely high enlisted death rates during the first year of captivity The officers fared worse as a group however because the Japanese held them in the Philippines until late 1944 because international rules prevented the Japanese from using officers in Japan s labor camps During shipment to Japan many officers died when the unmarked transport ships were sunk by advancing American forces **The Massacre in History** Mark Levene, Penny Roberts, 1999 The role of massacre in history has been given little focused attention either by historians or academics in related fields This is surprising as its prevalence and persistence surely demands that it should be a subject of serious and systematic exploration What exactly is a massacre When and why does it happen Is there a cultural as well as political

framework within which it occurs How do human societies respond to it What are its social and economic repercussions Are massacres catalysts for change or are they part of the continuity of the human saga These are just some of the questions the authors address in this important volume Chronologically and geographically broad in scope The Massacre in History provides in depth analysis of particular massacres and themes associated with them from the 11th century to the present Specific attention is paid to 15th century Christian Jewish relations in Spain the St Bartholomew's Day massacre England and Ireland in the civil war era the 19th century Caucasus the rape of Nanking in 1937 and the Second World War origins of the Serb Croat conflict The book explores the subject of massacre from a variety of perspectives its relationship to politics culture religion and society its connection to ethnic cleansing and genocide and its role in gender terms and in relation to the extermination of animals The historians provide evidence to suggest that the massacre is often central to the course of human development and societal change

Kamikaze Yasuo Kuwahara, Gordon T. Allred, 2007 Kamikaze squadrons recruited teenage boys and converted them into human bombs These boys became suicide pilots whose sole purpose was to die for the Emperor During World War II the Kamikaze caused the greatest losses in the history of the United States Navy

Xanadu John Man, 2010-10-31 A SOURCE FOR MARCO POLO A NETFLIX ORIGINAL SERIES Marco Polo's journey from Venice through Europe and most of Asia to the court of Kublai Khan in China is one of the most audacious in history His account of his experiences known simply as The Travels uncovered an entirely new world of emperors and concubines great buildings stately pleasure domes in Coleridge's dreaming huge armies and imperial riches His book shaped the West's understanding of China for hundreds of years John Man travelled in Marco's footsteps to Xanadu in search of the truth behind Marco's stories to separate legend from fact Drawing on his own journey archaeology and archival study John Man paints a vivid picture of the man behind the myth and the true story of the great court of Kublai Khan

Tracking Bodhidharma Andy Ferguson, 2013-06-11 The life of Bodhidharma the founder of Zen Buddhism has with the passing of time been magnified to the scale of myth turning history into the stuff of legend Known as the First Patriarch Bodhidharma brought Zen from South India into China in 500 CE changing the country forever In Tracking Bodhidharma Andrew Ferguson recreates the path of Bodhidharma traveling through China to the places where the First Patriarch lived and taught This sacred trail takes Ferguson deep into ancient China and allows him to explore the origins of Chan Zen Buddhism the cultural aftermath that Bodhidharma left in his wake and the stories of a man who shaped a civilization Tracking Bodhidharma offers a previously unheard perspective on the life of Zen's most important religious leader while simultaneously showing how that history is relevant to the rapidly developing super power that is present day China By placing Zen Buddhism within the country's political landscape Ferguson presents the religion as a counterpoint to other Buddhist sects a catalyst for some of the most revolutionary moments in China's history and as the ancient spiritual core of a country that is every day becoming more an emblem of the modern era

Chang'an Avenue and the Modernization of Chinese Architecture Shuishan

Yu,2013-05-15 In this interdisciplinary narrative the never ending completion of China's most important street offers a broad view of the relationship between art and ideology in modern China Chang'an Avenue named after China's ancient capital whose name means Eternal Peace is supremely symbolic Running east west through the centuries old heart of Beijing it intersects the powerful north south axis that links the traditional centers of political and spiritual legitimacy the imperial Forbidden City and the Temple of Heaven Among its best known features are Tiananmen Square and the Great Hall of the People as well as numerous other monuments and prominent political cultural financial and travel related institutions Drawing on Chang'an Avenue's historic ties and modern transformations this study explores the deep structure of the Chinese modernization project providing both a big picture of Beijing's urban texture alteration and details in the design process of individual buildings Political winds shift architectural styles change and technological innovations influence waves of demolition and reconstruction in this analysis of Chang'an Avenue's metamorphosis During collective design processes architects urban planners and politicians argue about form function and theory and about Chinese vs Western and traditional vs modern style Every decision is fraught with political significance from the 1950s debate over whether Tiananmen Square should be open or partially closed to the 1970s discussion of the proper location scale and design of the Mao Memorial Mausoleum to the more recent controversy over whether the egg shaped National Theater designed by the French architect Paul Andreu is an affront to Chinese national pride Art History Publication Initiative For more information visit <http://arthistorypi.org/books/chang-an>

