The Cambridge Companion to the Literature of the American Renaissance Christopher N. Phillips, 2018-03-07 The American Renaissance has been a foundational concept in American literary history for nearly a century The phrase connotes a period as well as an event an iconic turning point in the growth of a national literature and a canon of texts that would shape American fiction poetry and oratory for generations F O Matthiessen coined the term in 1941 to describe the years 1850 1855 which saw the publications of major writings by Hawthorne Melville Emerson Thoreau and Whitman This Companion takes up the concept of the American Renaissance and explores its origins meaning and longevity Essays by distinguished scholars move chronologically from the formative reading of American Renaissance authors to the careers of major figures ignored by Matthiessen including Stowe Douglass Harper and Longfellow The volume uses the best of current literary studies from digital humanities to psychoanalytic theory to illuminate an era that reaches far beyond the Civil War and continues to shape our understanding of American literature

*Poetry* Henry Wadsworth Longfellow, 1959      *American Literature Before 1880* Robert Lawson-Peebles, 2003-11-13

*American Literature Before 1880* attempts to place its subject in the broadest possible international perspective. It begins with Homer looking westward and ends with Henry James crossing the Atlantic eastwards. In between the book examines the projection of images of the East onto an as yet unrecognised West, the cultural consequences of Viking, Colombian and then English migration to America, the growth and independence of the British American colonies, the key writers of the new Republic and the development of the culture of the United States before and after the Civil War. It is intended both as an introduction for undergraduates to the richness and variety of American Literature and as a contribution to the debate about its distinctive nature. The book therefore begins with a lengthy survey of earlier histories of American Literature.      Howard Nemerov Peter Meinke, 1968-10-01 Howard Nemerov *American Writers* 70 was first published in 1968. Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions.      ***American Poetry to 1914*** Harold Bloom, 1987 A collection of critical essays on American poetry from its earliest examples to the beginning of the First World War.      *English Journal*, 1969

Longfellow's Imaginative Engagement Jeffrey Hotz, 2022-03-07 Longfellow's Imaginative Engagement is a first of its kind study of Henry Wadsworth Longfellow's late career poems and biography from 1861 until 1882, covering the poet's posthumous publications and the handling of his literary estate. Using never before discussed archival materials from Harvard's Houghton Library and the Longfellow House, Washington's Headquarters National Historic Site, including unpublished poems and poem fragments, this literary biography presents Longfellow's vibrant and complex final two decades. After the tragic death of his beloved second wife Frances Fanny Elizabeth Appleton, Longfellow reinvented himself as a creative artist, transforming his loss and the nation's suffering in the Civil War and postwar period into compelling art. In this book, Jeffrey Hotz interprets the distinct phases of Longfellow's late career, exploring his narrative poetry, translations, personal lyrics, religious poetry, aesthetic verse, and end-of-life vision of mortality as a journey. He considers Longfellow's friendships and family life, publication strategies, and literary reputation, and the recurrent theme of longing for an ideal female figure in his poems and private life. Interweaving unpublished poems and poem fragments with interpretations of published collections, Longfellow's Imaginative Engagement examines the poet's complex voice, which captured the public's imagination, making him America's most famous poet in the nineteenth century.      *University of Minnesota Pamphlets on American Writers*, 1968      *Normal Instructor and Teachers World*, 1906      Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1960 Includes Part 1 Number 2 Books and Pamphlets Including Serials and Contributions to Periodicals July-December.      ***A Catalog of Paperbacks for Grades 7 to 12*** Lucile Boylan, Robert Sattler, 1963      *The Virginia Quarterly Review*, 1963      *Whitman's & Dickinson's Contemporaries* Robert A. Bain, 1996

Emily Dickinson and Walt Whitman were not the poetic stars of their day; only a few friends knew that Dickinson wrote and

Whitman's following was minuscule if influential. But the contemporaries who eclipsed these major poets now have largely disappeared from our literary landscape. In this distinctive anthology Robert Bain gathers together thirteen other scholars to re-present the poetry of these former luminaries, allowing readers to rediscover them, reconstruct the poetic contexts of their age, and better understand why Whitman and Dickinson now overshadow other poets of their time. Arranged chronologically according to the birth dates of the poets, this anthology introduces each poet's work, providing biographical information and discussing the major forms and themes of the work. Each introduction places the poet in a literary and historical context with Whitman and Dickinson and provides a bibliography of secondary sources. This remarkable book recovers a part of our literary heritage that has been lost.