Tears in the Darkness Michael Norman,Elizabeth M. Norman,2009-06-09 This major new work about World War II exposes the myths of military heroism as shallow and inadequate *Tears in the Darkness* makes clear with great literary and human power that war causes suffering for people on all sides *The Pacific Historical Review* Anna Marie Hager,1976

Unthinking Collaboration A. Carly Buxton,2022-03-31 Unthinking Collaboration uncovers the little known history of Japanese Americans who weathered the years of World War II on Japanese soil Severed from the country of their birth when the attack on Pearl Harbor abruptly halted all passenger traffic on the Pacific these Nisei faced the years of total war as members of the Japanese populace yet as the target of anti American propaganda and suspicion Whereas their white American counterparts were sequestered by Japanese authorities placed on house arrest or sent home on exchange ships during the war American Nisei in Japan were left to contribute to the war effort alongside their Japanese neighbors as soldiers cryptographers interpreters and in farming and manufacturing When the dust of air raid bombings cleared many such Nisei transitioned into roles in service of the Allied occupation and its goals of democratization and demilitarization As censors translators interpreters and administrative staff they played integral roles in facilitating American Japanese interaction as well as in shaping policies and public opinion in the postwar era Weaving archival data with oral histories personal narratives material culture and fiction Unthinking Collaboration emphasizes the heterogeneity of Japanese immigrant experiences and sheds light on broader issues of identity race and performance of individuals growing up in a

bicultural or multicultural context By distancing collaboration from its default elision with moral judgment and by incorporating contemporary findings from psychology and behavioral science about the power of the subconscious mind to influence human behavior author A Carly Buxton offers an alternative approach to history one that posits historical subjects as deeply embedded in the realities of their physical and discursive environment Walking beside Nisei as they navigate their everyday lives in transwar Japan readers unthink long held assumptions about the actions and decisions of individuals as represented in history The result is an ambitious historical study that speaks to readers who are interested in broader questions of race and trust empire building World War II and its legacy on both the Western and Pacific fronts and to all who consider questions of loyalty treason assimilation and collaboration

Confucianism at War Shaun O'Dwyer, 2024-12-16 This is the first book length study of wartime Confucianism in any language providing new insights into key developments in Confucian thought and ideology in East Asia in the 1930s and 1940s In standard scholarship on the ideologies driving nation building and imperialism during the era of Japanese expansionism that began in 1931 Confucianism is rarely referenced and relegated to the background This volume brings together the work of scholars who argue for a revision of this standard view It includes studies of Japanese Chinese colonial Manchurian and Korean intellectuals and reformers who contributed to expansionist collaborationist or nationalist ideology building during the war Contrary to the assumption that Confucianism was an anachronism rendered irrelevant by the Westernizing political reforms and revolutions of the early twentieth century the chapters in this book show that Confucianism remained a potent and also contested cultural resource for promoting national cohesion war mobilization and expansionism in East Asia between the Japanese invasion of Manchuria in 1931 and the end of World War II in 1945 This book will appeal to scholars and students of Asian studies nationalism studies postcolonial studies religious studies and philosophy In particular it is essential reading for those interested in nationalism and modern Confucian thought in East Asia

[The Aura of Confucius](#) Julia K. Murray, 2021-11-25 The Aura of Confucius is a ground breaking study that reconstructs the remarkable history of Kongzhai a shrine founded on the belief that Confucius descendants buried the sage's robe and cap a millennium after his death and far from his home in Qufu Shandong Improbably located on the outskirts of modern Shanghai Kongzhai featured architecture visual images and physical artifacts that created a Little Queli a surrogate for the temple cemetery and Kong descendants mansion in Qufu Centered on the Tomb of the Robe and Cap with a Sage Hall noteworthy for displaying sculptural icons and not just inscribed tablets Kongzhai attracted scholarly pilgrims who came to experience Confucius's beneficent aura Although Kongzhai gained recognition from the Kangxi emperor its fortunes declined with modernization and it was finally destroyed during the Cultural Revolution Unlike other sites Kongzhai has not been rebuilt and its history is officially forgotten despite the Confucian revival in contemporary China

Bad Water Robert Stolz, 2014-03-12 Bad Water is a sophisticated theoretical analysis of Japanese thinkers and activists efforts to reintegrate the natural environment into Japan's social and political thought in the late

nineteenth century and early twentieth The need to incorporate nature into politics was revealed by a series of large scale industrial disasters in the 1890s The Ashio Copper Mine unleashed massive amounts of copper arsenic mercury and other pollutants into surrounding watersheds Robert Stolz argues that by forcefully demonstrating the mutual penetration of humans and nature industrial pollution biologically and politically compromised the autonomous liberal subject underlying the political philosophy of the modernizing Meiji state In the following decades socialism anarchism fascism and Confucian benevolence and moral economy were marshaled in the search for new theories of a modern political subject and a social organization adequate to the environmental crisis With detailed considerations of several key environmental activists including Tanaka Sh z *Bad Water* is a nuanced account of Japan s environmental turn a historical moment when for the first time Japanese thinkers and activists experienced nature as alienated from themselves and were forced to rebuild the connections

Creating Japan's Ground Self-Defense Force, 1945-2015 David Hunter-Chester, 2016-11-30 *Creating Japan's Ground Self Defense Force 1945 2015* is a timely contribution to postwar Japan security studies It is the first comprehensive account of Japan s post 1945 army including a comprehensive institutional history together with the evolution of roles and missions and the adoption of successive professional identities The organizational history is embedded within a thorough examination of Japan s own defense policy as well as of America s policy of alliance with Japan The book examines and challenges assumptions about the drafting and adoption of the War Renunciation clause of Japan s postwar Peace Constitution Article 9 which uniquely not only renounces war but the arms to wage war Thus Japan s army is not called an army but the Ground Self Defense Force GSDF The work also examines the place of an army and soldiers in the formation of Japan s national identity after its last devastating war and explores the impact of constitutional legal and policy restrictions as well as the power of the legacy of the still largely vilified Imperial Japanese Army on GSDF members who seek to serve because there are people we want to protect The study is rounded by an examination of the place of soldiers in Japan s popular culture focused on movies manga and anime assessing the impact on the GSDF of a public imagination that most often ignores or villainizes soldiers though ending with a note that some positive images of soldiers and of the GSDF members themselves have started to appear in the last few years The book s author a retired U S Army soldier who spent more than twenty years working studying and training with the GSDF offers a broad ranging exploration of a unique organization This work is extensively researched using English and Japanese sources and will appeal to anyone interested in Japanese security studies alliance studies and military imagery in Japanese pop culture as well as to students of military history international security international relations and cultural identity

Modern Japan Elise K. Tipton, 2008-03-19 This thoroughly updated second edition of *Modern Japan* provides a concise and fascinating introduction to the social cultural and political history of modern Japan Ranging from the Tokugawa period to the present day the book charts the country s evolution into a modernized economic and political world power Dealing with a broad and stimulating range of topics in an

engaging style that will appeal to university students and the general reader this book weaves social and political developments and balances a micro with a macro approach introducing details about everyday lives that shed light on the bigger picture of major historical changes Its systematic attention to gender issues minorities and popular culture distinguishes this history and contributes to a sense of the complexity and diversity of modern Japanese society Completely up to date and including many new images and a timeline that charts important events this highly accessible and comprehensive textbook is an essential resource for students scholars and teachers of Japanese history politics culture and society

Military Effectiveness: Volume 2, The Interwar Period Allan R. Millett, Williamson Murray, 2010-08-09 This three volume study examines the questions raised by the performance of the military institutions of France Germany Russia the United States Great Britain Japan and Italy in the period from 1914 to 1945 Leading military historians deal with the different national approaches to war and military power at the tactical operational strategic and political levels They form the basis for a fundamental re examination of how military organizations have performed in the first half of the twentieth century Volume 2 covers the interwar period Volumes 1 and 3 address World War I and World War II respectively Now in a new edition with a new introduction by the editors these classic volumes will remain invaluable for military historians and social scientists in their examination of national security and military issues They will also be essential reading for future military leaders at Staff and War Colleges

Avoiding Armageddon Jeremy Black, 2012-07-05 Here is an original and up to date account of a key period of military history one that not only links the two World Wars but also anticipates the more complex nature of conflict following the Cold War Black links the two World Wars between the overcoming of trench warfare in the campaigns of 1918 and the fall of France in 1940 This was a period when militaries governments and publics digested the lessons of the Great War and prepared for another major struggle Black also locates the period in terms of long term questions in military history including the relationship between symmetrical and asymmetrical warfare the tensions surrounding innovation the pressures and possibilities created by technological change and the impact of ideology on the causes and conduct of war Black s book devotes particular attention to the Far East as part of his worldwide coverage He also assesses the role of the military in internal politics and establishes the importance of civil wars

Thank you unconditionally much for downloading **Long The Imperial Way**. Most likely you have knowledge that, people have look numerous times for their favorite books in the same way as this Long The Imperial Way, but stop up in harmful downloads.

Rather than enjoying a good PDF taking into consideration a cup of coffee in the afternoon, instead they juggled bearing in mind some harmful virus inside their computer. **Long The Imperial Way** is clear in our digital library an online admission to it is set as public so you can download it instantly. Our digital library saves in complex countries, allowing you to get the most less latency time to download any of our books with this one. Merely said, the Long The Imperial Way is universally compatible taking into account any devices to read.
